### Maddened Elephant Kills His Trainer

In Sight of Hundreds Infuriated Beast Crushed Life Out of James Hildebrand—Tuks Pierced His Victim's Body.

Dixon, Mo., April 29.—Hundreds of persons today saw an infuriated elephant hurl its trainer into the air, then crushing him with its weight and repeatedly piercing his body with its tusks. The tragedy came when Trainer James Hildebrand tried to place the elephant into a car. Immediately after the tragedy, the elephant was shot.

## THIRD GOULD WEDDING TAKES PLACE IN YEAR

New York, April 29.—The third wedding within a year in the George J. Gould family took place this afternoon, when Jay J. Gould, the railroad magnate's second son, and Miss Anne Douglas Graham, were married at St. Thomas' Church. The bride, whose mother before her marriage was Princess Kalkilan of Hawaii, was given away by her step father. Kingston Gould was the best man.

### Stocks Today.

New York, April 29.—Under the stimulus of a broad, active buying movement stocks rose buoyantly at the opening of the market. Demand was especially pronounced in standard railway issues. Increasing strength was manifested during the first hour's trading with a rise taking in all classes of securities. The Canadian group and Western railroads displayed the most strength. There was also a noticeable improvement in many specialties. The market closed strong. The pace slackened for a while in the second hour. The market eased off a fraction, but became much quieter. Near the end, the shorts began to cover heavily again. Prices climbed to a new high level. The whole market was up substantially.

## BIG LABOR STRIKES NOW HOVER OVER CHICAGO

Chicago, April 29.—Any "May Day" approaches Chicago's horizon is more cloudy than for several years. Wage disputes and jurisdictional controversies, involving 45,000 men, are proving the disturbing factor and may result in many strikes and lock-outs during next week. In point of numbers the building trades war is the most serious of the impending labor difficulties.

## CALMLY AWAIT THEIR TRIAL

### Alleged Dynamiters Decline to Be Interviewed.

McNamaras Are Quietly Awaiting the Arrival of Their Attorneys and Refuse to Talk in the Meantime—Will Try to Show That Gas Caused the Explosion at the Los Angeles Times Building.

Los Angeles, Cal., April 29.—Calmly awaiting developments, John J. McNamara, secretary of the International Association of Bridge and Structural Iron Workers, and his brother, James B. McNamara, a Union iron worker, and Ortle E. McManigal, charged with the series of dynamite outrages, are obeying the instructions of their attorneys, and refuse all interviews. The only attorneys retained by the defense so far are Job Harriman, of Los Angeles, O. H. Hilton, of Denver and Clarence Darrow, of Chicago, the latter being chief counsel. Darrow is expected here Monday. Nothing more definite regarding the defense has been stated than that it will try to prove that it was gas which caused the explosion in the Times building, Assistant District Attorney Ford is due to arrive from Indianapolis Monday. It is thought he will bring considerable documentary evidence, possibly a copy of the alleged Chicago confession of McManigal.

## "FIDLING BOB" TAYLOR TO DEBATE WEIGHT QUESTION

Washington, April 29.—Senator Robert L. Taylor, of Tennessee, who while Governor of that State was known as "Fidling Bob," has replaced Representative Ollie M. James, of Kentucky, as a member of the affirmative team in debate at the National Press Club Tuesday night, next on the resolution, "That Whiskers are a Greater Detriment to a Man Than a Bald Head." Senator Taylor's associate on the bald headed side of the argument will be Representative Nicholas Longworth, of Ohio. For lack of hirsute adornment, Taylor is said to lend great strength to the affirmative side. Upholding the value and beauty of whiskers will be Senator John W. Kern, of Indiana and "Uncle Joe" Cannon, of Illinois. Ollie James will be absent on business.

## READY FOR BUSINESS MONDAY.

Refreshment Stand at Lumina Opens Then and Sunday School Picnics Start in Monday.

Those who find enjoyment in spending a day at the beach will be glad to know that the refreshment stand at Lumina will open for business Monday, and will continue open for the rest of the season. The refreshment stand will be in charge of Mr. J. M. Lord and his assistants.

Monday also marks the beginning of the Sunday School picnics at Lumina. The Wrightsboro Sunday School will have a picnic at Lumina Monday, and there will be Sunday School picnics at the popular pavilion daily throughout the month.

## LABOR LEADERS SPEAK AGAINST TAYLOR SYSTEM

Washington, April 29.—Samuel Gompers, president of the American Federation of Labor, and James O'Connell, president of the International Association of Machinists, assailed the Taylor "scientific" system of shop management before the House Labor Committee today, urging the committee to report a proper resolution providing for an investigation of the system. "The Taylor proposition," said Gompers, "would make more money for the manufacturers and would kill more workmen. It is certain a man cannot work under the 'speeding up' system for anything like the time he can under normal conditions." President O'Connell declared the Taylor system tended to wipe out manhood and would destroy the genius of American workmen.

## Chief Prisoner In Los Angeles Dynamiting Case; Where Quantities of the Explosive Were Found.

John J. McNamara, one of the men arrested in connection with the dynamiting of the Los Angeles Times building in October last, when a score of lives were lost, has been secretary-treasurer of the International Association of Bridge and Structural Iron Workers for several years and was in line for the presidency of that organization. The charge made against him has developed into one of the greatest sensations in labor circles in years. The detectives have seized as evidence large quantities of explosives which they took from barns alleged to have been rented by the prisoners. In the picture are shown four poses of McNamara and the barn near Indianapolis where dynamite was found.

## HIT WITH AXE

Brother Likely Mortally Wounds Another as Result of a Quarrel—Escapes into the Woods.

North Pownall, Vermont, April 29.—Hearing terrified cries neighbors rushed to the field of the Boulger farm, in Stamford, and saw John Boulger with a blood-spattered axe standing over the mutilated form of his brother, Michael Boulger. The assailant soon disappeared into nearby dense woods. The assault was the result of a quarrel. The wounded man will probably die.

## PEACE NEGOTIATIONS MAY NOT BE SUCCESSFUL

## AFTER HER SLAYER

New Jersey Section Being Scoured for Brute Who Clubbed Mrs. Charles Turner to Death—Negro Under Suspicion.

Lakewood, N. J., April 29.—This section is being scoured for the slayer of Mrs. Charles Turner, found clubbed to death in nearby woods yesterday. There are no clues. The motive for the crime has not been determined. The woman was young and attractive and wife of a responsible employee of George J. Gould's estate. There was every indication that she struggled desperately against her assailant. A negro seen in the vicinity shortly before the crime was committed was the chief object of suspicion by the authorities.

## SENATORS PREPARING TODAY FOR SERIOUS BUSINESS

Washington, April 29.—Committee meetings were in order today for the Senators. The fact that when the Senate adjourned yesterday it was not to meet again until Monday gave opportunity to prepare for the serious business of the session, which was prevented by the factional fight over the committee assignments in the Republican ranks. The House again had the free list bill before it. Effort yesterday to follow the Senate's lead and adjourn until Monday was frowned on by the Democrats because of the increased number of members who have announced their intention to speak upon the measure.

Gov. Wilson today received members of the Woodrow Wilson Democratic Club, one of the first organizations formed to boom Wilson for the Democratic presidential nomination in 1912.

## JEFFRIES PASSES EXPERT OPINION ON WOLGAST

New York, April 29.—James Jeffries ex-world's champion, has come out of retirement long enough to give an expert opinion regarding the standing of Ad Wolgast, whose bout with "One Round" Hogan; Jeffries witnessed Wednesday night. Jeffries commented that Wolgast is the best light weight in the world. "He is a fighter pure and simple," he says. "He doesn't pretend to be a fancy boxer. There is no doubt about his gameness and qualities, which make a champion. He has wonderful stamina and improves as the battle progresses." Wolgast's next fight will be with Frankie Burns, the California lightweight in San Francisco, May 29th.

## NARROW ESCAPES FROM DEATH

### Thrilling Experience in A Severe Storm

Oyster and Fish Men in the Gulf Suffered Exposure for Two Nights in Dreadful Hurricane—Thrilling Escapes of Scores of Persons—Several Good Size Ships Were Blown on Shore.

New Orleans, April 29.—Fierce encounters with a hurricane, angry seas, two nights' exposure and almost unending hours of hunger and thirst was the lot of scores of fish and oyster men of the Gulf coast fleets during the West Indian gale Tuesday and Wednesday.

Dispatches from Biloxi tell of the return of Daniel Gorenflo, a prominent packer's son, who with the crew of the schooner Arapahoe had a terrible experience during the forty-eight hours' hurricane. Blown from their moorings, they ran short of provisions and subsisted on boiled shrimp for three days. Oscar Colson, of Scranton, Miss., captain of the schooner Reindeer, was near the Arapahoe when the anchor line parted during the terrific blow. The Reindeer drifted two days and nights across a long stretch of Louisiana marshes and bayous to Catfish Pass. Colson reached Biloxi rowing in a small skiff to bring relief for the crew. The pleasure party was in the schooner, anchored near Chandeleur Island, when the blow started. The hurricane became fierce. The crew was forced to cut away the masts to prevent capsizing. Water and provisions had been exhausted when a passing launch was signalled to tow them to Ship Island. Six good sized schooners were blown on the beach at Pass Christian. Several of them had cargoes of oysters and nearly all were seriously damaged. The crews report thrilling escapes.

## VIOLATION OF SCREEN LAW

### A Number of Warrants Were Served

Arrests Made Today for Alleged Violation of the Screen Ordinance—Fish Dealers Were the Ones Upon Whom the Warrants Were Served—Communication From Sorosis.

The lax attention which is said to have been paid the recently adopted screen ordinance has caused some discussion during the past few days. A slight sensation was produced today when twelve or thirteen fish dealers were served with warrants charging them with violation of this law. These dealers were arrested this morning and all were recognized for their appearance at court next week. It is alleged that some of the dealers were paying no attention to the ordinance, other than to keep their fish covered with bagging. The ordinance provided that either glass or wire screens must be used. The names of those upon whom warrants were served today are as follows: R. C. Fergus, J. B. Neely, Hamon Tietgen, S. Sneeden, J. C. Oldham, J. R. Carney, J. R. Bell, T. V. Sneeden, white, and the following colored dealers: George Robinson, Washington Ross, J. W. Fells, Oliver Harris, and Meanos Hansley.

In connection with the arrests today for alleged violations of the screen ordinance, the following communication has been received from the Sorosis with a request for publication: "At a meeting of the Home Science Department of Sorosis held on Friday afternoon, the following paper was read and approved, and the secretary was directed to request its publication in the press of the city: "The members of the Home Science Department of Sorosis have observed, with much disappointment, the failure of the proper authorities to enforce the ordinance lately adopted which requires screening with wire or glass certain articles of food. The violation of this ordinance, not only by hucksters and small dealers, but as well by large business establishments, with no apparent efforts of the authorities to have such violations punished does not inspire confidence in the motives or capacity of those whose duty is law enforcement. The failure of fish dealers at the Front street market to make even a pretense of observing the law must have been observed by the police and, in the course of his duty, by the Chief of Police. "The members of the Sorosis were actuated only by the purest and best motives in seeking the passage of this ordinance, the desire for a healthier and more beautiful city. "The failure of those whose duty it is to enforce this law ought to mark them as unfit for the public service. We earnestly call upon them to do their plain duty, and if they are unwilling then let them resign and let others have committed to them the health, safety and happiness of the community."

## CARE IN VOTING.

Many of us would no doubt be surprised to know that in the primary election several hundred votes were lost because of improper marking of ballots. The law respecting regularity is very strict, and every voter should inform himself before going into the booth. The rules for the election Monday are these:

Only one Candidate can be Voted for from Each Ward. The Voter must Designate his choice by putting an (X) in the Square Opposite the Name of the Candidate. Only Five Candidates can be Voted For, but it is not necessary to Vote for Five if a Voter does not care to support a full ticket.

To put a "check" mark in the square opposite the name of a candidate is not complying with the law, and a ballot so checked is thrown out. If the ballot is defaced it is also thrown out, but a voter has the right to the use of three ballots in preparing his vote.

Let every man see that his ballot is properly prepared and carefully deposited in the ballot box.

Monday is Election Day and I will appreciate the support of all who are loyal to this city and believe in its progress.
