COTTON.

New York, Oct. 20.—The cotton market opened steady at a decline of 1 point on October, but generally 17 to 20 points higher today on coverings which was insured by the report of a killing temperature or heavy frost in the western belt. There seemed to be a general tendency to minimize the possibility of frost damages and the market turned easier under general realizing. December sold off to 18.40 and March to 18.41 before the end of the first hour.

STOCKS.

New York, (Wall Street), Oct. 20.—General substantial reaction from yesterday's late dealings were registered in the early dealings, the rise embracing issues of all descriptions, including industrials, equipments, shipping and rails. United States Steel gained two points with 2 to 3 points gain for General Electric, Republic Steel and Alcohol. Reading and Union Pacific lead the investment rails at an advance point. Paper and sugar improved materially.

From Mississippi to Rio Grande. Lake Charles, La., Oct. 20.—The Interstate Inland Waterway League, organized ten years ago to promote the building of an intercoastal canal to connect the Rio Grande and Mississippi rivers, met in this city today for its annual session. Congressmen, engineers, and representatives of the commercial, agricultural and industrial interests of Louisiana, Texas and other States that would be benefitted by the proposed waterway are present in large numbers. The convention will continue over tomorrow.

REUMATISM.

Physician Believes a Genuine Remedy For the Disease Has Been Found.
 Rheuma, the wonderful rheumatism remedy sold by R. R. Bellamy and all druggists, gives quicker and more lasting relief than other remedies costing many times as much.
 Rheuma passes the deadly poisonous secretions into the bowels and kidneys, from which they are quickly thrown off in a natural, healthy way.
 Read what a reputable physician says about Rheuma: "I have made a most careful investigation of the formula employed in the manufacture of Rheuma and I heartily recommend it as a remedy for all forms of rheumatism. I find Rheuma far in advance of the methods generally employed in the treatment of rheumatism, and altogether different in composition from the remedies usually prescribed."
 Dr. Lyons.
 This should give any sufferer from rheumatism confidence to try Rheuma. R. R. Bellamy.—Advt.

Co-Operative Team Work!

Team Work

The emphatic remarks of the President of the Chamber of Commerce before City Council about the Corn Show was a timely utterance, publicly made, which has been privately spoken for years.

The Lack of Co-Operation--Team Work in Wilmington

We might just as well take stock of ourselves and frankly admit that conditions are not at all well in Wilmington. Real Estate values—The true barometer, are shrinking. Try to sell some of your city property if you don't believe it. Our "professional optomists" are even blue, and it seems that nothing worth while can be "put over" in our community; as President Jacobi truly says, "we are being passed in the race for progress by other cities in the State." This is humiliating, but, too true—

Why? No Team Work!

Still, when you visit and talk with citizens of progressive towns in the State, they will quickly say "If we only had the natural advantages that you have down in Wilmington, My, what wouldn't we become!"

See

It is admitted by outsiders that we have undeveloped Natural Advantages. Providence has been too kind to us, it seems. We don't appreciate it, but our real trouble is absence of—

Co-Operation--Team Work

We are Trying to do our part in Developing some of our Natural Resources and are Bringing some outside Money to Wilmington, every dollar of which goes into Circulation here. How about You?
