

ATHLETICS RETAIN WORLD'S BASEBALL CHAMPIONSHIP

Swamped the Giants Today at Shibe Park With Terrific Hitting of Ames and Wiltse

Philadelphia Won the Fourth Game of the Series of Seven This Afternoon, Thus Clinching the Championship and Putting an End to the Series—Giants Started Off With a Rush, and Then Indulged in a Comedy of Errors, Including Wild Pitches, While Athletics Mixed in Hits—Philadelphia Made Seven Runs and Seven Hits in the Seventh Inning—Marquard Relieved Wiltse in This Calamitous Inning—Giants Only Got Four Hits.

Philadelphia, Oct. 26.—The Giants and Athletics clashed in the sixth game of the world's championship series at 2 o'clock this afternoon. The Philadelphia team, grievously disappointed in failing to defeat the Giants yesterday, went into today's contest to clinch the championship. "Eddie" Plank, the Athletics' reliable left hand pitcher, was selected to stop the Giants' batting streak. Crandall was the choice of the Giants for the pitcher's mound. The weather is splendid. Long lines of people stood in front of the downtown ticket offices this morning waiting to purchase reserved seats and at all the ball grounds' offices was another long line. Thousands of people stood at the bleacher gates shortly after they opened at 9 o'clock. The Athletics reported at Shibe Park at 10 o'clock and all got

MANAGER CONNIE MACK
Head of the Philadelphia Athletics, the
World's Champion Ball Team.

into their uniforms and began a batting practice.

The batting order today was:
New York. Philadelphia.
Devore, 1. f. Lord, 1. f.
Doyle, 2b. Oldring, c. f.
Snodgrass, c. f. Collins, 2b.
Murray, r. f. Baker, 3b.
Merkle, 1b. Murphy, r. f.
Herzog, 2b. Davis, 1b
Fletcher, s. s. Barry, s. s.
Meyers, c. Thomas, c.
Ames and Wiltse p. Bender, p.

The players were on the grounds an hour before the game began and kept the crowd interested by lively fielding and batting. All New York's pitchers were in practice, and all Philadelphia's practiced, except Coombs. "Iron Man" Coombs was the subject of many rumors today. One report had him dead. Connie Mack said Coombs was not badly hurt. "He received a bad strain," Mack said, "and needs a rest. He is in bed this morning. He will be on the grounds this afternoon, but will do no running around."

Batteries Announced.
The batteries were announced: Ames and Meyers; Bender and Thomas. Umpires, Connelly behind the plate, Brennan on the bases; Dineen in right field; and Klem in left.

First Inning.
Giants—Devore out on a grounder to Bender. Doyle drove the ball over the temporary fence in right field, for two bases. Snodgrass flied out to Lord. Doyle scored on Murphy's muff of Murray's fly. Murray was caught off first a moment later, Bender to Davis. One run, one hit, one error.

Athletics—Lord out, Doyle to Merkle. Oldring struck out. Collin also struck out. No runs, no hits, no errors.

Second Inning.
Giants—Merkle flied out to Oldring. Barry muffed Herzog's line drive, the runner being safe. Herzog stole second. Barry was slightly spiked by the runner, accidentally. A doctor bandaged Barry's right ankle. Fletcher struck out. Meyers out on a grounder to second, Collin to Davis. No runs, no hits, one error.

Athletics—Baker flied out to Devore.

Score by innings:

	R	H	E
Giants	100	000	001—2 4 3
Athletics	001	401	70x—13 13 5

Murphy hit a hot one to Doyle, safe at first, on a base hit, too hot to handle. Davis out, Ames to Merkle. Murphy, safe on second. Barry struck out. No runs, one hit, no errors.

Third Inning.
Giants—Ames singled to left. Devore forced Ames at second, Bender to Barry. Doyle fouled out to Baker. Devore out stealing, Thomas to Collins. No runs, one hit, no errors.

Athletics—Thomas walked. Bender out Fletcher to Merkle, Thomas taking second. Lord doubled over temporary fence in right field, scoring Thomas. Lord took third on Oldring's out. Fletcher to Merkle. Collins flied out to Devore. One run, one hit, no errors. Score tied.

Fourth Inning.
Giants—Snodgrass flied out to Oldring. Murray flied out to Murphy. Merkle hit the ball over second, but Collins made a sensational stop and got the runner at first. No runs, no hits, no errors.

Athletics—Baker singled to center. On a hit and run play, Baker went to third on Murphy's single to center. Murray allowed Davis' long foul fly to drop safe, that Baker might not score. Baker scored on Davis' hit to Doyle. Barry bunted and Ames in trying to field ball to Merkle hit Barry. Murphy and Davis scored, and Barry came home on Murray's wild return of ball to second, in an attempt to catch Barry. Thomas fanned. Bender out Doyle to Merkle. It would have been almost a sure single for the Indian had he raced it out. Lord flied out to Devore. Four runs, two hits, two errors. Devore's catch was as brilliant a piece of fielding as had been seen during the series.

Fifth Inning.
Giants—Herzog fanned. Fletcher out on grounder. Bender to Davis. Meyers singled through pitcher's box. Crandall bats for Ames. Crandall walked. Devore struck out. No runs, one hit, no errors.

Athletics—Wiltse went into the box for the Giants. Oldring flied out to Devore. Collins bunted, but was out, Wiltse to Merkle. Baker out, Merkle unassisted. No runs, no hits, no errors.

Sixth Inning.
Giants—Doyle fouled out to Baker on a sensational catch by the latter. Snodgrass out on a liner to Oldring. Murray walked. Murray forced at second on Baker's throw of Merkle's grounder. No runs, no hits, no errors.

Athletics—Murphy drove a long fly to center, which Snodgrass misjudged and it went for a two base hit. On an intentional sacrifice, Davis advanced Murphy to third. Davis out Doyle to Merkle, Murphy scored on Barry's sacrifice fly to Devore. Thomas struck out. One run, one hit, no errors.

Seventh Inning.
Giants—Herzog, safe on Barry's fumble, Fletcher fouled out to Davis. Meyers struck out. Wiltse struck out. No runs, no hits, one error.

Athletics—Bender flied out to Doyle. Lord made an infield single, Oldring singled to center, Lord going to third and Oldring to second. On a squeeze play, Lord scored on Collin's hit to Wiltse. Oldring scored on Baker's single over Doyle's head. Collins going to third. Collins scored on Murphy's single to right center. Baker took second, Baker and Murphy on bases. Davis singled to right, scoring Baker, Murphy going to third. Barry drove the ball over the temporary fence in right field for a double, scoring Murphy. Marquard here relieved Wiltse. Thomas was the ninth man up in inning. Davis and Barry both scored on a wild pitch. Thomas made his first hit of the series on a drive to right, but was out stealing, Meyers to Fletcher. Bender struck out. Seven runs, seven hits, one error.

Eighth Inning.
Giants—Devore was thrown out, Barry to Davis. Doyle out Davis to Bender. Barry fumbled Snodgrass' grounder and the runner was safe at first. Murray out, Collins to Davis. No runs, no hits, no errors.

Athletics—Lord doubled to left. Wilson catching for the Giants. Lord took third on Oldring's fly to Snodgrass.

(Continued on Third Page.)

THE REBELS ARE MARCHING ON

They Are Preparing to Attack More Cities

Report That the Minister of War Has Been Assassinated—United States Asked to Send More Warships to Chinese Waters.

Shanghai, Oct. 26.—The Rebels are throwing up entrenchments at Kiu Kiang. The entire province of Sze Chuen is practically controlled by the Rebels. Manchu officials from every quarter are coming to Shanghai.

It is reported that the Minister of War, General Yin Tchang, commanding the Imperial forces, was assassinated by his own troops, and that Canton was seized by the Revolutionists.

More American Warships Needed.
Peking, Oct. 26.—The American legation has requested that more warships be sent to Chinese waters. The present number is insufficient to cover the ports endangered.

No American vessel is available at Chang Sha, where twenty nine American reside.

DAUGHTER OF RICH PLANTER IS MISSING

New York, Oct. 26.—Miss Consuelo Fajardo, the nineteen year old daughter of a wealthy Porto Rican sugar planter, has been missing since she left her hotel October 18th, saying she was going to purchase a magazine. Her father believes she ran away because of his objection to her friendship for a member of the Diplomatic Corps at Santo Domingo. The police are searching the city.

WAR ON STEEL TRUST.

Washington, D. C., Oct. 26.—Suit was filed this afternoon by the Government for dissolution of the Steel Trust. The suit was filed at Trenton, N. J. The petition for dissolution was prepared by former Secretary of War Dickinson, who was retained by the Government as its special counsel in the case.

UNCLE SAM TO GET AFTER JOHN B. McNAMARA

Indianapolis, Ind., Oct. 26.—That Department of Justice agents have been investigating the allegations against John J. McNamara for conspiracy to destroy buildings by dynamite became known here today. The Federal grand jury will soon open investigation. Subpoenas have been issued for witnesses.

HURICANE WARNING.

Washington, D. C., Oct. 26.—Hurricane warnings were ordered by the Weather Bureau this afternoon on the southeast Florida coast, from West Palm beach to Key West, and on the west coast, northward to Tampa.

Women Losing Little Toes.

Los Angeles, Oct. 26.—The American women are growing cold-blooded like lizards, and they are becoming deformed, and all because of their slavery to fashion, today asserted Prof. Franz Bergman, late of the University of Breslau, Germany.

"For instance," added the Professor, "the American woman is doomed to lose the little toe on each foot—the pedal 'pinkie'—unless she takes to wearing larger shoes."

Thin shoes, by deforming the great and little toes, retained the circulation. Slower circulation means colder blood. Colder blood is a progress toward the reptilian characteristics.

"Devil Tormenting Earth".

Winsted, Conn., Oct. 26.—W. H. McCullough, who divides his time between Colebrook and Winsted, is experiencing more trouble with his unseen enemy. He had the following printed in a local newspaper today: "I call on the people of the whole world to put a stop to that British devil tormenting this earth."

Los Angeles, Cal., Oct. 26.—A room has been fitted up in the court house, and the jurors who are to try James B. McNamara will be housed here during the trial, which will probably last for months. The fact that the jurors will be practically prisoners while hearing the evidence may have something to do with the reluctance of men to serve. W. J. Ford and G. Gay Horton are two deputy prosecutors who are taking part in the examination of talesmen.

IN ENEMY'S CAMP

President Taft Today at the Home of LaFollette—Will Be in Milwaukee Tonight to Deliver a Speech.

Greenbay, Wis., Oct. 26.—On his forty second day out of Washington President Taft today entered the "enemy's country," LaFollette's home. LaFollette will be Taft's opponent for the presidential nomination next year. The President left St. Paul last night and arrives at Milwaukee tonight to deliver a speech.

WANT SHAKESPEARE OUSTED FROM HIGH SCHOOL

Chicago, Oct. 26.—The Literary Societies of the Hammond High School are receiving the support of the teachers in their demand for banishment of Shakespeare from the curriculum as "licentious, unclean and objectionable." Ibsen and Shaw are favored as ideal.

New York Educator Dead.

Troy, N. Y., Oct. 26.—Edward Edwards, superintendent of schools here, is dead of pneumonia. He was stricken while attending the Atlantic Deep Waterways Association at Richmond last week.

Kansas City, Mo., Oct. 26.—The second trial of Dr. B. Clark Hyde on the charge of poisoning Colonel Thomas H. Swope, his wife's uncle, has begun. He was convicted once and sentenced to life imprisonment, but the Supreme Court granted a new trial. It will probably take several days to select a jury.

WHEN MR. TAFT HITS PITTSBURG

Big and Novel Entertainment Awaits Him There

President Will Be in the Smoky City Next Tuesday and Will Face a Most Strenuous Time of Entertainment—Will Behold the National Mine Safety Demonstration.

Pittsburg, Pa., Oct. 26.—A strenuous and varied entertainment, filled with unique features, has been arranged for the visit of President Taft to this city on the last day of the month. The main events are the first annual meeting of the National Mine Safety Demonstration and First Aid to the Injured competition of the United States Bureau of Mines; the centennial of the beginning of steam navigation on the western rivers, and, at night, the banquet of the Pittsburg Chamber of Commerce.

The President will reach here at 5:30 a. m. on October 31 from Chicago and will leave here for Morgantown, W. Va., early the next morning. Pittsburg was to have been the last stop of the President on his present trip before returning to Washington but the trip was extended to include participation in the installation of officers of the University of West Virginia, the dedication of the Lincoln Farm Memorial at Hodgenville, Ky., a brief rest at Hot Springs, Va., a visit to several places in Tennessee and a stop at Cincinnati to vote on November 7th.

After breakfast in his private car, the President will go to Forbes Field where will be held the competition of the first-aid-to-the-injured teams from all parts of the country under the auspices of the United States Bureau of Mines. The mine safety demonstrations will be held at the conclusion of the competitions. In the test of explosives a huge gallery, or miniature coal mine, will be used.

The permissible explosive, equal to one-half pound of 40 per cent. nitroglycerine dynamite will be first placed in the gallery. Within will be 133 pounds of fine coal dust distributed uniformly throughout with twenty pounds on a wooden bench at the mouth of the gallery. With the fixing of the permissible explosive no explosion of coal dust is anticipated. The same experiment, however, will be repeated for the President and this time black blasting powder will be used as the explosive. An explosion of coal dust is expected to follow the firing of the black powder. Immediately after the coal dust explosion foremen miners equipped with various types of artificial breathing apparatus will enter the gallery and recover supposed victims of the death-dealing gases. As the rescuers bring out the victims, the first aid miners will be on hand to resuscitate those overcome, demonstrating the use of artificial respiration and oxygen respirative apparatus.

A number of dives will be carried into the gallery immediately after the explosion. Biologists have discovered that carbon monoxide, or "white damp" which follows the ignition of gas in coal dust affects birds much more quickly than men. When the birds show distress it is a warning to rescuers to seek safety and take measures to dissipate the gas. In the tests here anti-vivisectionists will have no complaint to make because the birds will be resuscitated by the use of oxygen and will suffer no ill-effects afterward. At the conclusion of the mine experiments and the competitions President Taft will present medals to the victors.

Following this a parade of 19,927 miners—each representing one of the 19,927 men killed in coal mines of the United States in the last twenty years—will silently pass before the Presidential reviewing stand. Thirty thousand miners are expected to attend the meeting.

After luncheon President Taft will go to the Water Street Wharf on the Monongahela river and assist the Western Pennsylvania Historical Society in commemorating the beginning of steam navigation on the western rivers. The New Orleans, the first steamboat to navigate the Ohio and Mississippi rivers in 1811 was built by Nicholas J. Roosevelt. A replica of the New Orleans has been constructed and will make a short trip down the Ohio under her own steam. Mrs. Nicholas Longworth, the daughter of former President Roosevelt and a great grand niece of Nicholas J. Roosevelt will christen the New Orleans. Descendants of Chancellor Livingston, partner of Nicholas J. Roosevelt, and Robert Fulton also are expected to be present. Governors of a dozen states and mayors of many cities between Pittsburg and

Rome, Oct. 26.—Official circles discredit the report concerning a probable armistice between Italy and Turkey. Italy is determined to continue military operations until Tripoli is wholly conquered.

OFFICIAL CIRCLES DISCREDIT REPORT OF ARMISTICE

Rome, Oct. 26.—Official circles discredit the report concerning a probable armistice between Italy and Turkey. Italy is determined to continue military operations until Tripoli is wholly conquered.

NEW ENTERPRISE FOR WILMINGTON

Charter for Standard Turpentine Company

Some of the most prominent business men here are incorporating a plant of the Weed Distilling Company at the foot of Wright Street which will be utilized in the New Enterprise. Business may be started within ninety days.

Special to The Dispatch.

Raleigh, Oct. 26.—A charter was issued today to the Standard Turpentine Company, of Wilmington. The authorized capital stock is one hundred and twenty-five thousand dollars, with thirty thousand subscribed by H. C. McQueen, Alex. Sprunt and Son, Walker Taylor, M. J. Corbett, and Thos. H. Wright. Another charter was granted to the Granite Company of Raleigh, to develop a large granite deposit in Wake county. The capital is one hundred thousand dollars. The incorporators are Joseph G. Brown, W. A. Cooper, and others.

Information of the above enterprise which promises to be of most important nature, was received this morning by the Dispatch from its Raleigh correspondent. As will be seen from the capitalization, and the incorporators, the proposed company has splendid financial backing and support. It will be able to engage in the prospective business on a large and wide scale as may be deemed advisable by those controlling the company.

As there will be considerable public interest in the formation of this new company, which adds yet another industry to the city's manufactures, Col. Walker Taylor, one of the incorporators, was telephoned this afternoon from the Dispatch office and he was asked as to the proposed business. He stated that the company has been formed for the purpose of engaging in the manufacture of turpentine from wood. He said that the former plant of the Weed Distilling Company at the foot of Wright street will be included in the enterprise. He said that this plant, which has been under suspension for sometime, will be greatly improved, and possibly enlarged. While it is not definitely known, Col. Taylor stated that it is expected business will be started within ninety days.

NEW YORK RAILROAD MAN FOUND DEAD

Boston, Oct. 26.—Lowery W. Good, of New York, president of the Carlo and Norfolk railroad, was found dead at his hotel today. His death is attributed to an overdose of morphine.

New Orleans will be present as will members of the historical societies of West Virginia, Ohio, Illinois, Kentucky, Tennessee, Mississippi and Louisiana. On the day following the New Orleans will start for a long trip to the South, stopping at principal cities on the route.

In the evening the banquet of the Pittsburg Chamber of Commerce will be held in Memorial Hall, which has just been erected, at a cost of \$2,000,000, by Allegheny County in memory of the men who fought during the Civil War. It is the first banquet to be held in Memorial Hall and therein lies a story.

Arrangements had been perfected to hold the banquet at the Hotel Schenley but requests for tickets were so numerous that there was not room in the hotel and the scene was shifted to Memorial Hall. It was to have been a "wet" banquet but committees of old soldiers and the county commissioners notified the Chamber of Commerce that it would be against the law of the Memorial to serve liquor within the hall and it was announced that the banquet would be "dry." It had been planned to extinguish the lights in the big auditorium suddenly and the waiters were to have entered from all sides of the banquet room carrying dishes of flaming brandy. It was conceded that the picture of 800 tongues of flickering blue flames being carried about the darkened hall and finally placed before each diner would have been effective. But the prospect of this picture was knocked into a cocked hat when liquor was barred and the artistic chef's only consolation now is the fact that the service guard of the President would not have allowed the lights to have been turned down anyway.
