BASEBALL CHATTER

The Montreal Royals have been playing a much better brand of ball since Dan Mowley took charge of the team.

Lee Magee of the Cardinals is having the best season in stick work he has had since coming into the National league.

If the Pirates had gone on strike and taken with them their brother Feds, how happy the Pittsburgh fans would be today.

Fred Clause, a brother of Bert Clause, the southpaw pitcher with Detroit last season, has been added to the New Haven club's roster.

First Baseman Hoblitzel's hunting and base running have been a big factor in the sensational climb of the Boston Red Sox up the pennant ladder.

Jake Boutles, one time Boston Braves, is playing a star game at third base and also with the war club, for the Bridgeport team of the Eastern association.

Clemson college boasts of a pitcher who can twirl equally well with either hand. Wob—"how well" this ambidextrous fellow can pitcher with either hand.

Monte Cross, who is now officiating as an umpire in the Federal league is laid up in a Philadelphia hospital as a result of stopping a batted ball with his ankle.

A peculiar thing about the Cleveland Naps is their ability to dig up fellows who can hit. But no matter how strong these fellows are with the willow the Naps never get anywhere.

In blanking the Pirates three times straight the Braves have established a season's record. So far this season's record. So far this season no other major league team has shut out the same opponents three times in a row.

St. Joseph, Denver, Sioux City and Lincoln are staging a great race for the Western league pennant. The four teams have been jammed together so closely at times that a postage stamp would cover the whole bunch.

Larry Chappell has notified the White Sox management that it will be impossible for him to play this season. Chappell has been laid up since last March with a severe attack of blood poisoning.

Nearly all arrangements have been completed for the all-star baseball tour to the Pacific coast this fall. The tour will start from Cincinnati on October 18th. The team will go by way of Omaha, Denver and Salt Lake City, reaching San Francisco November 1st.

Comiskey Day at Dubuque.

Dubuque, Ia., August 1—This was "Comiskey Day" in Dubuque, when half the men, women and children of the city turned out to do honor to Charles Comiskey, owner of the Chicago club of the American league and one of the most prominent figures in organized baseball.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment.

The Universal Time Saver

"TIME is money!" It is more than that—it is the realization of results, in the pursuit of business or happiness.

The telephone increases the value of every minute. It adds to every man's efficiency. Successful business today depends upon the utilized minutes.

The telephone enables the business man to crowd the working day with actual results accomplished. He covers a lot of ground, in a short time, at the smallest possible expense.

The Bell Telephone system is the time saver of the nation. Every day, 26,000,000 Bell telephone talks represent an estimated saving of \$4,000,000 in time and energy to the American people.
