## CITY ITEMS.

### 50 HANDS WANTED.

To cut wood. I will give regular employment to the above number of good working men, for the next six months. W. P. CANADAY.

Dr. Roberts has been re-elected President of the Carolina Central Railway Company and all the other officers re-elected. The Directors have done well in retaining these able officers in their service.

There will be a public mass meeting at the City Hall on Thursday, 20th inst. The speaker will be Messrs. Heaton, Manning, Malone, Bruce, Smyth, Brewington, Holmes, Green and Goff. All are invited to attend.

"Spelling Bee," a new humorous song and chorus, by Sep. Winner. A funny subject very judiciously worked up—words and music admirably adapted; it has the ring of popularity about it, and will prove an effective song for the "Spelling Bee," to be sung at the Opera House to-night by Mr. James H. Brown. Persons wishing this song, can get it for 30 cts., by addressing Lee & Walker, music publishers, Philadelphia.

General Allan Rutherford, Third Auditor of the Treasury has been in the city several days. The General is looking in splendid health and we hope he may continue so. He has the reputation of being the hardest worked man in Washington, and he certainly has been a true friend of North Carolina, and equal if not superior to many of the representatives from this State in Congress. He returns to his post of duty today, we wish him success through life.

We were pleased to meet the Secretary of State, Dr. W. L. Howerton, in our city on Wednesday, looking in fine health. The Dr. was down on the excursion yesterday and we are pleased to learn from him that he enjoyed himself very much. He certainly is deserving of recreation. Any man who has acted as Secretary of State during the session of such a Legislature as has just left Raleigh and retain his mind is entitled to a second term of office, and we hereby tender him THE POST to fight, if needs be, for that object. Long may he live.

HON. JOHN POOL.—This distinguished North Carolinian has written an article, as we stated some days ago, for the Republic Magazine on the Convention which we publish to-day, and invite the attention of every lover of liberty and the union to give it an earnest perusal. Ex-Senator Pool is deserving the confidence of every true citizen of the Old North State, he has served them many years faithfully and sincerely, and he will yet meet his reward. We will notice the article further in our next.

The Press Excursion on Wednesday was one of the most enjoyable affairs we have ever participated in. The Baltimore & Wilmington Steamship Company having, through their agent at this place Captain A. D. Cazaux, placed at the service of the excursionists their fine ship "RALEIGH," at 9 o'clock a. m. the Press Gang and other invited guests, in all about two hundred in number, accompanied by the Cornet Concert Club Band, steamed off in fine style, and in due time landed at Smithville where an hour was spent very pleasantly, then on and out over the bar a few miles, and return, arriving back at the wharf about 5 o'clock p. m.

Every one on board seemed to be having a good time generally, and our country friends seemed more than delighted with their trip on our beautiful river and a brief visit to the blue waters of old ocean.

Third Annual Meeting of the North Carolina Press Association. The North Carolina Press Association convened on Tuesday morning in its annual session, in the United States District Court Room, Maj. J. A. Engelhard of the Wilmington Journal, President, in the chair.

Wilmington Daily Star, W. H. Bernard and C. W. Harris. Jno. Duckett, of the Pee Dee Courier, and L. W. Springs of the Mt. Airy Watchman, made application and were made members.

Twenty seven members answering to their names the Association was declared ready for business.

Col. Jones, of the Charlotte Observer moved that a committee of five be appointed to prepare business for the meeting. Carried.

The chair appointed the following gentlemen to compose that committee: Messrs. Jones, of Charlotte Observer, Manix, New Bern Times, Malone, Asheville Expositor, Williams, Tarboro, Equiner, Stuart, Salisbury Watchman.

The Secretary and Treasurer then made his annual report.

Mr. Britt, of the Leader, moved that the report of the Secretary and Treasurer be referred to the Executive Committee. Carried.

The President read a communication from the Mayor of the city of Wilmington welcoming the Press Association to the city, and enclosing a series of resolutions of the Board of Aldermen tendering the Association the use of the City Hall and the hospitalities of the corporation.

Mr. Pool moved that the Association tender their thanks for the same. Carried.

The President stated that he had received information from Jas. Barron Hope, of the Norfolk Landmark, that he could not be here until Thursday.

Mr. McDairmid, of the Robesonian, moved that a committee of three be appointed to make arrangements for Mr. Hope's address, as to time and place.

The following compose the committee: Messrs. Harris, of the Star, Cassidy, of the Post, and James, of the Journal. Mr. Merrill moved that ex-Governor Vance be requested to take a seat on the floor of the Association. Carried.

Col. Jones of the Charlotte Observer made the following REPORT:

1. Your committee respectfully suggest that a resolution of censure be passed by this body in regard to the ignoring of the press of the State of North Carolina by the Legislature, on the question of legal advertising.

2. That a further resolution of censure of the same body be passed, in view of the fact that that body paid the New York Journal of Commerce and the London Times hundreds of dollars for advertising, utterly ignoring the press of the State of North Carolina, which we think would be far more to the advantage of the people to have been advertised in the State papers.

3. That the Chairman of this Association appoint a Committee to again urge upon the Legislature the propriety and importance of passing a bill requiring the publication of all legal advertisements in the papers in this State.

4. Resolved, That the Executive Committee be required to meet not less than twice a year at the call of their Chairman, to adjudicate differences, if any exist between editors who are members of this body, and consult generally upon the interests of the Association.

5. Resolved, That we would again recommend to the Association the importance of adhering to publication rates for advertising.

6. Resolved, That this Association deprecates the policy of personal quarrels between members of this Association.

The Association adjourned to meet again at 3 o'clock. AFTERNOON SESSION. The Association having at that hour reassembled, the resolution under consideration at the hour of adjournment being read, was considered and tabled. The sixth resolution was read and adopted. Mr. Pool moved that the resolution adopted by the Association at Goldsboro two years ago, relative to advertising rates, be expunged. This motion was temporarily withdrawn, when Col. Jones moved that the Wilmington papers be requested to publish the proceedings of this Association as fully as practicable, so that the

action of the Association censuring the Legislature should be made known throughout the State. Carried.

Mr. Bernard offered the following resolution, which was adopted: Resolved, That no mandatory rule or regulation shall be considered or adopted by this Association which shall interfere with any of the rights of its members to conduct their business in the way they may deem best; and that any action heretofore taken in conflict with this resolution be thereby rescinded.

The selection of a place for holding of the next, Fourth, Annual meeting, was next taken up. Newbern receiving 15 of the 26 votes cast, was declared to be the choice of the Association. The selection was then, upon motion, made unanimous.

The President called upon the Secretary to read certain communications. The Secretary then read a communication from F. W. Kerchner, Chas. D. Myers and S. W. Vick, Committee on the part of the citizens of Wilmington, tendering the Association an excursion on the steamer Raleigh, down the river to the forts, on Wednesday.

Invitation from Chas. D. Myers, W. H. Green, A. T. Landon, Graham Daves and others, Committee to attend a complimentary ball tendered the Association on Thursday evening in the Opera House, also received.

Also a communication from N. Jacobi, M. Dear and A. Weil, Committee of Good Brothers Society, tendering tickets to the Association to hear the lecture of ex-Governor Vance, in the Opera House, at 8 o'clock, Tuesday evening.

The Association then adjourned to meet on Thursday morning, 9 o'clock.

Small Companies Better Than Large Ones. It is a very great error to suppose that large Companies are better than small ones. The solvent of an Insurance Company does not depend upon the amount of its assets, but upon the ratio of its assets to liabilities, and its exposure to heavy losses, by sweeping fires. It is not only true that the liabilities of the large companies are in proportion to their assets, but also that business in the large cities and carrying heavy lines they are in constant danger of being ruined by sweeping fires. A fire in the city of New York like the one in Chicago, would be likely to break three fourths the companies doing business in the city. One Chicago company survived the fire there and it was a small one doing a country business.

"Small lines, well scattered" is our motto. Office New Hanover Bank Building, 132-134
