Expected Invasion Has Been Started, While Teutons Push On

THOUGH SERBS REPORT A CHECK

Russians Are Making Fierce Attack on German Line and Artillery Is Making Big Inroads—Feeling of Optimism Once More Pervades England.

London, October 12.—The new Balkan campaign came to the fore more prominently today with the announcement that Bulgarian troops had invaded Serbia. Thus far few details of this movement have been received. The speech of former Premier Venizelos in the Greek chamber of deputies is regarded in England as favorable to the cause of the entente powers. The declaration of the former premier that it was no longer a question of whether the Greeks ought to make war but merely when she should do so met with the approbation of a majority of the chamber. The former premier told the government plainly that only so long as his policy was followed would it receive his support. Detailed information is lacking concerning the progress of the Serbian campaign. The Germans assert that they are advancing steadily south of the Danube, although make no special mention of the amount of ground gained or points taken. Unofficial dispatches from Nish state that the Serbians have checked the German advance at several points on the Danube, in some cases throwing back the invaders across the river. In other directions they are said to have driven the invaders out of the Serbian villages, taken by first assault.

MAIL CARRIER FOOTPADS' VICTIM

Fayetteville Carrier Robbed Early This Morning While On Way to Postoffice.

Fayetteville, N. C., October 12.—A colored United States mail carrier was attacked here at 12:45 o'clock this morning while he was carrying two sacks and one pouch of mail from the midnight Atlantic Coast Line train to the postoffice. He was not and as he turned from the main street to go around to the back entrance of the office two men set upon him from the rear, felling him insensibly by a blow in the back of the head. He lay unconscious for 45 minutes. When he recovered he went to the postoffice and notified the night clerk, who went to the scene and found the mail bags and pouch slit open and packages of letters scattered around. The registered package was missing but it is impossible to tell if anything was taken. The postoffice authorities have notified the government and efforts will be made to work up the case acting in conjunction with the local authorities.

PHILLIES SUFFER THIRD DEFEAT

Braves Field, Boston, October 12.—The world's championship is almost within the firm grasp of the Boston Americans. The Red Sox today trimmed the Phillies two to one. Ernest Shore's fine pitching held the Philadelphia batsmen to one run while opportune batting sent enough runs over for Boston to win. Forty-one thousand and ninety-six people witnessed the contest. Lewis' fine fielding and Luderus' batting featured. Tomorrow's game will be played in Philadelphia, where Alexander will be sent back to try to stop the Sox. In today's game Boston made eight hits and one error. Philadelphia made seven hits and played an errorless game.

Record-breaking Crowd.

Although yesterday the crowd was the largest that ever gathered for a world series it was early evident that today's throng would break all previous records. It was a holiday in Boston and three hours before the game the field stands were jammed and a line of fans a quarter of a mile long was outside the grounds hoping to get the privilege of standing room. It was another perfect day, with not a cloud fleck in the sky and a summer glow in the atmosphere. The thousands of Boston fans came early today to have a good time. There are all sorts of rooters' organizations here and all were in evidence today. Most of them brought bands and there was a crash of music in the air all the time. Occasionally the crash became a clash, but the fans did not mind the interference but applauded all musical specialties with unstinted enthusiasm. A Scottish bagpipe band made a great hit, while a lone cornetist, in the far right field stand, offered periodic solos that were boisterously received. The fans knew they had a long time to wait for the real show and amused themselves accordingly.

The Line-up for the game was announced:

Philadelphia.		Boston.	
Stock	Third Base	Hooper	Right Field
Bancroft	Short Stop	Scott	Short Stop

Turkish Atrocities Break Out Anew Because of Bulgaria's Entrance

U. S. AMBASSADOR REPORTS TO GOVT.

Majority of Armenians in Asiatic Turkey Have Been Killed—Turkey Pays No Heed to Protest From United States.

Washington, October 12.—Advices to the State Department today from Ambassador Morgenthau, at Constantinople, were to the effect that American massacres in Asiatic Turkey have been renewed with vigor since Bulgaria's entrance into the war as Turkey's ally. The ambassador stated that a majority of the Armenians in Asiatic Turkey had been killed. Those Americans who were spared are now gathered in the country between the Tigris and Euphrates rivers. Representations made by this government sometime ago warned Turkey that further atrocities against the Armenians would alienate American sympathies, but no answer has been received. Earlier representations were met with a promise that those Armenians who so wished would be permitted to leave the country and Protestant Armenians would be spared. Information reaching this country, however, indicate that these conditions have not been strictly adhered to. Although \$100,000 from private subscriptions has been placed at Ambassador Morgenthau's disposal to be distributed among Armenian refugees no arrangements have been made to bring them to this country as was originally planned.

C., October 12.—With four companies of the National Guard of South Carolina and three divisions of Naval militia held in their armories ready to supersede the local police in case of emergency and more than fifty deputy sheriffs held ready for similar duty, Charleston voters today are balloting in a Democratic primary for a mayor, four aldermen and six school commissioners.

Washington, October 12.—The United States in a note dispatched to Germany today, to be presented by Ambassador Gerrard in the case of the American ship, Charles P. Frye, asked that if it is found necessary to destroy American ships carrying absolute contraband that the passengers and crew be removed to a safer place than small boats.

Admitted as Certainty That the 1917 Convention Will Come to Wilmington

SESSION LAST NIGHT

Was Final One of The Raleigh Meeting And Was Important in Many Ways. Former Raleigh Man Dies in Hotel Fire—Big Tobacco Sales in North Carolina.

Dispatch News Bureau, Raleigh, N. C., Oct. 12, 1915. Wilmington will get the Woman's Christian Temperance Union's 1916 convention.

The union has not said so. It just acts that way and despite its effort to hide, its next meeting place, the Wilmington look is ineradicable. This important feature is left to a committee but that body has sounded the bigger organization and there is no doubt about the desire of the union as a whole.

This morning a post executive session of the union has been held to complete some work that the executive sitting of last night failed to finish. The convention adjourned with the recitations which, three girls and a boy gave in the contest for the gold medal. Miss Gladys Young, of Spencer, carried the beautiful trophy home. She took a large slice of applause, too.

The Woman's Christian Temperance Union in adjoining last night put itself heartily upon record for National constitutional prohibition; for the prohibition of delivery, receipt and possession of liquors; for the erection of a house of hope for girls; for raising the "age of consent" and resolved merely to "study" the subject of equal suffrage.

These resolves caused no debate. The issues of suffrage and the destruction of cigarettes might have done so. The union likewise enjoins mother's meetings, opposes militarism and presents generally a strong program for coming legislatures to perfect.

It urges a propaganda in the districts whose Congressmen have not been able to support the measures proposed before the National Congress. These refer to Congressmen Pou and Small, of the Fourth and First. Mr. Pou was in town today and attended the exercises opening the new court house. The union was not aware of his presence.

The union urges the temperance to support only those members of the General Assembly who will give ear to the further outlawry of liquor in the State. It will present a colossal petition for such a law as will prohibit the possession, the delivery and the sale of liquors. It is getting down to brass tacks, to prohibition that will prohibit the prohibitionists and all the rest.
