**Burning of a Steamer.**  
Last night, about 9 o'clock, the alarm fire was sounded. It was ascertained that the steamer Hertford—an old vessel belonging to Mr. Wm. Beery, and lying up in dock near the Cotton Factory—was partly burnt. Her cabin and a portion of the deck were consumed. The loss is about \$300. No insurance.

**Domestic and Foreign Vessels.**  
In reply to the inquiry of one of our commission houses, we would state that the number of vessels which have cleared from this port for the twelve months ending the 1st of November, 1876, is as follows. This does not include vessels under 100 tons or those in the State trade. Cleared for domestic ports—steamers 151, brigs 2, schooners 77. For foreign ports—barkens 129, brigs 93, schooners 43—domestic 230, foreign 265. Total 495. There were more schooners, but the above is all that we have any record of.

**Dunham Demands His Certificate.**  
Maj. Dunham has determined to claim his seat in the Legislature. Yesterday he demanded of Sheriff Manning his certificate of election, which the Sheriff refused, on the ground that only two members were entitled to seats in the House of Representatives from New Hanover. Maj. Dunham then applied for a certified copy of the election returns, which the Sheriff promised to give him. He also sent for a certified copy of the returns from Pender county.

**Mayor's Court.**  
Mary Anderson, disorderly conduct; fined \$10 and costs or 30 days on the streets.  
Richard Moore, larceny; bound over to the Superior Court in the sum of \$50.

Last evening Mr. Henry Jewett married Miss Jennie Dunham, at the residence of the bride's father, Mr. Samuel Dunham, on Front street.

The prediction is that there will be colder weather to-day.

## NORTH CAROLINA.

The Grand Lodge of Masons will meet in Raleigh on December 3th.

The *Farmers' Journal*, of Raleigh, has been sold to R. T. Fulghum, Esq.

A bad negro politician of Charlotte, Mamel Lord, has been arrested for making threats that Gov. Vance would never be inaugurated.

Rufus Ferrell, a Democratic negro of New Light township, Wake county, was murdered—it is believed on account of his politics—and afterward was found hanging in the barn of a white Radical.

The *News* learns that the wife of Riddick Stansill, who lives at or near Selma, Johnston county, was found drowned in the well on the premises about sunrise Sunday morning. A case of supposed suicide.

W. B. Martin, son of Gen. Martin, and Col. L. D. Starke have been reappointed by the Governor Commissioner of Deeds, &c., for this State. They are residents of Norfolk. Major Wm. B. Hill, of Baltimore, has been reappointed also.

For Speaker of the House the names of Messrs. Charles Price, of Davie, Marshal H. Pinnix, of Davidson, Edward Ransom, of Tyrrell, John M. Moring, of Chatham, and John N. Staples, of Guilford, are suggested as suitable persons. For Speaker of the Senate, the name of Hon. James L. Robinson is brought forward.

## VIEWS OF NOTED MEN.

**Randall Claims that the 22d Joint Rule Still Exists—The Remedy with Congress.**

**SENATE TO A DEMOCRATIC COMMITTEE.**

At the Galt House, Louisville, Ky., Saturday, at midnight, 5,000 or 6,000 citizens, with bands of music, called upon the gentlemen en route for New Orleans, serenaded them and called lustily for speeches. Gen. Palmer, of Illinois; Gov. McCrory, Senator Stevenson, of Kentucky; Messrs. Love, Manson, McDonald and Julian, of Indiana; Doolittle, of Wisconsin; Sam'l J. Randall, of Pennsylvania; and Trumbull, of Illinois, all made brief addresses, counselling peace and quiet, and expressing confidence in Governor Tilden's election and the desire of the whole people to have him inaugurated. Judge Stallo, of Ohio, also spoke. He said from what he had seen in the North, among both Republicans and Democrats, the temper of the people is such that fraud and violence will not be permitted in Louisiana.

**MR. RANDALL ON THE JOINT RULES.**

The Hon. Samuel J. Randall, of Pennsylvania, in his speech, expressed the opinion that the presence of Northern gentlemen, of both parties, who go to New Orleans to preserve the purity of the ballot-box, will prevent any arbitrary partisan action by the returning board, notwithstanding that it is composed exclusively of Republicans. He thinks the real remedy, however, lies in the Congress of the United States; that the twenty-second joint rule still governs both Houses; that never since his presence in Congress have the joint rules been re-elected at the beginning of any Congress. On the contrary, they have been considered as having continuous existence. It is within the province of the House to reject any fraudulently made up return, whether from Florida, Louisiana or South Carolina, was done by a Republican House and Senate in the cases of Georgia and Arkansas in 1868. There is further constitutional relief in the power of the House of Representatives, which it is not necessary now to discuss. The moral power of Mr. Tilden having nearly 300,000 majority on the popular vote should and will have great weight with the American people.

**SPEAKER SAYLOR APPREHENDS NO DANGER.**

Hon. Milton Saylor, of Cincinnati, Speaker of the House of Representatives, being asked by a reporter of the Cincinnati *Commercial* whether he apprehended any danger to the country in view of the present election contest, is represented as answering: "I do not. I have too much faith in the sober second thought of the American people. There are too many people who have property, own bonds and are the fathers of children. We cannot afford to convert the United States into a second Mexico. In judgment, whoever is fairly elected, without taint or fraud, will be inaugurated peacefully by the common consent of both parties."

## CONDENSED TELEGRAMS.

Evarts declines to come South. Turkey prepares vigorously for war. There is an engineer's strike on the Georgia Railroad.

Torpedoes have been sunk in the eastern part of the Bosphorus. A complete understanding, it is said, has been established between England and Austria.

It is reported that in an engagement near Puerto Principe, Cuba, the Spaniards were badly worsted.

The Powers are said to be in accord respecting the conference which is to meet the latter part of November.

Department of Agriculture official reports indicate a favorable season for gathering cotton crops, except in some portions of North Carolina.

An Oregon Presidential elector has resigned his post office. It is stated that several electors hold centennial commissionships from the government.

The Republicans in Louisiana concede that a majority of the votes actually cast were for Tilden, but fall back on the old dodge of charging intimidation and violence.

The Virginia M. E. Conference South, in session at Richmond, has appointed a committee to consider the subject of formal relations between the Southern and Northern churches.

MILWAUKEE, Nov. 16.—Several weeks before the election one of the Republican candidates was discovered to be ineligible. A change was made in the tickets though they did not reach all points. The faulty ballots are not sufficient to raise doubt as to the election of the eligible candidate.

**Attempted Suicide of a Distinguished Teacher.**

It is with deep regret that we learn by the Raleigh papers of the insanity of Prof. James H. Horner, the great Oxford teacher. He has been exhibiting for several months symptoms of loss of intellect. Last week he took a powerful dose of arsenic and laudanum, and was instantly summoned. On Monday he was committed to the Asylum in Raleigh.

The *Observer* learns that Miss Armfield, who was accidentally shot by her brother in Statesville Friday afternoon, died on Saturday morning.

### A DARING AND BLOODY ACT.

**Eleven Cubans Take Possession of a Steamer on the High Seas—Murder of Her Officers.**

HAVANA, Nov. 15.—While the steamer *Moctezuma*, belonging to the line of steamers running between here and Porto Rico and touching at various ports of this island and also at Puerto Plata, was at the latter port, about eleven passengers embarked, who, when the steamer was on the high seas, killed the Captain, first mate, first engineer and supercargo and took possession of the steamer. They then landed the rest of the passengers on Romero Key, Cuba, and put to sea again. It is supposed that these so-called passengers were Cubans. The whereabouts of the *Moctezuma* are unknown. Puerto Plata is full of refugees from here.

### FLORIDA.

**The Herald's Returns Give the State to Tilden.**

WASHINGTON, Nov. 15.—The *Herald* has an elaborate Tallahassee special which says official returns from nine counties justify the unofficial returns made a few days ago. It is settled that the full returns of the county canvassing boards will give the State to Drew by over 900 and Tilden by over 500. These returns will be attacked before the State canvassing board by the Republicans.
