THE OBSERVER.

A DAILY AND WEEKLY Democratic Newspaper.

Of long experience in their profession as editors, respectively of the Fayetteville OBSERVER and the Wilmington JOURNAL, they do not affect to doubt the se undness of the general judgment which assigns them ability to furnish a newspaper suited to the needs and adapted to the tastes of the people of North Carolina. Differing in politics in the olden time, there was never a difference between the O. ISERVER and the JOURNAL in zeal for the interests and honor of North Carolina. To promote the one, and to uphold and add to the

other will be object of the OBSERVER now. It will be their high aim to deserve the public confidence by earnest efforts to promote the public welfare, first and foremost of North Carolina, next of all the Southern States, and finally, and through these, of the whole Union. They think that this can only be effected by the prevalence of Democratic principles and the dismissal of the Radical party from the places and power which they have so greatly abused, and under whose baleful rule the South has been outraged and the whole country has been impoverished and disgraced.
