HEALTH HAD GOT RUN-DOWN

But Cardui Built Up Her Health And Strength So She Could Do Her Work.

Etowah, Tenn.—“About 5 years ago,” writes Mrs. Lillie Carden, of this place, “I first took Cardui. Dr.—said I was suffering with ulceration . . . and . . . turned over to one side. . . suffered great pain in lower abdomen and back. For 1 or 2 years the . . . had been irregular and came about every 2 weeks, and I suffered great pain. Would cramp so I couldn't get up and do my work. Sometimes the . . . would last 4 or 5 days and come too much, which seemed to cause me to suffer very much. I would be up and down in the bed for 4 or 5 days. When I'd take the Cardui through the period, the . . . would be less and not last so long—only something like 3 days, and the suffering would be entirely relieved.

My health had got rundown and the Cardui would build up my health and strength and keep me going and out of bed, so I could do my work. It hurt me to even sweep my floor when I began it, but got so I could do the most of my work, and I didn't suffer any more, had no more cramps.”
Cardui, the woman's tonic, has proven its efficacy in the treatment of womanly troubles. Try it.

WILSON FUND IS CLIMBING SLOWLY

Southport Made Nice Contribution—Curre Citizens Send Down Few Dollars.

Forty-one dollars was given yesterday to the Wilson campaign fund, thanks to the generosity of Southport, and this sum plus the amounts turned in by the committees headed by Mr. D. H. Howes, Jr., and Mr. Cyrus D. Hogue, swelled the grand total to \$4,241. Twenty-seven and a half dollars represents Southport's activities and this sum exceeds by far the contributions turned in by Wilmington Democrats. In many respects yesterday was dollar day among local supporters of the President, however, one half dollar contribution, the gift of Mr. O. B. Malpas, wandered down from Currie and found a resting place in the treasurer along with the other money. The Southport contribution was made through Mr. D. O. Daniels and is credited to the committee chairmaned by Mr. Thomas E. Cooper. There were fourteen contributions made to the fund in addition to the Southport contribution and of this fourteen four came from outside the city, which means that they were voluntarily made and not sought by local campaign workers.

Members of the Executive Committee of the Wilson Club are still contending that too little work is being done by those who were elevated to positions of honor when the Wilson Club was re-organized. There is little variation in the reports as published in the press each day; it is always the same two or three chairman reporting and members of the executive committee are urging the others to bestir themselves and lend every assistance possible to attain the \$5,000 mark by tomorrow night. It can be done, according to these gentlemen, but a whole lot of hard work will be necessary to turn the trick.

The Dispatch explained the method that is to be adopted in an effort to raise the needed amount to round out the \$5,000 mark in yesterday's edition and members of the executive committee believe the plan feasible. In fact, much time was spent in perfecting this plan and while all the Democrats who are to contribute in this last “big push” have not been decided upon the committee has its eyes on a number of them and they might as well “come across.”

Contributions to the Wilson Fund up to last night were as follows:

MANY YOUNG MEN ORDER CLOTHES

Plan of I. Shrier Meeting With Remarkable Success.

There are many reasons why you should choose your suit of clothes during I. Shrier's Dress Up Plan for Christmas, not the least of these is the advantage you have in paying for your suit the E. Z. Way. By making a small deposit of \$3 or \$5 at the time your measure is taken, and thereafter you can make a small weekly payment until the purchase amount of your clothes has been absorbed. In this way it is much easier than paying the full purchase price at one time. Another advantage is making your selection from three to five thousand samples. You get what you at

want and by reason of the great range of materials your requirements, whatever they may be in fabrics, can be accommodated. Mr. Shrier represents the International Tailoring Company, the largest merchant-tailoring establishment in the United States. Therefore, selecting your Christmas suit at Shrier's is more like going through a great factory than a retail store. Then, too, the easy terms make the buying of your clothes easy. You would be surprised at the number of young men who are taking advantage of this unique payment plan, and if you have not availed yourself of this opportunity, you are invited to call at the store today, tomorrow or any day and have the matter explained in detail. Suits from \$15 to \$35. Remember only small weekly payments are required. (Adv.)
