Honor Conferred Upon Head of This City's Postoffice Today.

NO CRITICISM OF WILSON REGIME

Such Suppressed and Work of Burlington Was Praised by Postmasters' Convention in Virginia.

Norfolk, Va., Sept. 27.—After suppressing numerous attempts by Republican postmasters, from both Virginia and North Carolina, to bring about action criticizing President Wilson's administration and policies affecting the personnel of the postal service, the Virginia and North Carolina Postmasters' Association today highly commended the administration of Postmaster General Burleson.

Postmaster Quimby, of Suffolk, was elected president of the Virginia postmasters and Postmaster H. McL. Green, of Wilmington, president of the North Carolina Association. The decision was reached to continue the joint annual meetings, but the next place of meeting was undetermined.

TO ROW FOR THE CHAMPIONSHIP

Toronto, Ont., Sept. 27.—The race for the championship of America between Eddie Durnan, the present holder of the title, and Frank B. Greer, who holds the championship title for the United States, which is to be rowed this afternoon on Toronto Bay, has attracted thousands of lovers of the rowing sport and others, interested in aquatic and other sports in a general way, to this city and there is every reason to believe that the race will be watched by enormous crowds already gathered at every available point overlooking the course at Hanlon's Point, where the contest will take place.

Both Durnan and Greer have been training and practicing for a week or more and are said to be in the pink of condition. Greer, who is the challenger, came to Toronto about a week ago and since his arrival has put in most of his time on the waters of the bay, limbering up for the great event which is to decide the respective merits of the two noted professionals. The race will be over a distance of one and one-half miles and return and it is generally expected by those who have been watching the two contestants that one or perhaps both of them will "hang up" a new record for speed. Eddie Durnan, the present holder of the professional sculling championship of America, is a nephew of the famous Ned Hanlon. Last year he was challenged by William Haines, of Boston, but he retained his title by easily defeating Haines in a three-mile race on Toronto Bay, winning, in addition, a purse of \$1,000. One month later Durnan again successfully defended his title by defeating John Hackett, of Detroit, Minn., in a three-mile race on the Itany River, Ont.

Frank B. Greer, the professional sculling champion of the United States, also has a good record. Last year he was challenged by the same William Haines, of Boston, who in July of 1912 tried to wrest the title of American champion from Durnan. The race took place in Boston on Sept. 7, 1912, and Greer defeated his opponent easily in a three-mile race.

To avoid interference with the race by passing ships or craft crossing the course, the officials of the race have made extensive preparations for keeping the course free from other craft during the progress of the ace. William Albany, the noted English sculler, has already made the announcement that he will challenge the winner of today's race for the championship of America. He has stated that he is willing to accept any conditions as to the place where the race is to be rowed, provided it is arranged for some date within a month from now. In case Greer should win, Albany is willing to come to Boston and to row on the Charles river basin, an ideal place for such a race.

Special to The Dispatch. Raleigh, N. C., Sept. 27.—The Senate indulged in lively debate today on the Peterson bill for protection of the uniforms of the Army and Navy and militia of North Carolina. Senator Mason insisted that it seemed an attempt to regulate society; that sometimes people wearing uniforms were affected with "assumacy" and he did not doubt that at times some of them made themselves obnoxious in public places and there should be a right to eject them. Finally, the second section, that gave rise to most objection, was stricken out and the bill passed second reading.

Senator Jones objected to final reading and the measure was forced over to another day.

King Constantine in Conference. London, Sept. 27.—King Constantine of Greece had a long conference today with Foreign Secretary Sir Edward Grey on the situation in the Turkish province of Thrace and in Albania, which has become so menacing that Greece is preparing for a third Balkan war. The disposition of the islands in the Aegean Sea was also discussed. Turkey is reported to have demanded that Ohios and Mitylene be restored to her before she will consent to resume peace negotiations with Greece.

Attorney Hinman said Thursday he thought he would reach Colwell by night, but he did not. Again yesterday he failed. This morning the whereabouts of Colwell was still unknown to him. In the meanwhile much doubt is expressed among the managers' attorneys as to whether Colwell will ever testify. They say he will prove the connecting link between Sulzer and Wall street and insist that the Governor's attorneys will not let Colwell take the stand if there is any way for them to prevent him doing so.

Chester Platt, Sulzer's secretary, was subpoenaed today as a witness by the board of managers in the impeachment trial.

TAX-PAYERS SUIT IS PLANNED BY THAW

PLAYING HIS LAST CARD

Thinks Thaw About Jerome, According to Report From New York.

Concord, N. H., Sept. 27.—In order to bring about his legal removal to Pennsylvania, in the event the request of the New York authorities, for his extradition, is denied by Governor Felker, a taxpayers' suit against the State of New York, is planned by Harry Thaw. Thaw said today that report had reached him from New York that Jerome intended to take no further steps in the case here if the Chief Executive refused to grant extradition. Replying to the suggestion that this might necessitate his permanent residence in New Hampshire, Thaw said he was confident that a taxpayers' suit, to prevent further expense to New York, on account of the citizen of another State, would bring about his legal removal to his home State and that was one thing his mother and he wished.

Mrs. Mary Thaw, mother of Harry Thaw, left for her home in Pennsylvania today. Thaw denied himself to callers during the morning and was in close conference with his New York lawyers.
