Castle Street Lot Purchased. Building Will Begin Within Six Weeks. The erection of a Mormon church in this city will begin within the next six weeks, according to Elder Charles A. Hallis, of Chattanooga, Tenn., who returned to his home yesterday after attending the annual convention of the North Carolina District of the Mormon church which was held in the auditorium of the Boys' Brigade building. The proposed building is to be a one-story frame structure with a seating capacity of 150, or rather this is what the present plans call for. They may be changed before building operations start. The proposed church will be located on Castle street. A part of the building will be divided into Sunday School rooms. The lot on which the building will be erected was purchased three years or more ago and the last payment has been made. Elder Callis, who is president of the Southern States Mission of the church, was the principal speaker of the convention, which was brought to a successful close Sunday. His subjects were "Repentance" and "Eternal Judgment." He urged upon his congregation that true repentance meant a total change of heart and life. The speaker declared the preaching of the word is the manspraying of repentance adding that God employs at times sanctifying afflictions to produce in the hearts of his children contrition and genuine repentance. Elder Callis stated that there are upwards of 3,000 members of the Mormon church in this State. In the Southern States Mission, which comprises ten Southern States, the church membership is over 20,000, according to Elder Callis. Elder Callis spoke highly of Wilmington. He declared it was one of the most prosperous and progressive cities in the South and added that the South today offers bigger and better opportunities for the farmer, mechanic and business man than any section of the country. Declaring that he was from the West Elder Callis said he preferred the South far more than he did the section in which he was born.

American Aviator Who Was Killed Honored by Japanese. Tokyo, Sept. 25.—Bending their heads, clapping their hands, hurrying in, and uttering a few words of reverence a select company of forty Japanese paid their last respects to the shade of Charles P. Niles, the American aviator who was killed while making a flight over Oakes, Wis. The ceremony took place in front of an altar erected in a room in the Imperial Hotel, Tokyo, on which were placed a portrait of Niles and wreaths of honor. Headed by General Bazaoka, the great friend and patron of Art Smith, each member of the company came forward in turn, closed his eyes and bowed his head, clasped his hands to call the attention of the spirit, and then paid homage and burned incense before him. The ceremony was exactly in line with the reverence paid to deceased ancestors of great men. A memorial dinner was afterwards held at which General Nagaoka declared it was the American Niles who first taught the Japanese the real possibility of conquering the air. Just as Commodore Perry first opened the country in foreign intercourse, a lawsuit against the promoters of his tour for payment of Niles' bill at the Imperial Hotel, was settled before the memorial meeting.

Millions and Millions of Shares Sold in First Hour Today. New York, Sept. 25.—Substantial advances and high records were made at the resumption of trading in stock today. United States Steel opened at 118, the maximum figure, exceeding its previous record by 1 1/2 later, after reacting a point or more, rose advanced to 119 3/8. Copper made even greater advances, ranging in that group being from 1 to 3 points. Other industrials and specialties, including Maxwell motors and Studebaker sold at high prices.

The activity of the opening assumed great momentum during the first hour, the total turn-over approximating 67,000 shares, a record for any first hour in ten years. The 10,000 share mark was reached before mid-day and at 1 o'clock the total had swollen to 150,000 shares. Steel declined almost 2 points from 119 3/8 to its maximum of the morning, and other leaders in the same class were also lower.

GERMANS WANT TO BE HOME. Petty Tyrannies Are Forced On People by German Troops. London, Sept. 25.—The news which reaches here from the beautiful captive city of Brussels is as a rule not very cheerful, though very often we see evidence that the citizens of the city have not yet lost their sense of humor, for which they are justly famous.

A Dutchman who visited Brussels last week with the consent of the German authorities says that the Kaiser's officials and troops seem to have an idea that they have stayed their time in Brussels and this may be the reason why they seem to be taking advantage of pretext to extract fines from the inhabitants.

Recently a woman was arrested and sentenced to eight days' imprisonment or to pay a fine of \$6.25 for standing at a stopping place of the street cars where she had an appointment to meet her sister. As she did not take the first car that came along, she was promptly arrested.

It has been strictly prohibited to stop in the street and speak to several people and to conversations of two persons accidentally or by appointment are limited to five minutes. A prominent German in Belgium has just committed suicide. The manager of the National Bank at Antwerp, M. Carlier, was arrested at the Central Station as he was alighting from a train from Brussels. His crime was that he had refused to turn over to the Germans the sum of 400 million francs, \$80,000,000 in his charge in exchange for German paper. Immediately after his arrest he was packed off to an unknown destination in Germany, and von Bissing's government appointed Herr Buschweiler, a German who for many years had lived in Belgium, to be his successor. Herr Buschweiler, although still a German subject, had learned to love his new country, and he was generally respected even in these turbulent times. He had no sooner been appointed manager of the National Bank of Antwerp, when the German authorities requested him to exchange the funds in the bank for their scrip, but to their astonishment they met with a prompt and absolute refusal, and when they proceeded to use stronger means Buschweiler, committed suicide rather than do as he was bid.

EFFECTIVE TOMORROW. Low Round Trip Fares to Florida Over The Coast Line Road. Low round trip rates for Carolina cities to Jacksonville, and other Florida points are effective tomorrow on the Atlantic Coast Line road. Through sleeper service from Wilmington to Jacksonville will be furnished. This sleeper will leave Wilmington on regular train No. 55 at 3:45 p. m. tomorrow afternoon and will arrive in Jacksonville at 7:15 Wednesday morning. Parties desiring reservation can call No. 160.

Luncheon Tomorrow. The Rotarians will lunch at the Young Men's Christian Association tomorrow at 1 p. m. and among the many things the members are asked to remember is that 10 cent Mister bustness. It is more than likely that the Market street bridge-ferry proposition will come in for a bit of discussion.

FIRST REGIMENT PASSES TODAY. Three Trains of Militiamen Will Pass Through Wilmington This Afternoon. The First Regiment of North Carolina Infantry more than 1,000 strong, will pass through Wilmington this afternoon between 3:30 and 7:30 o'clock, in three train sections, with El Paso, Texas as their destination. They will relieve a regiment of Pennsylvania Guardsmen as border patrols. The Second and third regiments will enter at Camp Glenn tomorrow and next day, but are not routed through this city.

According to information received from the Coast Line headquarters this afternoon the first section of the three trains was turned over to the A. C. L. at New Bern this morning on scheduled time and will arrive in the city shortly after 3 o'clock. This train carries the first battalion of the First Regiment, comprising 377 enlisted men and officers, together with full field equipment.

Persons wishing to get a glimpse of the Tar Heel soldiers will have to journey to the New Bern junction, at the Wynnewood Lumber Company plant, on Smith's Creek, where the troop trains will stop about 30 minutes to change locomotives and train crews. The troops will in all probability be given a "stretch" here as it completes the first lap of the five-day trip to the Mexican border. On leaving here the trains will proceed over the W. C. & A. Division of the Coast Line to Florence, S. C.

The train sections are following each other about two hours apart and the second train, bringing the Second battalion of the First Regiment, is expected to arrive shortly after 5 o'clock. The third section, carrying the Third battalion, will arrive after 7 o'clock. Each of the train sections are composed of Pullman and tourist cars for the officers, men and baggage and freight and flat cars for the equipment. A modern kitchen car is attached to each section to provide plenty of wholesome food for the soldiers while on their long journey across the continent. Much interest has been manifested here in the movement of the North Carolina Troops as there are many Wilmington boys with the brigade. The majority however, are in the Second Regiment which does not come by this city.

PRINCIPALS ARE TO MEET FRIDAY. Arranging For The Opening of City Schools Monday Morning. All principals of the city schools are requested to meet in the office of the Board of Education at 11 o'clock Friday morning for a conference with the superintendent. All teachers are asked to meet at their respective buildings for a conference with their principals on Saturday morning at 11 o'clock. At this meeting the assignment of grades will be made and detailed information as to the program for each day of the opening week will be given.

The High School offices will be open every morning this week so that parents and students who desire to confer with Mr. Little, the principal, with regard to courses of study, entrance examinations, etc., can be received. Students who for any reason have been required to take additional examinations are to meet on Friday and Saturday mornings at the High School at 9 o'clock.

Some days ago the Health Department made a statement with regard to vaccination regulations etc., and Dr. Nesbit announces that the office will be open each day this week from 9 until 12 o'clock and from 3 until 5 in the afternoon to give vaccination free of charge. All new pupils should attend to the meeting of this requirement, so that a certificate can be presented at the time of enrollment.

Washington, Sept. 25.—Atlantic City was chosen as the new meeting place for the Mexican-American commission, now at New London, Conn. The change was decided on because the hotel, at which the Mexican commissioners have their headquarters, closes this week for the season.
