

CITY.

ROOMS REPUBLICAN EX. COM. WILMINGTON, N. C. April 1st, 1872. By authority invested in the Executive Committee of New Hanover county, a county convention is hereby called, to meet in the city of Wilmington, on Saturday the 13th day of April, inst., at 12 o'clock, M., for the purpose of electing three (3) delegates to represent New Hanover county in the Republican State Convention, called to meet in the city of Raleigh, on the 19th inst., and for the further purpose of electing delegates to the Third Congressional District Convention, where and when called.

Under the plan of organization of the party, each township and ward is entitled to three delegates—the delegates from the city wards will elect three delegates of the Township of Wilmington. All townships, (except Wilmington) will hold their meetings to appoint delegates to the County Convention, on Thursday, the 11th day of April, at 12 o'clock M. Ward meetings for above purpose will be held on Thursday night, of same day, at 8:30.

By order of Executive Committee, JAS. A. LOWERY, Chairman. JOS. C. HILL, Secretary.

1st Ward, at Brooklyn Engine House; 2nd Ward, at Court House; 3rd Ward, at Armory Room, City Hall; 4th Ward, Ann Street Engine House; 5th Ward, at the Oaks. The number of delegates apportioned to Wards are as follows: 1st Ward, nine delegates; 2nd Ward four delegates; 3rd Ward three delegates; 4th Ward three delegates; 5th Ward five delegates.

By order Committee. OWEN BURNBY, Chairman, City Ex. Com.

Pave the streets—mend your ways—buy city bonds. The whole street force are kept hard at work, repairing the damages caused by rain.

The city will sell at auction some old carts, which have been replaced by new ones.

The Auditing Committee are at work on the City Treasurer's accounts—will finish this week.

At a meeting of the Mechanic's Building and Loan Association, last evening, twenty-seven shares were redeemed at \$120.

The Mechanics and Laborers had a very pleasant meeting last night, they have a thorough organization for their own protection.

City election takes place on Monday, the 6th of May Seven Republicans and three opposition will be about the political complexion of the members.

The tax lists are very busy at the City Hall, in the old library room. Call up and save your money. If you fail remember DOUBLE TAXES will be the penalty.

Ladies Co-operative Association had a meeting last evening in the City Hall. W. S. Benjamin delivered the annual address, which was spoken off very highly.

The is are expecting, some curb stone or brick pavements can get some. Send your names to the Marshal so you may have it on arrival.

Six hundred and ten feet new double-riveted leather hose has just been received and assigned to the "Jno. T. Bankin" steam fire engine for city use. This gives assurance of sufficient length of hose to put out any fire.

The College of Physicians and Surgeons are now at work, thoroughly organized—the city authorities have made their arrangements so the indigent can receive medicines upon proper proof of their condition.

Capt. James Richardson and his excellent Company have been invited to visit Charleston, S. C., by the Union Steam Fire Engine Company of that city, about the 20th of May next. They have accepted the invitation.

The city authorities direct that hereafter no patent medicine or other outside merchandise shall be sold in the market. The practice has proved a nuisance and great injury has resulted to the pockets of the unwary. We are glad to chronicle the improvement.

James S. Topham & Co., No. 8 South Front street, Wilmington, N. C., are manufacturers of every description of Trunks, Traveling Bags, Saddlery and Harness. A large stock of second hand government team and ambulance harness, saddles, bridles, collars, halters, reins, &c., constantly on hand, at wholesale and retail, at low prices for cash.

THE SECOND GUN FOR 1872. CONNECTICUT ANSWERS TO THE ROLL CALL. THE RUBICON CROSSED. THE NUTMEG STATE ALL RIGHT. ONE HUNDRED GUNS FOR HER.

Connecticut, the good old land of steady habits, follows in the wake of New Hampshire; it shouts out for the Republican party and President Grant. The Republicans have swept the State, electing their Governor, State officers and United States Senator, in the place of Dixon, Democrat. Greeley, Schurz, Trumbull & Co., tried to split up the Republican party, in their hatred of Grant, they endorsed the bolter movement and they have all been beaten in Connecticut. She stands true as she ever did, as she did in the days of the Revolution, in the war of 1812, in the war for the Union, and now when the power of the Tammany ring is broken when it can no longer precipitate upon her thousands of voters from the sinks of New York, she speaks out for the Administration of General Grant and for the great and invincible Republican party, God bless her.—This result knocks the Cincinnati Bolters' Convention "higher than a kite." The disaffected Democrats will now back water and fall into their own party lines, leaving the bolters all forlorn. The next President will be U. S. Grant.

Owen Burny, Esq., Chairman of the City Executive Committee, calls a City Convention on Monday next to nominate Aldermen for the city. Wards meet to elect delegates Friday night next. Every Republican should be present.

There are 16 insane persons in New Hanover county, cared for at the public's expense. If the last General Assembly had done its duty these poor unfortunates would have been provided with an asylum in Wilmington, with others from the eastern counties not so well off as those in Wilmington and vicinity.

J. C. LOGAN HARRIS.—This gentleman now assumes the editorial duties of the Raleigh Carolina Era, with which journal he has been connected for some time past as Local Editor. In him the ku klux sheets will find an antagonist worthy of their metal—his Republicanism is unquestionable, he is no "new convert." We have known him personally and intimately from the birth of the Republican party in this State. Under his guidance, we are confident that the Era will commit no political blunder.

NEW PUBLICATIONS.—We find on our table an old familiar face, The Planter's Northern Bride, by Mrs. Caroline Lee Hentz, written before "the great commotion." The reverses which have visited the South since this book was first given to the world will render it worthy of the readers attention once more, although "the burning lava of civil war has rolled over the plains of the South and buried under its lurid flames the domestic institution forever." Published by T. B. Peterson & Bros., Phila., and for sale by P. Heinsberger, at the Live Book Store.

Harper's Magazine for April is unusually interesting. The article on naval architecture and the iron clad navy with accompanying engravings alone renders it doubly worthy of perusal. The Phenological Journal for April is profusely adorned with characteristic sketches of eminent men, and contains useful instruction. The Chimney Corner comes to us with thrilling tales, and an admirable selection of literary matter well suited for the fireside and a long evening at home.

Hereafter this column of the Post will be at the service of Republicans, who desire to express their views upon topics of interest, for which the control will in no wise hold itself responsible.

Not True. MR. EDITOR:—While we have not taken any stand or advocated any man's claims for office, we shall not stand idle, and see a direct falsehood perpetrated. In one of our city papers of Tuesday morning last, there is a statement, in the local columns, to the effect that the friends of Gen. Rutherford tried to pack the convention in Onslow and thereby pledge delegates to go for him, Rutherford for Congress. Now, this is entirely untrue, there were no resolutions offered for Gen. Rutherford, but there was a certain enemy of his present at the convention who offered a set of resolutions endorsing Judge Russell first, Judge Cantwell second, and the resolutions, were unanimously voted down. Why should this man try and circulate things that he knows is like himself, base and untrue; why should he try and bring out Judge Russell, who says he is not a candidate; why should this man write Gen. Rutherford to the effect that Southern men, Republicans, would not vote for a carpet-bagger or a colored man for Congress; why should this man say that he is only a Republican because he is going to get a \$1,500, office, and that he is now working for made him that promise? We candidly believe not. And last, though not least, why should he write and try to have free American citizens turned out of office because they saw fit to work for any particular man for Congress, or any other office. Mr. Editor, Gen. Rutherford could and would do more for North Carolina, if he were a member of Congress, than any man that is in the field. He is not one of the stuck up, so-called aristocracy. He will speak and talk to the poorest and humblest of our citizens; and any of the citizens can see him and be treated like a gentleman; don't make any difference with him what a man's color may be, they are human and Gen. Rutherford so believes. He is in favor of every man having his political and civil rights. We will say here that the local editor of the paper mentioned should not be held responsible for the falsehood published, as it was told to him by the \$1,500 man. Yours respectfully, "JACKSONVILLE."

For the Post. Hon. Silas N. Marton for Mayor. The time is at hand when the voters of Wilmington will have the high privilege of again deciding who shall fill for the ensuing year, the important position of Mayor of the city. It is not only desirable, but almost indispensable to the interests of Wilmington that the decision should rest, not so much on party grounds as upon those qualifications and principles of action which will most contribute to the best good of the city and to the welfare of all parties, colors, classes and conditions. I know of no gentleman who comes up to the proper standard so well, and who so fully combines in his own clear and able head and in his own enlarged, true and patriotic heart so well the necessary qualifications as Mayor Martin. His proverbial devotion to all our material interests, his comprehensive and statesmanlike views of public policy, his unimpaired and unimpeachable integrity in all his public acts united to an acknowledged and far-reaching skill in matters of finance, pre-eminently fit him, not only for Mayor, but yet alone for President of our chief railroads, but for still higher offices yet in store for this strong-headed and large-hearted North Carolinian. The financial interests of Wilmington appeal trumpet-tongued to all her good citizens, to be most careful and judicious in their next election of Mayor. This is emphatically the time when we should select a man, not so much because he is a true Republican—as Mayor Martin is known to be—but because of his happy faculty and fortunate influence in a financial point of view in engineering schemes necessary for the safety, prosperity and good name at home and abroad of our city. This distinguished citizen has done much, very much already for the city, the whole Cape Fear section, and the entire State; and if his life is spared, is destined, with his great enterprise and superior qualifications of head and heart to do vastly more for all, if he can be kept in public. Let us all, then, insist strongly upon his re-acceptance of the office of Mayor. Let not the prejudice of party politics obscure from vision and correct appreciation his marked and most useful devotion to the cause of popular education, his great interest in internal improvements, and his able services in behalf of North Carolina.

A Melancholly Break-Down.—There are lively break-downs that make an audience laugh, and there are sad and sorrowful break-downs that make the kind-hearted grieve. To the latter class belongs the enervation of body and mind, which is usually called "general debility," or "nervous weakness," and which, when neglected, too often terminates in atrophy and death. A wholesome, moderate stimulant is the one thing needed in cases of this description, and science and experience unite in pointing to PLANTATION BITTERS as the true specific. The fact that it combines of an invigorant with those of a regulator and alterative, in exactly the proportions necessary to produce a radical change in the tone of the system, and the action of the digestive and secretory organs, is a valuable and important argument in its favor as a general restorative.

"G. M. D." Don't stand aguish with awe and fear, eyes wide open, hair on end, and fingers tightly clinched, with the idea that these mysterious symbols are cabalistic signs and represent some secret organization of masked demons, who carry terror and dismay with their midnight prowlings and disperse on the dawn of morning. No! They are only the initials of Dr. Pierce's Golden Medical Discovery, that pleasant medicine which has acquired a national reputation and proven so efficacious in Croup, Croup, Bronchitis, Consumption and kindred diseases. For these complaints it has no equal. Sold by all druggists.

TAX PAYER.

DEAR SIR:—We believe in bestowing honors where honor is due, and take great pleasure in recommending to the Republican State Convention, the renomination of that unwavering Republican and faithful public officer, the Hon. H. J. Menninger, for Secretary of State.

He has always been a strong advocate of Republican principles. During the war he did good service in defence of Union principles in the borders of North Carolina. At its close he was one of the few outspoken, fearless men who rendered great assistance in organizing the Republican party in this State. During his entire term of office he has labored with true devotion to further the best interests of that great party, to the establishing of which, he rendered such valuable assistance. He has been unflinching in his exertions to overthrow the ku klux democracy in this State. His standing as a faithful officer remains clear and unquestionably good, notwithstanding the continued scrutinizing exertions that have been made by democratic legislative committees, appointed to investigate the affairs of his office. From what we learn he is the choice of the East and is strong in the West.

The Cape Fear section will support him, because they have tried him and found him true, and believe in rewarding good men.

THE ELECTION LAWS.—As we gave notice on Thursday last, we publish to-day the regulations governing the city election, from the Acts of the Legislature of 1870 and 1872.

- 1. Election to take place on the first Monday of May, 1872.
2. Fifteen days before election the Board of Aldermen shall appoint three Registers and Inspectors of Election for each Ward.
3. Registers shall attend at some convenient place in their respective wards, at least eight days before election, for the purpose of registering the names of the voters in their wards, in alphabetical order, as near as may be, and also the number of block and lot or part of lot, upon which said voter resides. Said inspectors shall also give notice in one or more newspapers of the time and place of registration and the day and place where the election shall be held.
4. The qualifications of voters are the same as voters of members of General Assembly, but every person voting must have resided ninety days within the corporate limits of the city, and have been a resident of the ward in which he votes, thirty days previous to the election.
5. Any person fraudulently voting or registering or attempting the same, shall be

deemed guilty of a misdemeanor, and on conviction, shall be sentenced to imprisonment for thirty days, and a fine of one hundred dollars.
5. On Saturday next preceding the election, on application of any candidate for Alderman, the Mayor or acting Mayor may appoint such persons as said candidate may designate, if they be proper and discreet persons, to act as challengers at the polls, of which one may be allowed to attend at each voting place, by having access to the registration books.

6. The votes are by ballot, upon the cumulative plan, each voter being allowed to place ten names repeated, or two names five times repeated, or any other division of names he may see fit, so it does not exceed ten times in all.
7. After the polls are closed, the inspectors of election, in presence of such challengers as may choose to attend, shall proceed carefully to count the vote, carefully noting on a properly prepared list, the votes—the books or poll list to be provided by the city, the votes on each ballot, as it is drawn from the box, to be recorded, each name or repetition of a name to count as one vote. Any challenger may demand to see the ballot. When through counting, and the result of the poll has been determined, it shall be announced by the inspectors, who shall forthwith certify the result on the poll list and sign the same, and any challenger may sign the same. All ballots shall be carefully preserved, and together with poll lists shall be delivered by the inspectors, and such challengers as attend to the Clerk of the Board of Aldermen at the City Hall, who, in presence of the Inspectors and challengers shall carefully compare the poll lists and shall declare the ten candidates receiving the greatest number of votes to be duly elected Aldermen, and the Clerk shall notify the elected candidates.

8. No person connected with the city government, or a candidate, shall be an inspector or challenger, or shall be present at counting of the votes.
