Fayetteville	6	6	.500
Goldsboro	5	7	.416
Wilmington	4	8	.333

In a desperately fought eleven inning game yesterday at Fayetteville the Highlanders and the Sailors had a "dog-fall," the score being "two all." In spite of the fact that the Sailors did not emerge with the larger end of the score, to judge from the box report, the Sailors most certainly should have won the game. Wilmington secured nine safe swats off the Highlander Flinger. The number of hits gotten by the lads from the upper sand hills amounted to the insignificant number of three. The Sailors also had only one error coming their way after the eleven innings of play. Fayetteville scored in the first and third innings while Wilmington pulled a brace in the seventh inning. Fletcher started the game for Wilmington and later was relieved by Howard. The Sailors made the best showing of the season thus far at Fayetteville as they are yet to win their first game on the Highland grounds. A tied score is a good beginning with this end in view. With Brooks and Hanks yet to pitch before the Sailors return to the local lot, prospects look bright for at least one or two victories in the present series.

The Sailors are playing phenomenal ball now and deserve far better support than has been accorded by the fans at the recent games. Beter exhibitions of the national sport have never been seen here than the last six games at League Park. It is believed that the crowds at the games with Raleigh this week will be record breakers.

As a result of the severe electrical storm which passed over the city last night about 11 o'clock the roof of the union station presents a pretty dilapidated appearance this morning and there are at least 25 holes torn in the tin covering. A bolt of lightning struck the tower and one corner of the gable on the west end of the building. The stone cornice was torn away and one block was thrown across the Seaboard track about 50 feet from where the bolt struck. Bricks were scattered in every direction and nearly all of the skylights are

broken. It is supposed that there must have been two strokes in quick succession as one of the prisoners in the county jail was shocked or scared into insensibility. Fortunately no one was hurt although there were a few passengers in the station and some of the officials were in the baggage room where the most damage seems to have been done. The amount of damage to the station will probably be about \$300 covered by insurance. Last night's storm was one of the most severe electrical displays which this community has had in a long time. The phones were out of commission all over town and the linemen have been busy all the morning out on the wires. There were several live wires loose and one lineman barely escaped injury early this morning. He was on a pole testing a wire when he happened to make connection with a live wire. He was thrown about ten feet but caught on a support wire before he struck the ground.

Healthy Mothers

The bearing of children is frequently followed by poor health for the mother. This supreme crisis of life finding her physical system unprepared for the demands of nature, leaves her with weakened resistive powers and sometimes chronic ailments. This can be avoided if Mother's Friend is used before the coming of baby, and the healthy woman can remain a healthy mother. It is the only remedy that perfectly and thoroughly prepares the system for healthy motherhood, and brings about a natural and easy consummation of the term. Women who use Mother's Friend are always saved much suffering when the little one arrives, and recover more quickly, and with no ill effects, or chronic troubles. Every expectant mother should safeguard her health by using Mother's Friend, thus preparing her physical condition for the hour of motherhood. This medicine is for sale at drug stores. Write for free book for expectant mothers.

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.
