OUR LATEST IMPROVED

New Scale Piano-Forte.

NOTICE.—After the most flattering testimonials from the first Pianists in the country, who, at our solicitation, have tested them in the severest manner POSSIBLE, have been pro-

The Finest Square Piano-Forte Made in the World.

It has always been our policy during the Thirty-six Years that we have manufactured Pianos, twelve thousand of which are now in use in the United States and Europe, to give the finest instrument at the lowest cost. Our superior facilities enable us to offer them from one to three hundred dollars less than any other first-class House.

The tone of these instruments are remarkable for their peculiar sweetness and great brilliancy.

Never losing their quality when forced to their utmost capacity. The lower register retaining its positiveness does not destroy the middle and upper registers by mingling with them in disagreeable confusion. The refined beauty of tone being equally delightful to the unpracticed and to the most cultivated ear.

They are an entirely new style of Piano, finished in the most superb manner, with four full round corners front and back, heavily carved Legs and Lyre, Serpentine Base richly moulded, and each instrument is fully WARRANTED for five years.

A. WHITING, Esq., Dear Sir:—I have used your Eureka Powders in my Saw Manufactory, and I find it very good for polishing on a wheel, but as a Polisher I find it makes a lustre 50 per cent. better than Emory, or anything I have ever used, and with much less labor, which preserves all articles from tarnishing, and from my experience I find that it keeps them so, and that they do not require oiling.
