## THE GEORGIA SAINTS.

These delightful beings who have "redeemed" Georgia and have established there that celestial state of things which is only known in places where celestial beings dwell, seem to be exhibiting the qualities of human beings of the best type. It seems that Senator Colquhoun and Gov. Colquhoun on the one hand, and Hon. Hill on the other, with their friends, are discarding that celestial etiquette and that lofty bearing which the southern Democrats affect and are blackguarding each other like vulgar politicians. The friends of Hill show that Colquhoun was nominated for Governor by corruption. They show also that he is a disgraced bankrupt, having squandered three fortunes, two of which came to him by marriage, and that to avoid the payment of his debts he has appointed his creditors to be the most important offices in the State without inquiring into their fitness for such positions. They say he is worse than the "ruling" Barlock, whose signature clerk here cost only \$8,000 per year, while Colquhoun's costs \$25,000. They say that Colquhoun is guilty of all sorts of pecuniary profligacies and that he should be sold into slavery to Stanley Matthews and Foster. Then Gordon himself has rushed into print on his balance and charges that Ben Hill made as much money out of Bullock's nursing as Bullock himself. Altogether it is not a very happy state of affairs, and it depresses us very much to witness the usual low human impulses in these lighted Democratic saints.

Now we call the attention of Colonel Sanders, Engelhard, Josiah Turner, Banta, Cox and the rest of our North Carolina saints to this fearful state of things in Georgia. If a Georgia Democrat can fall from the lofty height of anger shouting to meet stealing and "selling out to Stanley Matthews," the same frailty may soon appear in South and North Carolina, and completely corrupt the transparent purity of our dear beloved saints. The portentous solemnity of this occasion is getting to be unendurable. The divine conditions that we expected under Democratic rule have vanished.

One of these fellows who knows everything by intuition, and whom nobody can give any information, has appeared at Raleigh and has written them a letter to the N. Y. Herald. In this letter, which we print in full in another column, this itinerant scribbler has managed to get as many lies and as little truth as was consistent with his own capacity and that amount of bravado. His statement of the composition of parties, of the minority position among the Democrats, of the disintegration of the colored element, of the growing hostility to Vance among the Democrats are all the merest moonshine. There is not the most remote basis for his allegations. He states things as facts which nobody else has ever heard of. If he knows anything for certain, he knows that his statement that all the federal officers are "Blaine men" is false. The federal officers in this State, like most other Republicans, are willing to let the President's policy have a fair trial. This ignorant liar would be woe if he should leave the State, and the Herald would be woe if it should send here no more jackasses like him.

Mr. Gladstone's resolutions, introduced by him in the House of Commons declare in effect that Turkey has no claim to the moral support of Great Britain. This proposition may receive the full liberal vote, as well as the support of such conservatives as are desirous to keep Lord Beaconsfield from plunging the nation into war. The debate has already constrained the government to declare that it will harbor no apprehensions should the Czar declare that he does not intend to seize Constantinople. This concession to the anti-war party assures further success.

FAVORITEVILLE, N. C., May 7, 77.  
EDITOR POST:—Our town election today is just counted out, now at 7 o'clock p. m., and the Republicans have made a triumph. We have elected what we call a Hayes ticket. That is we made a mixed ticket, getting all we asked, and elected it by about 20 majority. Many of the colored men voted the straight Democratic ticket, but a good many Democrats voted our ticket; and of our best citizens too—such men as the present Mayor, McKethan, and other men of a standing voted with us. We did not run a straight Republican ticket, as we preferred a fusion ticket. Every effort possible was brought to bear to defeat us. They denounced it as a Radical ticket, and caused every one that voted it as a d—d Radical.

With the chance we had, we did not do. When I have time I will write you something more explicit.  
Yours,  
A HAYES MAN.

Just the thing for inquisitive people—a "How so?" machine.

## THE WAR NEWS.

The Russians are slowly advancing. They have reached the Danube and have occupied Galatz, Rani, Ibrail, and Kilia which last has given them the control of the mouths of the Danube. The Turkish iron clads are penned up in the Danube above where the Russians have occupied, and the Turkish land forces on the South side of the Danube are making no very active resistance.

LONDON, May 7.—The Times' dispatch from Vienna reports that rumors came from Constantinople that Kars has been taken, and that Erzorum is in danger. The correspondent says although these rumors require confirmation, yet what we do know already goes far to excite the suspicion that all is not for the Turks as it should be; that there is a good deal that should not be.

Kars yet holds out against the Russians.

LONDON, May 7.—A dispatch from Pera to the Telegraph says: "The news of the Russian defeat at Batoum and the capture of three of their guns has been confirmed by a letter received here Monday. Everything tends to show, however, that the Russians are very strong in Asia, and are likely to advance quickly."

Batoum is a fort around towards the south shore of the Black Sea, close to the Russian frontier, not far from Trebizond.

MUCHAREST, May 8.—Prince Charles, of Roumania, in acknowledging the address presented to him by the Senate, in reply to the speech from the throne, recounted the acts of hostility committed by the Turks against the Roumanian forts and open towns on the Danube, on the peaceable inhabitants, and Roumanian vessels, and said: "In consequence of the aggressive attitude of Turkey, the Roumanian government will display not only the forbearance but the energy which both Chambers of the Legislature have prescribed. If, however, with sorrow," he concluded, "that moderation will be of no avail, and that we must meet force by force, as it is our duty to defend our country."

LONDON, May 8.—Mukhtar Pasha telegraphs, from near Kars, his ability to check the Russian advance.

The Turks have abandoned Ourghetti, on the Georgian frontier, near Batoum. The place, however, is defended by seven Turkish men-of-war, who command the advancing Russians. (Georgia lies between the Black and Caspian Seas.)

A Trebizond dispatch of the 5th to the same journal says: "No further fighting is reported. Mukhtar Pasha maintains communication with Kars. The Russians are apparently awaiting the arrival of reinforcements."

The Manchester Guardian's Pera dispatch, dated Saturday, says therein a report current there of a great Russian victory near Kars; 15,000 prisoners are said to have been taken. Kars is invested by 50,000 Russians, and the Second Russian Corps is in full march upon Trebizond.

The Times' Vienna dispatch says that rumors came there from Constantinople that Kars had fallen.

ERZORUM, May 9.—The Russian right wing is marching through Genes and Tchildir, evidently with the purpose, unless prevented by the Turks, of turning the second Turkish line of defence at Soghaule. The Russian centre in the plain of Kars seems to be awaiting the result of this movement and the manoeuvres of the left wing, which is trying to force its way from Ilayzad by way of Surukoy.

The Russians are getting ready to put down 100 pontoons with which to cross the Danube at a point called Cherbesti.

A Bucharest dispatch of May 6 to the Standard says: "The Grand Duke Nicholas has passed through Galatz and Rani, and is to-day at Ibrail. He is expected to reach Bucharest on the 10th inst. The Russians who are passing through Bucharest are going to Baniassa, between Bucharest and Giurgiu."

A Press dispatch to the Standard states that in order not to afford an occasion from Austria to depart from neutrality, the Russian commanders have received orders not to cross the Danube near Kalafat, nor join anywhere with the Serbian Army. For the same reason, the Czar had notified Montenegro that she must remain on the defensive in Herzegovina.

A Bucharest dispatch says: "Dechet was shelled by the Turks yesterday evening. The Bash-Basouks plundered the neighboring villages at the same time, and returned with their spoils across the Danube."

LONDON, May 8.—A dispatch from Constantinople to the Daily News says that Russians have commenced to bombard the Turkish town of Widin from Kalafat, on the opposite bank of the Danube.

## LONDON, May 9.—A Berlin letter says

the Austrian Minister will inform the Porte of Austria's intention to occupy Bania and Servia.

Russia is offering inducements to German and American naval officers, engineers, and machinists, and numbers are en route for St. Petersburg.

The Russian headquarters remain at Kichenoff until the 13th.

The failure by the Russians to carry Kars by assault is confirmed. The supposition now is that the Russians will invest Kars and proceed against Erzorum. Another report is that Kars is about to surrender, and that Mukhtar Pasha will withdraw, leaving the passes open to the Russians.

A dispatch to the Post's company, from Erzorum, dated 2 o'clock, Tuesday night, says the Russians are surrounding Zoghale, and concentrating for an attack on Moniklar Pasha's position at Bardiz and Yenikoy. The Russian force which occupied Ilayzad is now advancing in the direction of Khamoni and Antob, leaving Karkisa and Alaskirt on their right. Bayazid has now been placed under the control of a Russian force of police.

St. Petersburg, May 9.—The Grand Duke Nicholas telegraphs as follows:

Kichenoff, May 9.—All is well. The movement of the troops proceeds undisturbed. The Turks are entirely passive. Health of troops excellent.

The very latest news indicates that the Russians intend to press the Turkish front in Asia Minor while they simply invest and hold along the Danube. If Erzorum, a very strongly fortified town far around on the southern side of the Black Sea falls into Russian hands, the way will be quite open to Constantinople. The New York Times says:

The rumor that Kars had fallen was evidently premature. In fact, the latest indications of the Russian movements in Asia Minor render it exceedingly doubtful whether any serious attempt is to be made to take Kars at all. The objective point of the three Russian columns now advancing across the mountains of Anatolia appears to be Erzorum—a fortress whose capture would be a decisive step in the campaign in Asia as a great battle before Adrianople would be of the campaign in Europe. The operations to the left bank of the Danube display an amount of caution and deliberation which suggests the weakness of the Turkish forces in the one contingency obviously as it does their strength in the other.

The following are the appointment and other official changes made by the President since our last issue:

Hon. Richard C. Eddy, re-appointed Attorney for the Eastern District of North Carolina.

Morris D. Wickersham has been appointed Postmaster at Mobile, Ala.

The mission of St. James at the disposal of ex-Secretary Fish.

Col. Geo. H. Butler, lately appointed postal agent at the Black Hills, has been removed.

The Pension Agents in the south have all been discontinued except those at Richmond, Louisville and New Orleans with which the rest are consolidated. South Carolina, Georgia, Alabama and Florida are attached to the district of New Orleans.

E. A. Clarke has been appointed Engineer of the Hot Springs (Arkansas) reservation.

The Postal Convention between the United States and Italy has been signed.

Gen Hancock is on a tour of inspection south.

We stated in our last that the President had put off the convening of Congress until the 13th of June next. It will be seen that he has still further put the time off to the 15th of October.

WASHINGTON, May 5th, 1877.  
By the President of the United States of America.

A PROCLAMATION.

WHEREAS, The annual adjournment of the forty-fourth Congress, without making the several appropriations for the support of the army for the fiscal year ending June 30th, 1878, presents an extraordinary occasion requiring the President to exercise the power vested in him by the Constitution to convene the Houses of Congress in anticipation of the day fixed by law for their next meeting, now, therefore, I, Rutherford B. Hayes, President of the United States, do, by virtue of the power to this end in me vested by the Constitution, convene both Houses of Congress at their respective Chambers, at 12 o'clock M., on Monday, the 15th day of October next, there and then to consider and determine such measures as in their wisdom, their duty, and the welfare of the people may seem to demand.

In witness whereof I have set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this fifth day of May, in the year of our Lord 1877, and of the Independence of the United States of America the one hundred and first.

By the President, R. B. HAYES.  
WILLIAM EVARTS,  
Secretary of State.  
The Attorney General and Secretary of War were in consultation to-day.

## CITY ITEMS.

There are 17 prisoners in the guard house.

Yesterday was a big day for the lively stable men.

Only 9 nine cases were tried by the Mayor during the past week.

Judge Buxton is holding Halifax court this week and Judge McKoy is holding Richmond county court.

Jas. Heaton, Clerk of the Superior Court of New Hanover county, is in Washington, so we are informed.

Two thousand feet of hose for the fire department, ordered some ten days ago by the city, have been received.

Yesterday was a beautiful day. It could not have been better for memorial services and decorating the graves of the brave dead.

The new Board of Aldermen take charge of the city on the first day of June next, consequently the term of present Board expires on that day.

The foundation of a bridge, which was being constructed near Halifax, by the W. & W. R. R. Company, was washed away by the freshet, on Tuesday last.

The new proprietor of the street cars intends to give the cars a thorough overhauling, and have them put in first class order, and run on regular schedule time.

A friend writing to us from Fayetteville, says of the recent municipal election in that place: The reconciliation, Hayes-Hampton ticket has been elected. Hurrah for Hayes.

Dr. A. E. Wright is getting the Health Department thoroughly organized. We are glad to see it, there is certainly room for great improvement on the old system.

It is reported that Ike Young, our Revenue Collector, has had a fortune left him by some of his relatives. We hope it is true, for Ike is better fitted to spend a fortune than any one we know of.

Everybody and their friends should patronize the street cars, as it would be a great inconvenience to lose them out of the city, which we certainly will do unless our people ride more and walk less.

Capt. I. B. Grainger, Receiver of the Carolina Central Railway Company and President of the Bank of New Hanover, left on Tuesday evening last for New York. Capt. Murchison, of the firm of William & Murchison, accompanied Capt. Grainger.

An excursion party of the business men of Cincinnati, Ohio, will probably be in this city on Saturday or Monday. Our business men should make arrangements for them and have them treated as our merchants know so well how to treat their guests.

All Justices of the Peace in New Hanover county are required by the act creating the Criminal Court to return the papers in the criminal cases as soon as examined by them, with their findings in the cases, to the Clerk of the Criminal Court at the court house.

Judge Edward Cantwell has been invited and will deliver an address to the Wilmington Rifle Company, at their annual meeting on the 22d of May, in the Theatre, in this city. We advise the boys not to shake hands with him, if they do—well they will know afterwards.

Mr. J. J. Cassidy left this city on last Friday for Peoria, where he expects to spend the summer with his daughters. We wish him a pleasant sojourn and a safe return, much improved in health. It is our duty to caution Jesse, as he is an unsophisticated youth, or he may be entrapped into bringing back a "better half."

EYE AND EAR.—We take pleasure in recommending Dr. M. J. DeRoset to all who have anything the matter with the eye or ear. He has made some very remarkable cures, and is certainly the very best physician in the south, who has made the eye and ear a specialty in his practice. His office is on the corner of Third and Market streets.

The New York Weekly is one of our most valuable exchanges, published at New York, by Street & Smith. The Weekly is a regular family literary journal, containing choice original and selected stories, sketches, etc., for the home and fireside reading. It has become one of the most popular family papers published. The New York Weekly can be found on sale at any News Store, or a specimen copy will be sent to any address on application to the publishers.

## THE NATION'S DEAD.

DECORATION DAY.  
MAY 30TH 1877.

The committee having charge of the memorial service for the 30th of May, have partially completed arrangements for a pleasant and appropriate observance of the occasion.

The custom of the American people in setting apart a day of each year to be observed in honoring the nation's fallen heroes, who gave their services and lives for the perpetuation of the Union, and the freedom of the nation, is a most beautiful and fitting tribute from a grateful and appreciative people.

The committee have been fortunate in securing the services of Judge A. S. Seymour as orator for the occasion.—The Judge is an able orator and will furnish an address of much interest.

The following selection of officers have been made by the committee:

Orator—Hon. A. S. Seymour.  
Master of Ceremonies—Hon. Dan. L. Russell.  
Chaplain—Rev. C. O. Brady.  
Marshal—Owen Burney Esq.  
Poet—E. E. Green, Esq.  
Director of Music—A. B. Lind, Esq.

The committee will make further announcements in due time.

The procession yesterday, both in looks and numbers, was excellent; great praise is due the Marshal and his Assistants for the very efficient manner in which it moved off, as well as the march out to the Cemetery. In fact the procession was a grand success. We will refer to the oration in our next.

Hook and Ladder Company No. 1 have elected the following officers for the ensuing year. Col. R. Moore, President; R. H. Berry, Vice-President; W. L. Goodman, Secretary; A. V. Wood, Treasurer; R. H. Berry, Foreman; J. M. Cazaux, First Assistant; R. F. Harmon, Second Assistant; Messrs. L. S. F. Brown, L. S. Thomas, R. H. Grant, Jr., W. J. Gordon, J. T. Vann and J. H. Daniels, axmen. Messrs. E. I. Story and E. S. Nash declined a re-election as Foreman and Second Assistant.

This is one of the oldest and best companies in the fire department. The officers are excellent, but the men are superior. In fact they make the best firemen we have ever seen—there are certainly no better.

MURDER OF A COLORED MAN IN DUPLIN COUNTY BY A WHITE MAN.—Some weeks ago Ellick McCullough was missed, and it was supposed he had been murdered. After considerable search he was found, on last Saturday, in the compost heap of a white man named Sandlin. There is no doubt but it was a cold blooded murder, and we hope the good, law abiding people of Duplin county will see that the murderer receives his just reward for this crime. We thought the killing of negroes had stopped, but it seems that they have to kill one occasionally to keep their hands in; or are they just tapering off, if so, we hope this is the last end of their taper, and we are certain it will be if the good people will turn out and punish the guilty one. Let us have no more political murders.

Mr. George Myers, the celebrated front street grocery man, has arrived from New York with his family. He intends hereafter to give strict attention to the wants of our people in the grocery line, and we can promise them that they will always find at George Myers' the very best line of provisions and side nec. in the south, and the cheapest. If you purchase provisions of him and they are not strictly what you order he will take them back, and pay damages. He also keeps on hand at all times the best assortment of liquors in any house in the city. When you go there to purchase anything you are waited on by polite and efficient clerks who are not made to feel that you are under obligations for being waited on, as you are in some grocery stores in this city. In fact Mr. Myers pays great attention to the wants of the people and being a true and courteous gentleman himself, he takes pains to get clerks who are gentlemen and understand their business.

The June number of *Frank Leslie's Sunday Magazine* is now before us. It contains 128 pages of the usual variety of sound and pleasing matter, including short stories, music, poetry, etc. Its main attractions comprise a remarkable contribution by Rev. Treadwell Walker, entitled "A Vision in the Cosmos Chamber at Westminister Abbey," Hon. A. J. Repair's poem, "A Legend of Tremaine," the concluding chapters of "The Kaiser's Gift," continuation of "Alypso," etc. It presents in all 57 fine illustrations, 29 of which are portraits of men eminent in their distinguished conceptions.

In fact Mr. Myers pays great attention to the wants of the people and being a true and courteous gentleman himself, he takes pains to get clerks who are gentlemen and understand their business.

The June number of *Frank Leslie's Sunday Magazine* is now before us. It contains 128 pages of the usual variety of sound and pleasing matter, including short stories, music, poetry, etc. Its main attractions comprise a remarkable contribution by Rev. Treadwell Walker, entitled "A Vision in the Cosmos Chamber at Westminister Abbey," Hon. A. J. Repair's poem, "A Legend of Tremaine," the concluding chapters of "The Kaiser's Gift," continuation of "Alypso," etc. It presents in all 57 fine illustrations, 29 of which are portraits of men eminent in their distinguished conceptions.

MURDER OF A COLORED MAN IN DUPLIN COUNTY BY A WHITE MAN.—Some weeks ago Ellick McCullough was missed, and it was supposed he had been murdered. After considerable search he was found, on last Saturday, in the compost heap of a white man named Sandlin. There is no doubt but it was a cold blooded murder, and we hope the good, law abiding people of Duplin county will see that the murderer receives his just reward for this crime. We thought the killing of negroes had stopped, but it seems that they have to kill one occasionally to keep their hands in; or are they just tapering off, if so, we hope this is the last end of their taper, and we are certain it will be if the good people will turn out and punish the guilty one. Let us have no more political murders.

Mr. George Myers, the celebrated front street grocery man, has arrived from New York with his family. He intends hereafter to give strict attention to the wants of our people in the grocery line, and we can promise them that they will always find at George Myers' the very best line of provisions and side nec. in the south, and the cheapest. If you purchase provisions of him and they are not strictly what you order he will take them back, and pay damages. He also keeps on hand at all times the best assortment of liquors in any house in the city. When you go there to purchase anything you are waited on by polite and efficient clerks who are not made to feel that you are under obligations for being waited on, as you are in some grocery stores in this city. In fact Mr. Myers pays great attention to the wants of the people and being a true and courteous gentleman himself, he takes pains to get clerks who are gentlemen and understand their business.

WILMINGTON, N. C., May 7, 1877.

At a large meeting of the Ex. U. S. Sailors and Soldiers who were honorably discharged from the service of the United States held at the Court House this A. M., William H. Moore was called to the Chair and J. S. W. Eagles requested to act as Secretary.

On motion the Chair appointed Col. Geo. L. Mabson, W. H. Howe, Geo. E. Berden, Jos. A. Ashe and Mark Johnson as a Committee on resolutions who submitted the following resolutions which were unanimously adopted.

WHEREAS, Resolutions over the signature of Geo. W. Price, Jr., J. C. Hill and others, as published in the Star of the 6th inst., do not reflect the sentiments of the colored people, but tend to mislead our white fellow citizens as to our real feelings on the subject referred to, therefore be it

Resolved, That in our opinion only such persons, civic or military societies, as may have been invited, or have heretofore participated in honoring the Confederate Dead ought to join in the procession or assist in the ceremonies of Thursday, May 10th; and we are sustained in our opinion by the call of the Chief Marshal for that occasion, Capt. John T. Rankin, as published in our city papers.

Resolved, That while we as ex-soldiers who fought on the Union side during the late contest of arms, honor those of our countrymen who so bravely fought us in that deplorable contest, and while we believe, as we do, that all true soldiers have forgotten the dark part, and look only to a bright future of peace and reconciliation, yet we have no disposition to force ourselves into association, either in procession or otherwise, with those who fought on the side of the South.

Resolved, That the action of the Federal Memorial Committee in their selection of Orator and officers is hereby approved.

Resolved further, That the Post be requested to publish the proceedings of this meeting.

W. H. MOORE, Chm'n.  
J. S. W. EAGLES, Sec'y.

Lady Holland was rather fond of crowding her dinner table. Once, when the company was already tightly packed, an unexpected guest arrived, and she instantly gave her imperious order to Luttrell—generally most subservient to her ladyship's wishes—"Luttrell, make room." "It must certainly be made," he answered, "for it does not exist."

A bull-frog is never entirely "back" financially. He always has a green-back, you know.
