hair, baldness would soon be inevitable. But even in this case, forlorn as it may seem, the mischief can be arrested, the loss repaired. Lyon's Kathairon, aided by a brisk application of the brush to promote the absorption of the fluid by the scalp, will stop the thinning-out process in forty-eight hours. The roots from which the dead filaments were shed will soon be re-endowed with vitality, and a new growth will speedily spring up on the denuded places. This work of reproduction will go on until the dam-age is completely repaired, and the luxuriant crop of hair thus produced will never wither or fall out as long as the vitalizing application is regularly continued.
