WILMINGTON, NORTH CAROLINA, FRIDAY, NOVEMBER 19, 1875.

Single Copies 10 Cents.

NUMBER 61

CITY ITEMS.

GOVERNOR BROGREN.—This distinguished gentleman arrived in our city on Monday night to attend the annual meeting of the stockholders of the Wilmington and Weldon Railroad Company.

While here in Excellency received many attentions at the hands of our citizens who called on him at the Purcell House at which he was stopping, and on Wednesday afternoon in the Mayor's office at the City Hall; and on Wednesday evening he was tendered the compliment of a fine serenade by the "Rose Bud Band," while he was at the residence of Mayor Canaday.

The Governor is looking remarkably well and expressed himself as having enjoyed his visit to our city very much. There is no man in North Carolina who is more deservedly popular with all classes of our citizens than he is, for he has certainly endeared himself to the whole State and particularly to us of the Cape Fear region in a way that can never be forgotten, and when there is to be a "new deal" for honors, be they either State or National, New Hanover county and the rest of North Carolina will see to it that Curtis H. Brogren shall have a full hand.

The Governor returned to Raleigh yesterday morning.

THE DETROIT FREE PRESS has acquired great celebrity for its fund of quaint humor, sparkling wit, stories, sketches, choice general literature, chess and puzzle columns, news, etc. We have arranged to club THE WILMINGTON POST WITH THE DETROIT FREE PRESS at greatly reduced rates, and will take subscriptions for the two papers for \$3 per year for clubs of 10 of each paper. Send in your subscriptions.

FEAR IT DOWN.—Why don't the county authorities cause to be removed the unsightly high board screen that surrounds the Court House lot on Princess and Third streets? It is a disgrace to the county to allow the nuisance to remain there any longer, and it should be removed at once. If the county has no use for this vacant lot other than an exhibition place for circus posters and show bills, they had better let it out to some one who will use it for useful purposes.

WILMINGTON & WELDON R. R.

Fortieth Annual Meeting of the Stockholders.

The stockholders of the Wilmington & Weldon Railroad Company assembled in their fortieth annual meeting yesterday at the office of the President.

Governor Brogren was called to the chair, and Mr. J. W. Thompson appointed Secretary.

Upon motion Messrs. J. W. Thompson and J. A. Engelhard were appointed a committee on proxies, who reported that there were 2,867 shares represented in person, and 5,742 by proxy. The Chairman announced a majority of the stock present, and the meeting ready for business.

President Bridgers made a verbal report in regard to the condition and business of the road, which showed a most flattering condition. He stated that the printed reports would be in the hands of the stockholders next week. The formal reading was dispensed with.

The meeting then proceeded to the election of President for the ensuing year. Hon. R. B. Bridgers was unanimously re-elected President.

The following gentlemen were then elected Directors:

W. A. Wright, A. J. DeRosset, Geo. Harris, C. H. Brogren, W. H. Willard, George Howard, S. M. Shoemaker, J. D. Cameron, W. T. Walters, and B. F. Newcomer.

The next annual meeting of the stockholders was fixed to be held on Tuesday after the third Monday in November next.

The thanks of the meeting were returned to his Excellency, Governor Brogren, not only for the dignity with which he had presided over the deliberations of the meeting, but for the interest his presence manifested in the affairs of the company.

Governor Brogren acknowledged the compliment in a few well chosen remarks. After which the meeting adjourned sine die.

Company, in this city, in the sixth annual session.

Col. H. B. Short, of Columbus county, was called to the Chair, and Mr. J. W. Thompson was elected Secretary.

It was ascertained that 2,867 shares were represented in person, being almost the entire number.

The annual reports of Col. J. B. Palmer, President, and Hon. R. B. Bridgers, General Manager and Vice-President, were read and received, and ordered to be published with the proceedings, together with the report of the Superintendent and Treasurer.

The election for President being in order, Col. J. B. Palmer declined a reelection, and nominated Hon. R. B. Bridgers, paying that gentleman a very high compliment. Mr. Bridgers received the unanimous vote of the meeting and was declared duly elected President.

The following gentlemen were then elected Directors:

J. B. Palmer, W. T. Walters, B. F. Newcomer, Gey S. Brown, W. H. Graham, S. M. Shoemaker, J. D. Cameron, H. B. Short and L. D. Childs.

The next annual meeting was fixed for Tuesday after the third Monday in November, 1876.

The thanks of the Stockholders were returned to the Chairman, and the meeting adjourned sine die.

Upon the adjournment of the Stockholders' meeting, the Directors met and elected Col. J. B. Palmer and W. T. Walters, Vice Presidents, and J. W. Thompson, Secretary and Treasurer.

OUR PUBLIC SCHOOLS.

Yesterday by the polite invitation of A. H. Morris, Esq., Chairman of the School Committee of Wilmington township and member of the Board of County Commissioners, who are ex-officio, the Board of Education of the county, we visited the two public schools for white children in this city. The visitors who were escorted by Mr. Morris, were Hon. W. P. Canaday, Mayor of Wilmington, Gen. S. H. Manning, Sheriff of New Hanover county, S. Van-Amringe, Esq., County Commissioner and ex-officio member of the Board of Education, A. R. Black, Esq., Tax Collector of the county, Mr. L. Megginny, a gentleman who has for thirty years past been interested in the cause of education in this city, and who recognizes in about every other man he meets an old pupil or the son of an old pupil, and who is loved and respected by them with almost filial affection, and the representatives of the leading newspapers of the city.

Our first visit was to the "Union" school situated on sixth street, between Nunn and Church streets, under the immediate supervision of Mrs. P. W. Fanning, assisted by Misses Nellie Cook, Sallie Burch and Addie Munroe. Here we found the happy faces of one hundred and thirty-five bright lads and lassies, eighty of whom were between the ages of six and ten years. It was with pleasure that we witnessed the proficiency of the little people in the classes of this school, and particularly were we pleased with the exercises of the whole school as a class in calisthenics—the union and precision of their movements denoting that the utmost care had been taken in their training; they moved and acted like trained veterans.

Our next visit was to the "Hemmenway School" on Fourth street between Red Cross and Campbell streets, over which we found Mrs. Flora A. Wise presiding, assisted by Misses Mary Duguid, Mattie Haakett and Maggie Pearsall. The pupils in this school are older and more advanced than in the "Union," but it would be impossible for them to show more proficiency in the acquirement of knowledge than their schoolmates in the other school.

The recitations from memory of lengthy selections from the Bible were particularly to be noticed, while the exercises of the different classes were very creditable indeed.

We learned that there is not a teacher in either of these schools that is not a native North Carolinian, the majority of them being Wilmingtonians, and it is to the Chief Directors of these institutions, Miss M. E. Ellison, that the people of this city and State are indebted for the splendid exhibition of tact and judgment in the selection of the assistants who so nobly second her in her designs in the most thorough organization of these schools, and in bringing about a system of order, neatness, regularity and discipline that would be most creditable to institutions of greater pretensions and of long year standing.

The quiet and regularity with which these schools are conducted are only equalled by their effectiveness.

The success of these schools is owing to a large extent to the happy exertions of the Chairman of the School Committee, Mr. A. H. Morris—his keenly alive to the importance of the duties that devolve upon him in his official position, and in at all times ready to assist

the Principal in carrying out the objects to which she devotes her entire and valuable attention.

We regret that we saw no organized system adopted for instructing the pupils of these schools in what we consider a most important branch of education—vocal music. This is a branch that is taught in all the public schools in the country, and is considered by the most thorough instructors to be absolutely indispensable, and we hope that this suggestion that we respectfully offer, may be promptly acted on, and that the School Committee will at once make arrangements to have vocal music taught scientifically in all our public schools.

COUNTY COMMISSIONERS.—The Board of County Commissioners met in special session Monday evening at 4 o'clock at the court room, present J. G. Wagner, Chairman and Commissioners, A. H. Morris, and Stacy Van-Amringe.

The Chairman explained the object of the meeting to consider the following communication from Gov. Brogren, calling a special term of the Superior Court of New Hanover County, to convene in this city on the 1st Monday in December.

The order of Gov. Brogren is as follows:

STATE OF NORTH CAROLINA.
EXECUTIVE DEPARTMENT.
RALEIGH, Nov. 14th, 1875.

To the Chairman of the Board of County Commissioners of New Hanover County:

SIR:—In accordance with Section 11th Title 1, Code of Civil Procedure, being chapter 17, Battle's Revision, and upon the recommendation of the Board of County Commissioners, You are hereby notified that a special Term of the Superior Court for the trial of civil cases will be held for the County of New Hanover on Monday, the 6th day of December, 1875, and continue until the business is disposed of.

Very Respectfully,
C. H. BROGREN,
Governor.

The following venire was drawn for the Special Term, viz: John E. Garrell, John Mander, W. I. Gore, R. S. Radcliffe, H. Goodwill, S. A. Craig, J. E. Lippitt, H. Grogden, A. Morgan, Mingo C. Hill, Wm. K. Porter, T. H. Henderson, S. W. York, G. Harris, J. H. McGarity, F. W. Heger, S. W. Nicholson, E. Meyer, E. McBride, J. C. Lumsden, F. W. Foster, J. P. Hanby, and C. Hamilton.

The following order was passed. Ordered: That the matter of repairs on the heater in the county Jail be referred to the chairman with power to act.

The Board then adjourned.

ROCKY MOUNT, N. C., Nov. 15.
MR. ENGLISH.—In this section the weather for many weeks has been the most favorable for planters to gather in their crops. The cotton crop is a full one, with an increase in the grain crop over past years. The great mistake is, there are no pork raisers. Notwithstanding the low price of cotton, farmers are selling rapidly, and shippers are operating upon a less margin than is usual at this season.

The political outlook is charming to the friends of the government. Since the late elections north the Democracy in this locality have been carrying drooping heads, and long faces. The contest of 1876 is about settled in the minds of the people, north and south. The Republicans feel confident of victory for the next four years by Republicans is a fixed fact in the minds of the great body politic, now. The Democracy feel this, and show unmistakable signs of their defeat in advance. The constitutional amendments will miscarry without doubt. The people are beginning to see and feel that the Democracy have proved faithless in their promise to reduce the public burdens—that instead they have increased them at every step that party has taken since it came into power in this State. The Robeson case will not be forgotten by the people, nor the manner in which the convention was organized. These things reflect shame upon the State, and should be wiped out if possible.

ARRANGEMENTS FOR THE CENTENNIAL.
The act of Congress which provided for "celebrating the one hundredth Anniversary of American Independence by holding an International Exhibition of Arts, Manufactures, and Products of the Soil and Mine," authorized the creation of the United States Centennial Commission, and entrusted to it the management of the Exhibition. This body is composed of two Commissioners from each State and Territory, nominated by the respective Governors, and commissioned by the President of the United States. The enterprise therefore, is distinctly a national one, and not, as has sometimes been stated, the work of a private corporation.

The Exhibition will be opened on May 10th, 1876, and remain open every

day, except Sunday, until November 10th. There will be a fixed price of 50 cents for admission to all the buildings and grounds.

The Centennial grounds are situated on the western bank of the Schuylkill river, and within Fairmount Park, the largest public park in proximity to a great city in the world, and one of the most beautiful in the country. The Park contains 3160 acres, 450 of which have been enclosed for the Exhibition. Besides this tract, there will be large yards near by for the exhibition of stock, and a farm of 42 acres has already been suitably planted for the tests of ploughs, mowers, reapers, and other agricultural machinery.

The Exhibition buildings are approached by eight lines of street cars, which connect with all the other lines in the city, and by the Pennsylvania and Philadelphia and Reading railroads, over the tracks of which trains will also run from the North Pennsylvania and Philadelphia, Wilmington, and Baltimore railroads. Thus the Exhibition is in immediate connection with the entire railroad system of the country, and any one within 90 miles of Philadelphia can visit it at no greater cost than that of carriage hire at the Paris or Vienna Exhibition.

The articles to be exhibited have been classified in seven departments, which, for the most part, will be located in appropriate buildings, whose several areas are as follows:

DEPARTMENT.	BUILDING.	COVERED.
1. Mining and Metallurgy.	Main Building.	21,7
2. Manufactures.	Main Building.	21,7
3. Education and Science.	Art Gallery.	1,5
4. Machinery.	Machinery Building.	11,5
5. Agriculture.	Agricultural Building.	15
6. Horticulture.	Horticultural Building.	15
Total.		58,8

This provides nearly ten more acres for exhibiting space than there were at Vienna, the largest International Exhibition yet held. Yet the applications of exhibitors have been so numerous as to exhaust the space, and many important classes of objects must be provided for in special buildings.

An important special exhibition will be made by the United States government, and is being prepared under the supervision of a Board of officers representing the several Executive Departments of the Government. A building of 41 acres is provided for the purpose, space in which will be occupied by the War, Treasury, Navy, Interior, Post Office, and Agricultural Departments and the Smithsonian Institution.

The Women's Centennial Executive Committee have rented \$30,000 for the erection of a pavilion in which to exhibit every kind of women's work. To this collection, women of all nations are expected to contribute.

The list of special buildings is constantly increasing, and present indications are that their total number will be from 200 to 250. Most of the important foreign nations—England, Germany, Austria, France, Sweden, Egypt, Japan, and others—are putting up one or more structures each, for exhibiting purposes, or for the use of the commissioners' exhibitors and visitors. Offices and headquarters of this kind, usually built of red brick, and of beautiful and important foreign nations—England, Germany, Austria, France, Sweden, Egypt, Japan, and others—are putting up one or more structures each, for exhibiting purposes, or for the use of the commissioners' exhibitors and visitors. Offices and headquarters of this kind, usually built of red brick, and of beautiful

Offices and headquarters of this kind, usually built of red brick, and of beautiful

the great Memorial Hall. Provision for the surplus will be made in temporary fire-proof buildings, though all exhibiting nations will be represented in the central Art Gallery.

The Secretary of the Navy has arranged that a United States war vessel shall call next spring, at convenient European ports, to collect and transport hither to the Exhibition the works of American artists resident in Europe. Among the ports thus far designated, are Southampton for England, Havre for France, Bremen for Germany, and Leghorn for Italy, to which, if desirable, others may be added.

Mr. Bell, the eminent English Sculptor, who designed the groups for the plinth for the great Albert Memorial in Hyde Park, London, is reproducing in terra cotta, at the celebrated works in Lambeth, the one which symbolizes America. The figures in this group are colossal, covering a ground space of 15 feet square. It will probably be placed in the great central gallery, opposite the principal entrance.

The Art Exhibition will include, in addition to the works of contemporary artists, representative productions of the past century of American art—those, for instance, of Stuart, Copley, Trumbull, West, Alston, Sully, Neagle, Eliot, Kensett, Cole. These, as well as the works offered by living artists, will be passed upon by the Committee of Selection, who will visit for the purpose, New York, Boston, Chicago, and other leading cities, in order to prevent the needless transportation to Philadelphia of works of Art not up to the standard of admission.

A large number of orders and fraternalities have signified their intention to hold gatherings at Philadelphia during the period of the Exhibition. Among those which may now be enumerated, are the Grand Lodge of Pennsylvania, Independent Order of Odd Fellows; the Grand Encampment, Independent Order of Odd Fellows; Grand Lodge, United States, Independent Order of Odd Fellows; Grand Commandery Knights Templar; Grand Army of the Republic; Presbyterian Synod; Calcedonian Club; Portland Mechanic Club; Welsh National Eisteddfod; Patriotic Order Sons of America; California Zouaves of San Francisco; an International Regatta; the Life Insurance Companies; National Board of Underwriters; State Agricultural Society; 2nd Infantry, N. G. of California; Philadelphia Conference, Methodist Episcopal Church; Cincinnati Society; California Pioneer Society; American Dental Convention; Catholic Total Abstinence Union of America; Independent Order of the Birth; National Alumni Association; Salesmen's Association; 5th Maryland Regiment; America Pomological Society Master's Association of the United States; army of the Cumberland; Humboldt Monument Association; National Board of Trade Convention; International Typographical Congress; Rifle Association of the United States; Centennial Legion; Philadelphia County Medical Society; International Medical Congress; Old Volunteer Fire Department of Philadelphia.

The Narrow Gauge Railroad—Meeting in Danbury, Stokes County, in Favor of the Road—The Resolutions, &c.

We learn from the Danbury Reporter that a meeting in the interest of the Mount Airy and Wilmington Narrow Gauge Railroad was held in the Court House at that town on the 8th instant. Although the weather was inclement there was a large attendance of substantial citizens, over whose deliberations Col. J. M. Covington was called to preside, with J. G. H. Mitchell, Esq., acting as Secretary.

Hon. D. F. Caldwell of Greensboro, in a two hours' speech exhorted the people to secure the development of their section by the encouragement of educational establishments and railroads. He did not doubt that this road would be built if the people along the line would unite and subscribe, and go to work with zeal and energy.

Col. B. M. Jones followed in a stirring appeal in favor of the road, after which the following preamble and resolutions were adopted:

WHEREAS, We, a portion of the citizens of Stokes county, believing that there are but few counties in this or any other State which possess a finer climate or greater agricultural advantages than this, and still fewer that can equal it in richness and variety of its minerals; and

WHEREAS, We believe that all that is needed to place it among the foremost counties in wealth and population, is cheap and speedy intercourse by railroads with the towns and cities of our own and other States; and

WHEREAS, We believe that the construction of the Mt. Airy railroad through the county would confer great benefits upon our people, by developing our agricultural, mineral and manufacturing resources, therefore

Resolved, That we feel a hearty interest in the speedy construction of the Mt. Airy Narrow Gauge Railroad, and that we are willing to lend it material aid, according to our ability.

Resolved, That whilst desiring any outlet by rail for our county, we greatly prefer one that will place us in direct communication with our own towns of Greensboro, Fayetteville and Wilmington.

Resolved, That by a united and earnest effort on the part of the farmers along the line and the citizens of the town, the trade of a large portion of the State may be concentrated upon our chief city, Wilmington, and thus promote the interest of the whole State.

Resolved, That ——— be appointed a committee to explain the advantages of the road to our citizens, the prospect of securing its construction, to solicit sub-

scriptions to the capital stock of the company, and report the result of their labors to the meeting to be held in Greensboro on the 9th instant.

Resolved, That the thanks of this meeting are hereby tendered to the gentlemen who have addressed it, and we request that they will continue their efforts until success shall crown their labors.

Resolved, That the proceedings of this meeting be published in the Danbury Reporter, with the request that they be copied by the papers published in Mt. Airy, Greensboro, Fayetteville and Wilmington.

Messrs. N. M. Pepper, W. W. King, J. G. H. Mitchell, Dr. John Pepper, J. M. Covington and S. B. Taylor were appointed a committee to solicit subscriptions, after which the meeting adjourned.

Zeb Crammet says the time has passed when woman must be pale and delicate to be interesting.

Notice the Day—The "Great Texas Bonanza."—Drawing Positive Nov. 30th.—Or M'ONEY REFUNDED—The Most Responsible Enterprise in the United States.

The Texas Gift Concert Association, of Denison, Texas, will distribute to Ticket Holders, Nov. 30th, \$350,000 in Cash. This Association has a first-class reputation for fair and square dealing. Its Managers are old and reliable citizens of Texas. But a few days now remain to the day of drawing. But a few Tickets now unsold, so tickets should be secured at once.

This Enterprise stands to-day the first and foremost of its character in the United States, and has the Home Endorsement of its own citizens. The following speaks for itself:

"We, the undersigned, citizens of Denison, Texas, cheerfully give our testimony to the honorable and impartial manner in which the First Grand Gift Concert of the Texas Gift Concert Association was conducted, and as to the very satisfactory manner in which all the pledges and promises of the Association were carried out; and further, do most heartily endorse the Second Grand Gift Concert, to be given November 30th, 1875.

W. H. Winn, Mayor, City of Denison; Judge W. D. Kirk, G. W. Walters, Geo. B. Loving, J. D. Woodyard, W. A. Tibbs, W. R. Ross, J. G. Taylor, L. M. Johnson, Aldermen, City of Denison.

Every locality should organize a club. Their list of prizes is unprecedented. Capital prize \$50,000, lowest prize to a whole ticket, \$50, lowest prize to a coupon ticket, \$10. Price of whole ticket \$5, which consists of 5 coupons at \$1 each.

Cash sent for tickets should, in every case be sent per express or by a bank draft. Stubs under \$5.00, simply enclose in an envelope, never send by registered letter or by money order as from large experience the Association find it both unsafe and unreliable. Sent at the risk and expense of the Association when sent per express or bank draft or by plain letter simply addressed. Address for tickets, circulars, &c., A. R. COLLINS, Sec'y., Denison, Texas.

NEW ADVERTISEMENTS.

By the Governor of North Carolina—A Proclamation.

EXECUTIVE DEPARTMENT,
RALEIGH, N. C., Nov. 18, 1875.

WHEREAS, THE PEOPLE OF NORTH CAROLINA have been abundantly blessed with the favor and protection of Divine Providence, which has crowned the past year with plenty and general prosperity; preserved to us the enjoyment of civil and religious liberty, exempted us from the ravages of war, pestilence, famine and other calamities which have scourged other people and States, permitting no evils to befall us but such as are incident to the common lot of man.

Now, therefore, as it becomes us, as Christian people to render thanksgiving and praise for these and numberless other blessings showered upon us in His great mercy, I CURTIS H. BROGREN, Governor of North Carolina, in obedience to law and in conformity with an honored precedent, do appoint and set apart

THURSDAY, NOVEMBER 25th, 1875

as a day of public thanksgiving throughout the State.

And I do earnestly invite the clergy of every denomination to open their respective houses of worship, and the people to obtain on that day from all pursuits inconsistent with the sacred duty of the occasion, and with devout hearts to assemble in their respective sanctuaries, and offer the prayer of thanksgiving, and unite in the songs of praise to Him who has given us peace and plenty, and vouchsafed all the privileges and blessings we enjoy. Let gratitude inspire our hearts and enlarge our benevolence. And remembering the poor and unfortunate among us, let us add to our devotional acts of charity and works of love. And I especially recommend on this day of thanksgiving and rejoicing, that donations be solicited in all places of public worship in this State for the benefit of the needy children of the Orphan Asylums at Oxford and Mars Hill.

With gratitude for the mercies of the past, let us seek wisdom from above to guide us in the future, that our feet may be kept in the paths of rectitude, and that our days may be a blessing to ourselves and those with whom we associate.

Done at the city of Raleigh, on this 18th day of November, Anno Domini one thousand eight hundred and seventy-five, and in the one hundredth year of American Independence.

C. H. BROGREN,
Governor.
