REBELS ARE NOW IN CONTROL OF JUAREZ

Insurgent Flags Fly From Public Buildings and Navarro Being Hotly Pursued

Battle of Juarez Has About Ended, With the Revolutionists Capturing the City—Fight Continued This Morning and Rebels Used Dynamite Bombs—Jail Blown Up and Prisoners Liberated—Other News From the Front.

El Paso, Tex., May 10.—Navarro has given up and the surrender of the Federals, under General Juan Navarro, at Juarez is complete. Madero's army now controls the port.

The estimates of the number of dead and wounded have gone up rapidly. Most dead were dragged from the streets and not buried until later.

General Orozco has given orders to his men to give help to the wounded on both sides. He shook hands with the Federal officers, who are prisoners, and told them how bravely they fought.

General Navarro, the Federal Commander, continued desperate resistance in Juarez this morning to the onslaught of the Rebels, under Francisco I. Madero, Jr. After fierce fighting of over four hours it was reported that Navarro has deserted the city. The engagement began again in earnest at 8:25 o'clock. Juarez is flame swept from the fires of last night. The Rebels are making desperate stands from behind barricades. The Rebels are pushing the fighting. The Federals found refuge at a church and at the customs house, but latest reports declare they were driven from both these buildings. The Rebels are throwing dynamite bombs and both sides are using machine guns. It has been reported that fighting, each side taking advantage of such buildings and streets offered. Navarro said he would fight to the death. He expects reinforcements. The latest reports said this success was two hundred miles away. The Rebels expect reinforcements to the number of three hundred men this afternoon. Wounded men are being brought into El Paso. Refugees are hurrying across the bridge separating Juarez from the American city. Bullets are still coming across the river into El Paso. As far as known no more Americans have been killed or wounded. Tijuana, the Mexican town in lower California, captured by Rebels yesterday, is still in their possession. There has been no further fighting there. The general forces that were in Agua Prieta evacuated that town today. It is reported that Federal forces were drawn into a trap yesterday near Saltillo and lost some men in subsequent fighting with Rebels.

El Paso, Texas, May 10.—At 9 o'clock there was little change in the relative position of the Rebel and Federal forces. An exchange of shots was occasionally heard, but it was evident

ALL QUIET ON THE EXCHANGE

Following Thrill Given New Orleans Yesterday

State of Quietude Prevailed on the New Orleans Cotton Exchange This Morning, Following the Exciting Hayne Offer—Estimated That Bears Unloaded Eighteen Thousand Bales of May Cotton.

New Orleans, May 10.—Following the excitement on the New Orleans cotton exchange yesterday, occasioned by the offer of Frank B. Hayne, the bull leader, to take the entire supply of spot cotton in New Orleans at 15.48, comparative quiet ruled the ring when the market opened today. It is estimated that the bears unloaded 18,000 bales of May cotton on the bull clique, but Hayne and other bull leaders are still buying, principally in small lots. In the face of ideal weather conditions in the cotton belt today the bulls were aggressive and soon after the opening of the market forced July cotton to 15.71, the new high record for the season.

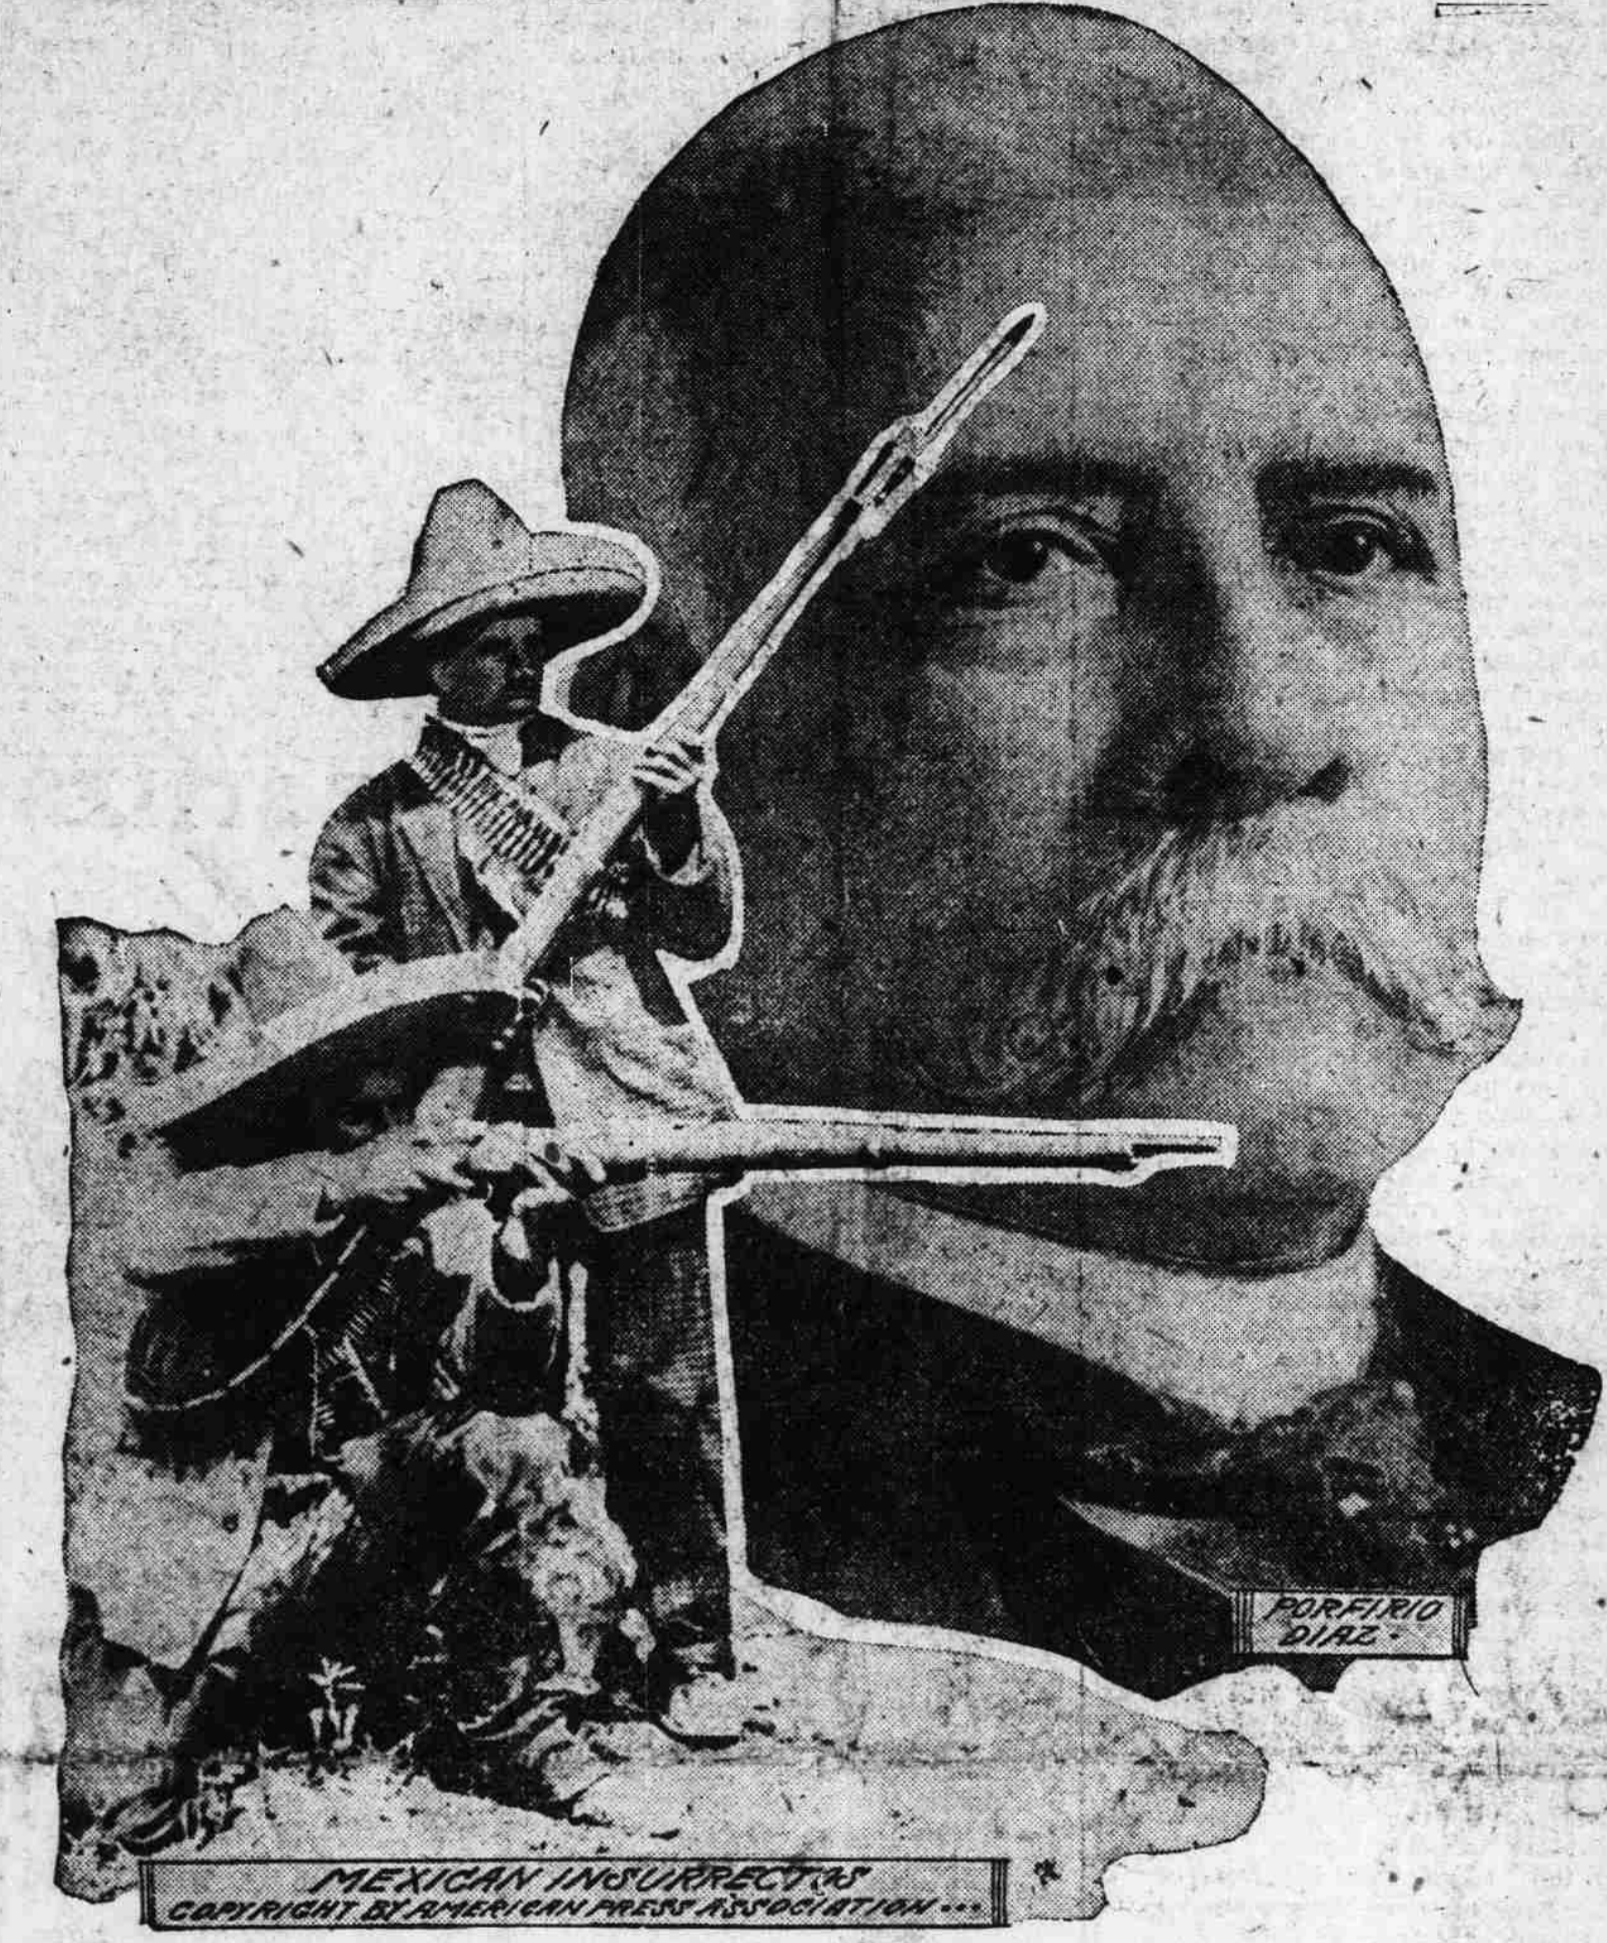

NEITHER SIDE MET TODAY

Only Committees of Congress at Work

No Session of Congress Was Held Today, But Senate Finance Committee Is Struggling With the Canadian Reciprocity—There Will Be a Minority Report When Statehood Question Is Reported to the House Friday.

Washington, May 10.—Neither branch of Congress is in session today. There was activity among the committees and interest in the Senate side of the Capital, lay chiefly in the continued hearings on the Canadian reciprocity before the Finance Committee. Farmers and paper and wire manufacturers obtained reservation of time to address the committee. Some of those who talked were before that body when the last Congress considered the subject. The House territories committee again considered the Statehood for Arizona and New Mexico. There will be a minority report when the resolution is submitted to the House Friday.

Mexican Insurgents Demand the Resignation Of President Diaz as the Price of Peace.

President Porfirio Diaz has been the Bone of Contention now for a Long Time and It Looks Inevitable that he will have to step down. His decision to retire under certain conditions did not suit the Insurgents and only caused their fury to break forth. With the capture of Juarez the Rebels have strengthened their movement.

EIGHT BODIES TAKEN FROM THEATRE RUINS

Edinburg, Scotland, May 10.—Eight bodies were recovered this morning from the ruins of Empire Music Hall, burned last night. The bodies identified thus far are those of "LaFayette, the Great," the noted musician, and two members of his company, Alice Dale and Joe Coster. Miss Dale and Coster were native Englishers. LaFayette was a German. He played for twenty years in the United States. During the past two years he had been in Great Britain presenting his spectacular "turn," introducing a horse and dog. An attempt to rescue these pets cost him his life. LaFayette had escaped in the panic which accompanied the burst of flames. He was seen to re-enter the stage door, saying as he did so: "I am going to get my horse and dog." The actor's charred body was found beside the horse in the ruins this morning.

PLUNGES TO DEATH

United States Army Aviator Met Death This Morning At Fort Sam Houston. Tumbled From Aeroplane Seat.

San Antonio, Texas, May 10.—Lieut. George E. M. Kelly, 13th Infantry, United States Army, was killed this morning in a fall from a Curtiss aeroplane at Fort Sam Houston. He was making a fight, and when about fifty feet from the ground, shot forward from his seat, landing on his head. His skull was fractured and he died within a few minutes without regaining consciousness. Kelly was a Glenn-Curtiss pupil in the aviation camp here.

It is believed the accident resulted from unexpected starting of the engine, while Kelly was making a landing.

Foley's Kidney Remedy Acted Quickly N. M. George, Irondale, Ala., was bothered with kidney trouble for many years. "I doctored, and tried kidney medicines without material benefit, in fact, kept getting worse. I was persuaded to try Foley's Kidney Remedy, and before taking it three days I could feel its beneficial effects. The pain left my back, my kidney action cleared up, and I am so much better I do not hesitate to recommend Foley's Kidney Remedy to all sufferers." R. R. Bellamy.

SHILOH HOUSE STORMED AND CAPTURED BY OFFICERS

Chicago, May 10.—Shiloh House, the late John Alexander Dowling's residence at Zion City, was stormed and captured by Constable Hicks and his deputies. The residence was occupied by Elmer John G. Taylor and thirty disciples, who had been guarding it for six weeks, resisting efforts of Mrs. Emily Gring, the new owner of the property, to take possession. They were forced to yield possession today. Taylor shouted: "The Scriptures have been fulfilled. The devil set foot in the Lord's house."
