## The Correct Viewpoint

Many have a mistaken idea that it is because people are prosperous that they have Savings Accounts. Prosperity in connection with savings is the effect rather than the cause. The individual who practices Thrift, who little by little builds a surplus and with it character and reputation does not wait for prosperity—he makes it. We invite you to join the ranks of those who are insuring their future welfare.

## WILL EMPLOY COTTON GRADER

### Robeson County Makes Appropriation for Government Expert.

Lumberton, N. C., Oct. 4.—The Board of County Commissioners at their regular monthly meeting appropriated an amount not to exceed \$400 to give Robeson the services of a government cotton grader. O. J. McConnell, assistant in cotton marketing, office of markets, United States Department of Agriculture, and L. E. Blanchard, county farm demonstration agent, have placed supplies for the sampling and mailing of cotton in every gin in the county and the work will begin immediately. The grader for this district will be stationed at Fayetteville and will inform each farmer of the grade of his cotton and length of staple. Advocates of this method of cotton grading declare that its trial of three years has resulted in a net saving of \$1.15 on each bale handled. It is estimated that only about one-fourth of the appropriation will be required this year on account of the short crop and late season.

**Two Cases.**—Recorder Emple had only two cases for consideration this morning. Earle Hobbs, a 15-year-old white boy of Delgado, charged with vagrancy, was released when his father agreed to send him to the country. Ethel Huff, colored, was taxed with the costs for firing off a pistol in the city limits.

## RESTAURANTS ARE ADVANCING PRICES

New York, Oct. 4.—The rising cost of food was impressed upon thousands of citizens of the city by the act of one of the largest restaurants in advancing their prices.

This corporation, which owns a large chain of restaurants in New York and other cities, added five cents to the price of all staple dishes.

Much of the industry of this world is due to an effort to get out of debt. —Atchison (Kan.) Globe.
