

Won't Investigate. The present General Assembly has denied to a portion of the citizens of the State the most sacred rights to a free people—the right of petition.

On Monday, Mr. Justice, of Rutherford, called the attention of the House of Representatives to the charges being made against certain members of belonging to the infamous insurrectionary organization, known as the Invisible Empire, or White Brotherhood, otherwise called the Ku Klux Klan.

When the resolution came up for consideration in the House, Mr. Durham, Democrat moved to amend by inserting the words, "Loyal Leagues and other political societies. This was a trap set to catch the Republicans. It was, doubtless, believed that the Republican members would all vote against this amendment, and thus the Democrats have an excuse to refuse to make the investigation.

A Human Body Nursed by a Monkey Mamma.

The New Zealand correspondent of the San Francisco Alta: "However strange Mr. Darwin's theory—that man is descendant from a monkey—may seem to be to many, the following particulars of the early history of one of the present members of Parliament for New Zealand are related in all sober earnestness.

"John," said a cockney lawyer to his son, "I see you never will do for an attorney—I have no heanerpp."

A man courting a young woman was interrogated as to his occupation. "I am a paper hanger on a large scale," he replied.

How to put money in your purse—Open your pocket-book, take a greenback between your thumb and finger, lay it right in. This is the way we do it; but we don't practice it much.

A Missouri lady advertised for the person who is in the habit of serenading her to stand near the house so that she can scold him.

A St. Louis lawyer attempted to try a case the other day when he was half drunk, but the judge stopped him. No lawyer can serve two bars at the same time.

"Time is money," as the fellow said who stole a patent-lever watch.
