There is little to say about the game of base ball Saturday except that the score was three to one in favor of the Rocky Mount team. The visitors won the game on merit as they batted consistently when hits meant runs and also fielded brilliantly when ever Wilmington would start a rally. The Sailors had several good chances to score additional runs but these were killed by bone-head base ball.

Wysong, than whom there is no better pitcher in the league, picked up the game at the fifth inning after it was virtually lost and pitched magnificently, holding the visitors scoreless for the remainder of the game. "Lefty" is a crack pitcher and if the Sailors did not falter behind him in nearly every game he pitches he would have a great many victories to his credit.

Conn and Smith for the Sailors and Waymack, pitcher and Johnson, short stop, for Rocky Mount, were the stars of Saturday's contest. Conn, the new catcher, continued his fine work of the day before and he has already won a home in the hearts of the fans. The little fellow has a deadly wing and he nips every attempt to steal bases. The only base stolen on him Saturday was when a batter interfered with his throw to second to catch the runner. Even under this handicap the decision which declared the runner safe was close.

Carter gave a wierd exhibition of umpiring and at times his work was of such a rank nature that he was roundly hissed by those present at the game. He was impartial in his roasts however and when ever he put the hot iron to the locals he would repeat the application to the visitors. He seemed clearly incompetent in the series here, especially with regard to decisions on balls and strikes.

Patton, pitcher, and Accorsini and Snedden, candidates for infield positions, were released Saturday night.

The tabulated report of Saturday's game is as follows:

Guerrant Groans.
Guerrant is not coming to join the Sailors after all. This solar plexus blow will tumble the baseball fans to the floor for the full count and when they recover consciousness their first query will be "What about that short stop position, and who is going to cover the hole in the infield at present, big enough to drive a herd of elephants through, much less to allow an elusive baseball to slip by whenever hits are needed for the opposition."

It was learned this morning that Guerrant had accepted terms with the Fayetteville team and that he joins the Highlanders today. The fans had counted on his coming to Wilmington and his decision to play with Fayetteville will be received with general regret as he is a fine ball player and a clever gentleman.

Possibly it is too late to kick about the make-up of the team, especially as the management has tried several players recently who failed to produce the goods. If immediate steps are not taken to brace the Sailor outfit, however, Wilmington will soon be taking an upward squint from the bottom of the percentage ladder at the retreating heels of the other teams. At present

A FACT ABOUT THE "BLUES"

What is known as the "Blues" is seldom occasioned by actual existing external conditions, but in the great majority of cases by a disordered LIVER.

THIS IS A FACT which may be demonstrated by trying a course of

Tutt's Pills

They control and regulate the LIVER. They bring hope and buoyancy to the mind. They bring health and elasticity to the body.

TAKE NO SUBSTITUTE.

It looks as if Wilmington is fifty per cent weaker than every other team in the league and this is a fact which can neither be gainsaid or denied. Rocky Mount was supposed to be the infant of the six teams, but unbiased judgment will cause everyone to realize that the Railroaders looked far better than the Sailors in the games played here last week.

Wilmington needs, and needs at once—not cast-off men from other teams in this league and in other leagues—a first class short stop, a hard hitting outfielder and one or two pitchers of the Anderson-Lane-Weymack-Pope variety.

The local management will make a good investment if it secures three such men immediately and without further delay. The increased gate receipts within two weeks will make-up for any extra expense which may be incurred in the signing of such men. Every other team in the league has braced since the season started and if the Sailors do not do something the fans here will have to swallow, with good or bad grace as the case may be, a martyrdom-dose, which will land them in the bottom gutter of the percentage column. These men are needed and needed now and the fans want first class material, not cast-off junk from other teams.

A Souvenir Habit.

Lippincott's Magazine.
Souvenir spoons, knives, forks, plates, photographs, postal cards and what-not have been a perfect passion with the multitude. The thing seemed to have been carried a little too far when somebody at a reception to Mr. Wu, the Chinese ambassador, some years ago tried to snip off a piece of that eminent humorist's pigtail with a pair of pocket-scissors; but even that was surpassed by a certain Chicago woman.

A stranger speaking of her to another woman observed that she had heard that she was a confirmed souvenir hunter.

"Not really, a kleptomaniac, you know," she said.

"Oh, no, not at all," was the reply. "She is just the ultra of souvenir-hunting. I happen to know her too. You see, some years ago she paid a week-end visit at our country place, and when it was over—"

"You missed your silverware?"

"No, indeed," was the answer. "My husband?"

NOTICE!

Having on June first purchased the entire interest of Mr. Ralph Kennedy in the fresh meat business, conducted at the stand Southeast corner of 7th and Castle streets, I will now give my entire time and attention to the management of the same.

Very truly,
