FIFTH WARD DEMOCRACY.

GREAT ENTHUSIASM.

speeches of Col. Atkinson and Judge

Cantwell. A large crowd, consisting of whites and negroes, assembled at the Fifth Ward Flag Pole last evening to hear the addresses of Hon. Edward Cantwe I

and others. The speaker's stand was tastefully dressed with United States flags, the banner presented to the Fifth Ward some years ago and the Fifth Ward campaign flag. Tar barrels were burning on Fifth street and immediately around the stand.

At 8 o'clock the Tilden and Vance Guards arrived in full regulia. Judge Cantwell having arrived, Capt. Beery, the President of the Club, called the meeting to order and introduced Col. John Wilder Atkinson, who spoke for a half hour in a very happy style, exkibiting facts and figures which convinced his hearers that reform was necessary in our State and National adminis r a ons.

Col. Atkinson introduced Judge Cantwell, who rose amid the deafening shouts of his audience. The Judge's address was well fonceived and happily delivered; his chunciation was clear and distinct; he was listened to with interest, and often interrupted with applause. He reviewed the corruption of our city county, State and national administrations. He said: "We want reform because it is not desirable when an American citizen visits Europe on business or pleasure to be reminded of his. late representative at the Court of St. James and the Emma mine affair; we want reform because we want to get rid of men who do not respect their oaths; we want reform because we want to get rid of men who steal the public monyes; we want reform in the county government because the county government there was an old law maxim that aman is known by the company he keeps, and the President had excluded from office every Southern man, or man of ability and respectability, and in their stead placed men of doubtful character and inferior attainments. When the Convehtion convened the only men in that body who violated or offered to violate their plighted vows were the members of the Republican party.

"If I were a Congressman of the United States I would introduce a resolution for the impeachment of Gen. Grant for two reasons, if no other: I mean on account of his violation of the legislative chamber of Louisiana by Gen. DeTrobriand, and for his sending troops to South Carolina without authority of law.'

The Judge spoke for one hour and a half, and was listened to with deep interest, especially by the large number of colored men who had assembled to hear him. The meeting was orderly and very enthusiastic.

A number of ladies were assembled together on the various porches of the neighborhood, and manifested a deep interest in what was going on.

GENERAL CITY NEWS. V

The house of Amanda Steele, on

Arson.

Ann. near Seventh street, was discoverep to be on fire about 7 o'clock last Saturday evening. Amanda closed her house about 6 o'clock, for the purpose of shopping and at the time of the aliscovery of the fire was absent. The door of the kouse was forced open by a policeman, who found, upon entering the room from which the flames proceeded, a fire kindled in the middle of a bed. The bedding and the bedstead were consumed and a trunk in the room had been ransacked. Suspicion pointed towards a negro woman who had had a disagreement with Amanda and who was seen loitering about the premises in a suspicious manner. The back window of the house was found open, and it is supposed an entrance was effected through it.

Search warrants were issued, but as none of the missing articles could be found, no arrests were made.
