

## TARIFF FIGHT'S CLIMAX TODAY

## Wool Schedule Precipitates Hottest Contest

Democratic Ranks Divided and Strong  
Speeches Made—Three Hoped  
Fight That Will Leave the Issue In-  
decisive. However, it is Thought  
Fate Doubtful in the Senate.

Washington, May 3.—Schedule "K,"  
of the wool tariff, brought the tariff  
fight in the House today to a climax.  
From the outset it became apparent  
that free raw wool, as projected in  
the administration bill, faced a three-  
cornered fight, the Republicans de-  
manding a duty on about eighteen  
per cent, supported by some Pro-  
gressives and the wool insurgents of  
the majority demanding fifteen per  
cent duty, which they claimed was  
the Ways and Means Committee's  
original judgment until President Wil-  
son took a hand. The wool schedule  
brought out the heaviest oratorical  
artillery of opposition. The schedule  
is almost certain to go through the  
House unscathed. Predictions were  
made that free raw wool would not  
stand the fire in the Senate, and  
would eventually come back to the  
House with a duty and receive solid  
Democratic support. Majority Lead-  
er Underwood championed the sched-  
ule on behalf of the Ways and Means  
Committee and President Wilson.  
The open secret that the Ways and  
Means Committee first favored the  
thirteen per cent tax on raw wool was  
freely discussed in debate. That  
the final vote of the Democratic mem-  
bers in committee was not unani-  
mous, was openly declared and un-  
challenged. Many Democrats freed  
from the binding rule of the caucus,  
were outspoken in opposition to the  
schedule, the protesting majority  
members coming from Ohio, Texas,  
Indiana and other western States. The  
debate promised to continue tonight.

### Celebrities in Athletics.

New York, May 3.—The large num-  
ber of entries, including nearly all of  
the most celebrated long distance pro-  
fessional runners in the country, has  
excited unusual interest in the five-  
mile professional footrace for the  
world's championship, which is to be  
decided under the auspices of the  
Monument Athletic Club at Celtic  
Park tomorrow. Among the entries  
are Willie Kohelmainen, the Finnish  
long distance champion and world  
title holder; Tom Longboat, the mar-  
velous Canadian Indian runner, who  
beat Kohelmainen in Edinburgh a  
year ago; Billy Queal, the holder of  
the American championship, and  
Johnny Hayes, winner of the sensa-  
tional Marathon race in London in  
1908.

### Final Sessions of Peace Congress.

St. Louis, Mo., May 3.—Without any  
apparent diminution in interest or en-  
thusiasm the delegates today held the  
concluding sessions of the fourth  
American Peace Congress. The  
meeting has occupied nearly the entire  
week and in many respects has been  
the most notable demonstration ever  
held in America in aid of the move-  
ment for international peace.

### Eminent representatives of the Do- minion of Canada were foremost on the program at this morning's session, which was devoted to a discussion of plans for the coming celebration of the completion of a century of Anglo- American peace. Among the speakers were Justice Russell of Halifax, John Lewis of Toronto and Justice Riddell of the Supreme court of Ontario.

### Retirement of Col. Allaire.

Washington, D. C., May 3.—After  
thirty years' service in the army,  
Lieut. Col. William H. Allaire was  
placed on the retired list today on  
his own application. Col. Allaire is  
from Arkansas, and was graduated  
from the United States Military Acad-  
emy in 1883. Most of his service was  
with the 23rd Infantry, though he was  
attached also to the 24th and 7th  
regiments of Infantry for short pe-  
riods. For a time he served as adju-  
tant general of the District of Col-  
umbia militia.

### Decatur, Ill., May 3.—Many dele- gates are arriving here for the twen- ty-first annual convention of the In- ternational Federation of German Catholic Societies. The convention will be opened tomorrow morning with a solemn pontifical mass by Bishop Janssen of Alton. A street parade will follow the church services. The business sessions of the convention will be held Monday and Tuesday.

## PRESIDENT HAVING DAY OF RECREATION

Washington, May 3.—The President  
had no engagements today, planned a  
holiday. He started out walking early  
and arranged to be in his office for  
only a brief period. Tonight, at 7  
o'clock, he will press the button open-  
ing the religious exhibition in Chi-  
cago.

The President ascended Wash-  
ington monument and held an informal  
reception in the tower at its summit.  
He strolled away from the White  
house, accompanied by a Secret Ser-  
vant, and stopped on nearby  
grounds to watch a "kid" ball game.  
Then he took a sudden notion to join  
the crowd of tourists, assembled  
about the monument. When the Pres-  
ident descended from the monument  
top, the elevator was crowded and  
the President gave his seat to a wo-  
man passenger and stood during the  
ride.

mains of John T. Pullen, whose death  
occurred Friday morning, will be  
conducted from the Fayetteville  
Street Baptist Church this afternoon.  
Mr. Pullen, who was 60 years old, was  
Raleigh's most beloved citizen. Pres-  
ident of a bank, leader in his church  
the hope of the needy, he was in ev-  
ery sense a true Samaritan. It is  
quite probable that his donations to  
charity—which the public had no way  
of learning about—amounted up to  
thousands of dollars. The whole city  
will miss him, but the poor will never  
have a better friend.

### Haiti's President Dead.

Auguste, Haiti's President, died last  
night after a brief illness. General  
Bellard is his probable successor.

## COUNTESS WAS NOT MURDERED

## Came to Her Tragic End by Accident

Sensational Mystery in England Clear-  
ed Away by Coroner's Inquest—Acci-  
dentally Shot Herself While Out  
Hunting—Sister Also Met a Tragic  
Death.

Henley, England, May 3.—"Death  
by accidental discharge of her own  
gun," was the Countess of Cotten-  
ham's fate, as shown by the inquest.  
The Countess was the wife of the  
Earl of Cottenham. Two years ago  
her twin sister was found dead, with  
a gun shot wound through her heart.  
Today's affair was a mystery until  
the Earl testified regarding the dis-  
covery of his wife's corpse, with gun  
beside it, near a tree stump in the  
woods. The Countess was an enthus-  
iastic huntswoman and a fine shot.  
She frequently roamed alone through  
the woods of her estate, in search of  
game.

### Real Estate Show in New York.

New York, May 3.—Maps, models  
and "movies" illustrating the various  
developments and "ideal home" com-  
munities around Greater New York  
are on display in the Grand Central  
Palace, where the 1913 Real Estate  
Show was opened today for a week's  
engagement. A marvelous working  
model of the Panama Canal is one  
of the added attractions. An inter-  
national character has been given the  
show this year by the addition to the  
list of exhibitors of several large real  
estate concerns from Toronto, Ham-  
ilton and other cities of Canada.

## WHOPPING PARADE

Suffragettes in New York Indulged in  
Giant Street Pageant—City Officials  
Reviewed Parade and Speeches by  
Prominent Personages Followed.

New York, May 3.—Women suffra-  
gists from many States participated  
in the afternoon parade here of thirty  
thousand along Fifth Avenue. Per-  
fect weather conditions inspired the  
marchers. To the music of forty  
bands, the paraders began the march  
at 2 o'clock, from Washington Square.  
At Fifty-seventh street and Fifth  
Avenue, the paraders disbanded. The  
program then called for two mass  
meetings, one in the plaza and an-  
other in Carnegie Hall, where prom-  
inent speakers made addresses. City  
officials and others of prominence re-  
viewed the parade from a stand at  
Forty-second street. Under command  
of Mrs. Joseph Belderhase, Chief  
Marshal, the paraders mustered be-  
hind the banners of seven woman  
suffrage organizations, having head-  
quarters here. Out of town suffra-  
gists gathered under the banners of  
the States they represented.

### Philadelphia Prelate 70 Years Old.

Philadelphia, Pa., May 3.—The Most  
Rev. Edmond F. Prendergast, Roman  
Catholic archbishop of Philadelphia,  
received congratulations today on the  
occasion of his seventieth birthday  
anniversary. The Archbishop was  
born in Ireland and came to the Unit-  
ed States at the age of 16. Since his  
ordination to the priesthood in 1865,  
his work has been confined wholly to  
the Philadelphia diocese. After a  
service of fifteen years as auxiliary  
bishop he became archbishop of the  
province upon the death of Arch-  
bishop Ryan in 1911.

### Princeton Seminary Commencement.

Princeton, N. J., May 3.—Many vis-  
itors are arriving here for the 101st  
annual commencement of the Prince-  
ton Theological Seminary. President  
Francis Patton will conduct the open-  
ing services at the Miller Chapel to-  
morrow, and the sacrament will be  
administered. Monday morning the  
board of directors will hold their an-  
nual meeting, and on Tuesday the  
commencement exercises proper will  
be held. There will be a meeting of  
the board of trustees in the after-  
noon.

### Wilson Says His Reform Will Triumph

Washington, May 3.—President  
Wilson returned today at 8 o'clock,  
after a two days' speaking trip in  
Jersey. He expressed himself as  
pleased with the reception in his  
home State, and confident the reforms  
he advocated ultimately would be ac-  
complished.

### One-Arm Man Placed in Civil Service.

Washington, May 3.—The President  
has prepared an executive order put-  
ting into the Civil Service Swend A.  
Swensen, of Brooklyn, who lost an  
arm while employed on the Govern-  
ment work at Neeley's Landing, Mis-  
souri. The President opposes execu-  
tive orders taking persons into the  
Civil Service, without the usual com-  
petitive examination, but felt he was  
justified in this case.

## JAPS. DO NOT LIKE THE BILL

## Will Await Word From Federal Govt.

People of the Land of the Rising Sun  
Not Satisfied With California's Ac-  
tion—If United States Government  
Doesn't Test Validity of Act, Japan  
May Appeal to The Hague.

Washington, May 3.—The Webb  
alien bill, in its present form, as passed  
today by the California Senate, is  
not satisfactory to the Japanese Gov-  
ernment, it was learned today. From  
the Japanese point of view, it appears  
that nothing remains to be done, but  
await Secretary Bryan's return here.  
The first step will be to ascertain  
whether the administration can be  
counted to begin a legal test of the  
new law's constitutionality. If the  
question is not settled in the next  
three months it is estimated that Jap-  
an might formally request for sub-  
mission of it to The Hague.

### Anniversary of Bridge Disaster.

Dixon, Ill., May 3.—Tomorrow will  
be the fortieth anniversary of the  
Dixon bridge disaster, which cost the  
lives of forty persons, while as many  
more were seriously injured. It was  
on Sunday morning, May 4, 1873, that  
several hundred persons assembled  
upon the iron bridge spanning the  
Rock River, to witness a baptismal  
ceremony. Without a moment's warn-  
ing the bridge collapsed, precipitat-  
ing everybody upon it into the wa-  
ter. Thirty-seven persons were  
drowned and three others died from  
injuries received in the wreckage.

## WOMEN DESCEND ON MOONSHINERS

Rome, Ga., May 3.—Suspecting the  
existence of a "wild cat" still and the  
open sale of liquor, a party of women  
searched the woods near West Ar-  
michee today until the alleged still was  
discovered. The women surprised a  
party of moonshiners in the midst of  
their operations and a hasty retreat  
followed as the "raiders" approached.  
The raiding party attempted to de-  
molish the still equipment and were  
partially successful. Revenue officers  
later made a raid, finding that the  
entire outfit had been removed and  
the place was deserted. Officers de-  
clared that eight hundred gallons of  
beer were destroyed. Arrests are ex-  
pected.

## ARBITRATORS SETTLE ON \$250,000

Special to The Dispatch.  
Raleigh, N. C., May 3.—The board  
of arbitrators today awarded the  
Wake Water Co. two hundred and fifty  
thousand dollars for its plant and  
Judge Carter set May 15th as the time  
for taking over the property. The  
award meets the approval of the citi-  
zens. The arbitrators were commended  
by the court and lawyers for Ral-  
eigh. Superintendent Ernest Bain, of  
the Water Company, was highly com-  
mended for his efficiency by the arbi-  
trators, who expressed admiration at  
his ability in handling the situation.

## WARM ELECTION FOR RALEIGH

## One of the Candidates Arrested Today

Saloon Head Swears Out Warrant for  
Office Seeker, Calling His Alleged  
Bluff—Mass Meeting Held Last  
Night in Interest of Former Chair-  
man of Corporation Commission  
McNeill, Running for Mayor.

Special to The Dispatch.  
Raleigh, N. C., May 3.—Accepting  
the challenge of O. G. King, candidate  
for Commissioner of Public Safety,  
Rev. R. L. Davis, superintendent of  
the Anti-Saloon League, and a deter-  
mine today swore out a warrant for  
King and one of his clerks, on the  
charge of selling liquor at one of  
King's drug stores. The case was  
continued until Thursday.

Interest in the municipal election  
Monday, when three commissioners  
and a police justice are to be select-  
ed, is at fever heat today. Last night  
the friends of Hon. Franklin McNeill,  
formerly chairman of the Corpora-  
tion Commission, held a big rally in  
his behalf. Some warm speeches  
were made, and several shots were  
taken at O. G. King, candidate for  
commissioner of public safety, and  
John S. Jones, candidate for com-  
missioner of public works.

### No Report of Casualties Among Americans.

Washington, May 3.—Official re-  
ports of the shelling of Empalme by  
Federal gunboats yesterday, make no  
mention of casualties among Ameri-  
cans.

## WAR BY TORCH

Fortune Went Up in Smoke Today in  
England, as Result of Work of Suffra-  
gettes' "Arson Squad"—Public  
School Building Also Fired.

Bradford, England, May 3.—The  
Midland Railroad shed, containing  
much freight, was burned today. The  
loss is five hundred thousand dollars.  
Nineteen loaded freight cars, with  
contents, were destroyed. The suffra-  
gettes' "arson squad" is suspected.  
The fire was incendiary, because the  
firemen discovered it was started  
simultaneously in three parts of the  
building. Earlier in the night fire  
was started in another yard, appar-  
ently to divert attention from the  
principal scene of the incendiaries'  
operations.

### Public School Burns.

Aberdeen, Scotland, May 3.—The  
public school here was partly burned  
by militant suffragettes today. A  
large quantity of suffrage literature  
was scattered about the building.

## TO SETTLE REWARD IN DUNBAR CASE

Opelousa, La., May 3.—Just what re-  
ward or token of esteem will be given  
to Deputy Sheriff Charles Day, of Col-  
umbia, Miss., who found Robert Dun-  
bar white kidnapped child, will be set-  
tled at a final meeting of the business  
men of Opelousa on Monday. When  
the Dunbar boy was stolen from his  
home on August 23rd. of last year the  
business men raised \$6,000 reward to  
be paid to the person returning the  
boy to his parents. The first of April  
the offer of reward was withdrawn  
and the money returned to the donors,  
because it was believed there was no  
longer any chance that the child would  
be found. As it has been found im-  
possible to re-subscribe the entire \$6,-  
000, the meeting Monday will decide  
whether Deputy Sheriff Day is to be  
given such portion of the money as  
will be returned to the fund or whether  
he will be presented with an auto-  
mobile or some other substantial pres-  
ent.

### Also by Tunnel

New York, May 3.—The problem  
of establishing a means of communi-  
cation between New York city and  
the New Jersey side of the river, so  
as to make it possible for vehicles  
to cross from one State to the other  
without depending upon the cumbers-  
ome and antiquated ferry system,  
has formed the subject of a careful  
investigation and study by the New  
York State Bridge and Tunnel Com-  
mission. At last the final report of  
the commission has been submitted  
to the State legislature. There has been  
considerable agitation in favor of the  
construction of a bridge to span the  
river between New York city and the  
New Jersey shore and the commis-  
sion went into the subject with great  
thoroughness, obtaining estimates of  
the cost by experts and having trial  
borings made to determine at which  
point or points the conditions of the  
ground were most favorable for the  
erection of the towers which would  
have to carry the weight of the su-  
perstructure of the bridge.

The report of the commission does  
not favor the plan of building a  
bridge. The cost of such a structure  
is conservatively estimated by the ex-  
perts at \$42,000,000 and it is quite  
possible that unforeseen complications  
would increase the cost considerably.  
Owing to unfavorable conditions it  
would be practically impossible to  
construct the bridge where it would  
fulfill its object of relieving the con-  
gestion of traffic between New York  
city and New Jersey. In view of these  
facts the commission recommends the  
construction of two or more tunnels  
between the congested business sec-  
tions of New York city and the New  
Jersey side of the river. The cost of  
two tunnels, each with a roadway  
seventeen feet wide, one to be used  
for eastbound, the other for west-  
bound traffic, is estimated at \$11,000,-  
000 and it is believed that these tun-  
nels would accommodate 5,000,000  
vehicles yearly.

Little Beulah Miller, the Rhode Is-  
land school girl with the widely ad-  
vertised "X-Ray Eyes," has gained ad-  
ditional notoriety by causing a dis-  
pute between Dr. Hugo Muensterberg,  
Professor of Psychology at Harvard  
University, and Dr. John B. Quacken-  
bos, hypnotist and psychological  
researcher. Dr. Quackenbos, who has  
acquired a certain reputation by being  
taken in by every fake propo-  
sition, be it a spiritualistic medium, like  
Madame Palladino, a mind-reader or  
some other "psychic marvel," recently  
"investigated" Little Beulah and  
promptly came to the conclusion that  
the girl possessed "X-Ray Eyes" and  
various other mysterious psychic  
gifts. Then came Dr. Muensterberg,  
who also subjected the alleged powers  
of the girl to careful tests and came  
to the conclusion that, although Be-  
ulah possessed unusual psychic pow-  
ers, interesting to the psychologist,  
there was really nothing mysterious  
or ultra-normal about her gifts. He  
found that the girl cannot know any  
thing that is not known to someone  
beforehand and communicated to her

### March in the homemakers' division of the Woman's Political Union. Mrs. Havemeyer said she would walk the entire distance along with the hum- blest of the suffragists. The only car- riage in line, it was announced, was for the use of Mrs. Antoinette Brown Blackwell, the aged woman's rights champion.

## ALIEN BILL PASSED TODAY

## Makes Concessions From Other Measures

But Not in Accord With Suggestions  
Made by Secretary Bryan in Behalf  
of President—California Vote for  
it Regardless of Party Alignment.

Sacramento, Cal., May 3.—The ad-  
ministration and alien land-holding  
bill, drawn by Attorney General  
Webb, passed the Senate early today  
by a vote of 36 to 2, after ten hours'  
debate. The only negative votes cast  
were by Senators Carlwright, Demo-  
crat, and Wright, Republican. The  
principal provisions of the bill fol-  
low:

First—Aliens eligible to citizenship  
may acquire and hold land to the  
same extent as citizens. Second, all  
other aliens are limited to specific  
rights conferred upon them by exist-  
ing treaties between the United  
States and Nations of which such  
aliens are citizens or subjects. In the  
case of the Japanese, the bill pro-  
hibits ownership of farming or agri-  
cultural lands, while permitting them  
to own residences, factories, manuf-  
actories and shops. Third, leases of  
agricultural lands by such aliens are  
permitted for a period not exceeding  
three years. Fourth, aliens ineligible  
to citizenship cannot inherit land. Up-  
on an alien land holder's death, his  
property shall be sold by the probate  
court and the proceeds distributed to  
his heirs. Fifth, the State specifically  
reserves the right to enact any and  
all laws in future respecting acqui-  
sition of real property by aliens. Sixth,  
the present holdings of ineligible  
aliens are not affected, except that  
they cannot be bequeathed or sold to  
other aliens classified among those  
not eligible to citizenship.

A companion measure, identical in  
phraseology, probably will pass the  
Assembly and will be signed by the  
Governor, after a "reasonable time"  
elapses in which to hear possible pro-  
tests from President Wilson, who re-  
quested a respite. Partisanship was  
forgotten in the closing hours of the  
debate. Democrats and Progressives  
voted together in response to what  
they believed was a demand of the  
California people. Futility of Sec-  
retary Bryan's mission was shown in  
his own party's vote. Nine of the  
ten Democrats voted contrary to the  
advice he brought from the Presi-  
dent. Not a single Progressive yield-  
ed to his wishes.

Although the act is designed to ex-  
clude all aliens ineligible to citizen-  
ship, it is drawn in conformity with  
treaty obligations, and guarantees to  
every alien his full treaty rights, omit-  
ting the phrase "ineligible to citizen-  
ship," objected to by the Japanese.  
The assembly today picked up work of  
the Senate and began final consid-  
eration of the Bloodgood bill, which  
is identical with the Webb redraft of  
the alien land bill passed by the Senate  
early today. The Assembly floor lead-  
ers planned to adopt the same proce-  
dure, followed by the Senate, and  
started a long debate. The effect of  
Senate's almost unanimous action will
