HEADED FOR PENNANT.

(By United Press.) Chicago, Feb. 21.—The Chicago White Sox, thirty-five strong, led by and later as co-star with Sessure Manager Clarence (Pants) Rowland, and accompanied by a bunch of notables, will leave two weeks from Friday for their spring training camp at Mineral Wells, Texas. The squad will be at this resort for two weeks, from Friday for their spring training camp at Mineral, Texas. The squad will be at this resort for two

> sistant, "Kid" Gleason. "The White Sox will win the American league pennant, barring accidents," said President Charles Comiskey today. "They would have copped last season if they had not lost several stars at crucial periods. Clarence Rowland is one of the greatest leaders in baseball and with such a batting array as Eddie Cole, Joe Jackson, Happy Felsch and Pay Schalk, they can't stop us, that's all.

The race was being very close. "There will be few new faces in the White Sox camp. Ten rookies will go, but few of them hope to stick." Pay Schalk, premier American league catcher, will be Rowland's "first string." He will have as assistants, "Jack" Lapp, Mayes Linn and Gray, a youngster. The latter comes

At first base Rowland has his problem. This was the stumbling block last year. There are five candidates for the job - Ness, Fournier. Hasbrooke, Henry and Jourdan. Ness filled the place during the latter part of last season and Rowland announces that the man who gets the job will have to beat him. Fournier, a heavy batter, is weak as a fielder. Jourdan, Henry and Hasbrooke are youngsters. Jourdan comes from St. Joseph, Missouri, where he hit over .300 and stole more than 30 bases.

Eddie Collins will be found at second base. Last year Eddie was field captain, but there is a possibility that Rowland will relieve him of this as he believes Collins hitting was impaired

"On the other side of the diamond, Puck Weaver will play either short or third base. He can deliver in either. Candidates for the other job are Terry, McMullin — old timers— "Swede" Risberg and Bruce Hartford. Pisberg comes from the Vernon club of the Pacific Coast league and is said to be a bear at the shortfield position. If he makes good on his press notices, Rowland's troubles will be at an end on that side of the diamond and Puck Weaver will play third. Tery and McMullin will do in a pinch, out both are light hitters and below. championship calibre. Joe Jackson, one of the hardest hiters in the league, will be in left field. "Happy" Felsch, also a slugger, will be in center. Powland will give several athletes a chance for the right field job. Last year Shano Collins held down this position. He

is an in-and-outer. Among other candidates are Eddie Murphy, formerly of the Philadelphia Athletics; Nemo Liebold, formerly with Cleveland; Ross Eldred, secured from the coast, and Pruno Haas,

drafted from Wilkesbarre. The pitching staff, which was somewhat of a disappointment last season, will not see much change. Rowland will be equipped with such right handers as Joe Benz, Jim Scott, Eddie Cicotte, Red Faber, Elwood Martin, and Mel Wolfgang. Faber and Scott were out of condition during most of last season. Martin is the only newcomer. He comes from Oakland, in the Coast-League. For port siders, Rowland has "Red" Pyssell, Williams and Danforth.

the road And be a friend to man." Sam Walter Foss.

This little verse hangs in state on the landing of Ethel's stairway where the first rays of the morning sun strike it through the colored glass window in the morning and where the moon brightens it through the night.

It has become a little sermon to all her friends, too, and the fact that she practices what it preaches is most noteworthy. Ethel truly lives in a house by the side of the road and has become invaluable to her neighbors by being a friend to them one and all.

Living all about her are people whose entire outlook is upon the small suburban town in wihch they live. They are not uncultured, but they have never obtained everything they have aspired to because of living in an out-of-the-way place. Then, too, they kept house in a different way from the way some of them now do. Their rooms were always clean and their meals always on time, but they hadn't made their house-keeping a sciencethey hadn't put their homes on a business basis.

As Ethel gradually became acquainted with the younger set they found that she studied the food value of different articles and purchased her supplies accordingly. They found she had a specified time for each task and that, at the same time, she didn't neglect enjoyment. I can imagine the surprise of some when they learned, too, that she and "Bud" placed aside a certain amount every week for recreation. The younger set began adopting some of her mehods, and before long a wonderful change was wrought in the com

All of us are perhaps able to help our friends and neighbors in some way. This may never be accomplished by telling them anything other than in the ordinary course of conversation, but it may be shown them at all times. We all owe our fellowmen every bit of help we can give them. And-as the little verse says, this may only be done by living among people, not by sitting back and criticising their lives

Shall we live in the house by the ide of the road in the future?

The Cincinnati Reds have Hal hase's signature to a two-year conract covering the seasons of 1917-18. New York walkers have fixed upon Washington's Birthday for their sixth annual handicap hike from City Hall o Coney Island.

Mickey King, the latest Australian boxer to invade America, is former middleweight champion of the Antipodes. He lost his title to Les Darcy. Oarsmen of both Harvard and Yale have reported for practice. The candidates are divided into crews and drilled on the rowing machines.

President Weeghman, of the Chicago Cubs, denies the statement credited to him that the Cubs would give Pitcher Alexander, of the Phillies, a salary of \$15,000 a year.
