Not that Kind of a Mam. Rev. Dr. P --- , the other day, found a pack of playing-cards in the possesion of his oldest boy, and after giving the lad a thrashing for owning such engines of Satan, the doctor placed the cards in his own pocket, intending to destroy them at the first opportunity.

But he forgot about them, and subsequently while in the cars on the way to the city, he pulled out his handkerchief, and the cards came out with it and fell upon the floor.

The Doctor gathered them up, with a very red face, and while he was arranging them in his hand, he saw a rough-looking man in the scat opposite to him wink at him.

He turned his head away, but upon looking around a moment later, the man winked at him again. Then he winked several times," and finally he came over, and sitting down by the side of the doctor, he said :
