

DEMOCRATS URGED GREATER EFFORTS

Secretary Cashwell Explains Why New Hanover Should Go Democratic.

Copies of the following letter have been sent broadcast over the city and county by Mr. C. C. Cashwell, chairman of the County Democratic Executive Committee, in an effort to spur Democrats on to greater efforts in behalf of President Woodrow Wilson and the Democratic administration. A circular letter from Chairman Thos. D. Warren, of the State Executive Committee, explaining the conditions governing the contest for the silk flag that is being offered to the county showing the biggest per cent. increase over the 1912 vote, based on the gubernatorial vote, is appended to Secretary Cashwell's letter. The communication urges all Democrats to be up and doing in behalf of Democracy and points out the reasons why this activity should be engaged in. The letter follows:

"The State Democratic Executive Committee is trying to stimulate greater interest in political affairs in North Carolina. They are offering a reward in the nature of a beautiful silk flag for the county doing the best work between now and November 7.

"We should be proud of winning the flag just for the sake of being the banner county, but there are other advantages—the precedent it would give us in the State convention—just think—the county that lead the State in contributions to the Wilson campaign fund in 1912 is again leading this year in the matter of general contributions, and then to be the banner county in the State when it comes to voting!

"Will we avail ourselves of this wonderful opportunity to gain a lasting place of honor in the State?

"Let every one do his little part in the next few days: Register, see that your neighbor is registered; vote, and see that your neighbor votes."

STRONG SERMON LAST NIGHT.

Attendance Was Poor But All Came With a Purpose.

The meeting at the Dock Street Christian church last night was one of the best of the series of services. There were not many in attendance but those who were present came with a purpose. The songs sung from the Alexander hymn books carried the message of the song deep into the hearts of those present.

Rev. Mr. Reynolds took his text from Mark 16:15, "Go ye into all the world and preach the Gospel to the whole creation." He said no man has authority to preach except in harmony with this commission. Christians were to go to the continents and to the isles of the sea, to the busy cities of the earth, to the villages and the quiet rural districts everywhere; wherever there were sinful people to bless and ruined souls to be saved.

He said by watching the work of the early disciples we could learn how they understood their commissions. He illustrated this by the U-53, the German submarine that put into the American port and later destroyed the enemy's vessels. How did the commander understand his commission? He understood it just as he carried it out, if he is a true sailor. Peter, Philip and the other disciples went everywhere preaching Christ. Of course, in our present civilization few can be expected to leave all business and follow Christ, as did the disciples of old, but Christ should come first in your life. If every man in the church lived Christ what a revival of religion would come, how mighty the church would rise to rule the world!

The meeting will continue this week. Song services will begin at 7:30 o'clock. Mr. T. E. Allen is leading the singing and at this evening's service there will be special music by Mr. W. Huck and Miss Hazel Hervis. All are extended a most cordial invitation to come and help in every way possible. Those who are not members of any church will receive a most hearty welcome and every effort will be made to make the service a blessing to all. The sermon will begin at 8 o'clock.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts If Your Back Hurts or Bladder Troubles You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Adv't.

The Correct Viewpoint
Many have a mistaken idea that it is because people are prosperous that they have Savings Accounts. Prosperity in connection with savings is the effect rather than the cause. The individual who practices Thrift, who little by little builds a surplus and with it character and reputation does not wait for prosperity—he makes it. We invite you to join the ranks of those who are insuring their future welfare.
