NEW PERFECTION OIL COOK STOVE

THEATRE

Headed by Ben Reed, just about the most original blackface comedy artist seen at the Royal this season, Mack's Musical Revue opened their engagement at that theatre yesterday, playing to big crowds at each performance, and presenting a show that went over with a bang and a rush that signifies increasing business for the entire balance of the week.

Musical is the right name for this aggregation, for there is every little in the way of a plot to their offering—it isn't needed, for you don't have time to bother your head with a plot between the eleven big musical and novelty feature numbers which bob about every two or three minutes.

The chorus—it's just about the best dressed seen here this season—an even half dozen beautiful young ladies, evenly matched in size and possessing really talented voices and natural dancing feet. And the Musical Four, the best harmony quartet seen here in many months—is one of the specialty acts that goes over biggest. Space does not permit of individual mention—every member deserves it and should be seen today by Royal patrons.

"A SMALL TOWN GIRL"—GRAND TOMORROW.

June Caprice, the girl with the sunny smile, gets mixed up in a thrilling crook story in her latest picture for William Fox, "A Small Town Girl," which will be shown at the Grand theatre on tomorrow. With the help of little Jane Lee, she hands the gem thieves over to the police.

"A Small Town Girl" is a story of a country girl, played by June Caprice, who goes to New York to take care of her aunt's little girl (Jane Lee). There in the squalid surroundings of a First Avenue tenement June meets Frank (Bernard Delaney), her old sweetheart back home, who had come to the big city to make good.

In the same house with June is a band of crooks. They steal a jewel and hide it in the heel of the slipper belonging to Mame (Inez Marcel), the woman of the gang. Little Jane finds the slipper and gives it to June. Frank calls and in a playful tussle over the slipper pulls the heel off. The gem falls to the floor. Frank had heard of the theft and hurries to the police with the jewel.

Meantime the crooks discover the loss of the slipper. Mame quizzes Jane and learns she gave it to June. With her men confederates she attacks June just as Frank returns with the police. When left alone June falls into Frank's arms.

TRIAL OF CRENSHAW IS POSTPONED

(By Associated Press.) Richmond, Va., June 24.—Because of illness of the defendant, the trial of S. Dabney Crenshaw IV, son of S. Dabney Crenshaw, vice president of the Virginia-Carolina Chemical Co., on charges of grand larceny and incendiarism, was postponed until October when the case was called in Charlottesville yesterday. He is alleged to have robbed the University of Virginia laboratory and set fire to the building.

ACID IRON MINERAL

(A-I-M. NATURAL IRON NATURES ELIXIR) NON-ALCOHOLIC

Iron Makes Old Folks Feel Young

Iron is the greatest blood purifier and strengthener the world knows of. The main difficulty has been in getting the iron to the blood. Heavily coated pills or iron mixed with other elements to keep it from contact with teeth or stomach lining, which iron injures, was the old way. Some used glass tubes because amount of iron in pill or liquid was not sufficient to get the desired result.

Take Natural Iron, Known As--ACID IRON MINERAL

It Purifies Blood, Drives Out Rheumatism, Steadies the Nerves, Enriches the Blood and Helps Stomach, Kidneys and Bladder

Elderly people seeking relief from excessive uric acid, causing rheumatic pains, often take things that do them far more injury than good. If people would remember that alcohol is the enemy of the kidneys, which nature intrusts with the duty of filtering the blood, they certainly would refrain from alcohol or medicines which only stimulate for the moment and always have their reaction to the detriment of kidneys, bladder, stomach, liver and nerves.

If weak, nervous, always tired and kidneys bother nights, or if you are only in need of a good tonic to build up and strengthen the aging system, take this natural iron, "Acid Iron Mineral." It makes men and women stronger. It enriches and purifies the blood, improves the appetite and general health.

Druggists, Doctors and Surgeons Use and Endorse

ACID IRON MINERAL

Go to the nearest drug store and get a fifty-cent or dollar bottle of natural iron, known as Acid Iron Mineral. This is as pure as the rippling brook, highly concentrated and containing three forms of iron, together with potassium, sodium, calcium, magnesium and sulphuric acid—all of great medicinal value and blended and proportioned exactly right by nature herself for the treatment of stomach, kidney, bladder and liver complaints. It is the purest, most economical and efficient, a half-teaspoonful is a dose. Used for thirty years one run down or weakened will find it pleasant to take, wonderfully invigorating and an iron compound with all the faults of other and weaker iron combinations of the chemical missing. Get a bottle at your druggist's today, or large bottle will be sent prepaid on receipt of \$1. by Ferrodine Chemical Co., Roanoke, Va.

Training Camp at Norwich. Northfield, Vt., June 26.—Norwich University, which, during his career of over three-quarters of a century, has included among its graduates many men who have attained fame as fighters under "Old Glory," chief among them being the late Admiral Dewey, today established a military camp for the training of fighters for the present great conflict. The camp will extend until August 21. It will follow closely the course of instruction given at the United States Officers' Training Camps, and will differ only that it will offer a series of short courses of two weeks each in addition to courses of instruction covering longer periods. These shorter periods have been arranged to meet the demands of business men who desire to get some military instruction, but who cannot leave their business for a greater length.

Ripping Good

NOTHING makes the day's grind and worry vanish like a cool, ice-berg bottle of PEPSI-Cola—there is refreshment and strength in every drop.

Tasty, bracing, cooling—PEPSI-Cola has that tang you want—the tang that makes you say "MORE."

Be your own judge! There is no substitute for PEPSI-Cola—resent the suggestion.

Try it today at the nearest fountain, or order the grocer to send home a crate—treat the rest of the family with this delicious, wholesome beverage.

Why You Should Drink Pepsi-Cola

Pure cane sugar, carbonated spring water, fruit juices, acid phosphate and flavoring that's PEPSI-Cola. No mystery in its recipe; just a proper blending of ingredients—a delightful, wholesome beverage, as beneficial as it is refreshing, as invigorating as it is thirst-quenching. Some people call it a "Liquid Confection"! It is the kind of drink you would make at home—if you could!
