War Summary

A new development in the Rumanian campaign was revealed in today's German official statement which reports Bulgarian movement northward in Dobrudja across the Southern Estuary of the Danube.

The crossing was effected near Tultcha, 38 miles southeast of Galatz, and places the Bulgarians, apparently on one of the large islands which stood the course of the river near its mouth. nearer the Bessarabian boundary, which here is formed by the northern estuary of the Danube.

IT WORKS LIKE A HOE

The Fowler has no long teeth to destroy crop reats. It see the surface like a hoe, and makes a perfect dust mulch. Wit one male you can cover eight or more acres a day.

The Fewler Cultivator establishes a new principle of cultivation—it works above crop roots and makes such a perfect mulch that those who use it don't care whether it rains or not. Talk about prize acres! You can make every acre a prize acre, just as good an acre as if you hoed it by hand and also cut your usual labor cost in half. We guarantee that if the Fowler and the principle it teaches

do not increase your crop yield your money will be refunded.
