## BOYS TRICKED INTO WORK.

Makes Water Wheel, With Which Lads, Playing, Empty Well.  
Brazil, Ind., Oct. 5.—Finding that surface water running into his well had made the water in it impure, a citizen of Brazil started to pump his well dry. After pumping half an hour in the hot sun he gave up the job. Then he made a miniature water wheel, which he attached to the end of a trough. After he had attracted the attention of several boys who were playing in a vacant lot he went to his work. When he returned in the evening the boys had pumped the well dry to see the wheel go round.

## COYOTE HUNTING IN AUTO

Los Angeles, Cal., Oct. 5.—Coyote hunting by automobiles at night is the latest diversion on the San Fernando boulevard. Recently Deputy Sheriffs Cooper and Sweeney saw a large coyote dash from the roadside into the glare of the machine's headlights. Then ensued a race between the animal and the machine. Blinded by the glare of the lights the coyote dashed at top speed down the boulevard ahead of the machine until the automobile in a sudden burst of speed ran over and killed the animal.
