

# DAMAGE AT ESSEN BY FRENCH AIRMEN

### Placed at Millions of Francs—One Hundred Employes Reported Killed.

(By Associated Press.) Amsterdam, July 10.—Les Nouveles, of Maastricht, Holland, reports that Dutch workmen who were laid off at the Krupp Works on account of the destruction of buildings in the recent French air raid, assert that a quarter of the Essen plant was destroyed. The material damage is placed at millions of francs and it is said that 100 employes were killed and hundreds of others, including 45 French prisoners, wounded.

One and possibly two French airplanes dropped bombs on Essen last Friday. The official German report of the raid said only two bomb holes were found.

# GERMANS PLACED IN DETENTION CAMP

### To be Held During War as Undesirable Residents of This Country.

(By Associated Press.) Chicago, July 10.—Orders for the detention during the war of Heinrich Orthmann and Peter Baches, on the ground that they are a menace to the welfare of the nation, have been received from Washington, and the men are held here today pending removal to detention camps.

Baches is said to have admitted a part in the attempt to blow up a powder plant at Niagara Falls, in Canada. He fled to Ottawa, Ill., where he was apprehended. Orthmann is accused of stabbing a member of the Illinois National Guard during an argument over the war.

# PITCHER CALDWELL NOW UNDER ARREST

### Charged With Larceny by Mrs. Lucy L. Dick and Released On Bond.

St. Louis, July 10.—Ray Caldwell, pitcher for the New York Americans, was arrested last night on a charge of larceny. Mrs. Lucy L. Dick, accused Caldwell of taking from her a diamond ring valued at \$150 while visiting her on June 30.

Mrs. Dick said she married since the disappearance of the ring. Caldwell said the ring was in Cleveland. He was released on bond. The New York Americans yesterday offered Pitcher Ray Caldwell to the St. Louis Americans in exchange for Derrill Pratt, second baseman. The offer was rejected by the St. Louis management, it was announced today.

### TRYING HARD TO MAKE BILL PLEASE THEM.

(Continued From Page One.)

When they were reopened conditions improved, he said.

In an effort to modify the bill to meet various objections, a special committee was called for 4 o'clock this afternoon. Chairman Gore will propose amendments limiting government "control" to foodstuffs and fuel—its original objects—and elimination of provisions extending control to iron, steel, copper, cotton and many other products.

Senator Chamberlain today planned to present a new request for an agreement for a final vote on the bill Saturday, July 21, and if such an agreement was secured, he planned to withdraw the cloture motion filed yesterday.

Recognizing the impossibility of passing the bill this week, as planned, Senator Chamberlain late today presented a new request for an agreement to vote finally Saturday July 21, with debate limited in the meantime.

### CHURCH WAS STRUCK

#### Tower of St. Paul's Lutheran Church Slightly Damaged by Lightning.

The tower of St. Paul's Lutheran church, corner Sixth and Market streets, was struck by lightning during the severe thunder storm which occurred in the city this morning about 1 o'clock. Fortunately, however, only a few bricks were displaced and a small amount of splinters knocked from a window facing, but the noise of the crash was sufficiently loud to awaken those living in the immediate vicinity of the church.

John D. Rockefeller arrived at Cleveland today to spend the summer at his Forest Hill home. Mr. Rockefeller, who celebrated his 78th birthday at Pocahontas Hills, N. Y., last Saturday, said he was feeling fine and announced himself ready for a game of golf.

# NATIONAL GUARD AS FEDERAL ARMY

### Proclamation by President Drafting it Into Regular Army For Foreign Service

(By Associated Press.) Washington, July 10.—The last step necessary to make the entire National Guard available for duty in France was taken yesterday by President Wilson with the issue of a proclamation drafting the State troops into the army of the United States on August 5.

To make certain that the purpose of the National Defense act is carried out, the proclamation also specifically declares the men drafted to be discharged from the old militia status on that date. In that way the constitutional restraint upon use of militia outside the country is avoided and the way paved for sending the regiments to the European front.

Prior to the application of the draft, regiments in the northern and eastern section of the country are called into the Federal service as National Guardsmen in two increments, to be mobilized on July 15 and 25. Many units already are federalized and presumably they will be mobilized with the other troops from their States. The guard from the other States will be mobilized on the day of the draft. The arrangement was necessary to provide for movement of the regiments south to concentration camps without congestion, and to the same end the division of States into these increments was revised from the original schedule.

The operative date of the draft was delayed until August 5, so that all regiments can be taken into the army simultaneously to avoid inequalities in the relative rank of officers. The National Guard of New York, Pennsylvania, Ohio, West Virginia, Michigan, Wisconsin, Minnesota, Iowa, North and South Dakota and Nebraska will be called into the Federal service on July 15 and sent to concentration camps in the South, although the draft will not apply formally to them until August 5. Similarly, the State troops from Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey, Delaware, Maryland, District of Columbia, Virginia, North and South Carolina, Tennessee, Illinois, Montana, Wyoming, Idaho, Washington, and Oregon, are called into the Federal service on July 25. Units from other States are to be sent to the camps on August 5.

Fourteen camp sites for the 16 tactical divisions into which the Guard will be organized for war purposes have been selected, and the militia bureau is preparing the railway routing of the troops to the camps. Seven of the sites selected are in the Southeastern Department, 5 in the Southern and 2 in the Western. The two others will be in the Southeastern department, and until they are approved assignment of regiments to camps and divisions can not be fully worked out.

### FIRING ACROSS RIVER BY MEXICANS, EL PASO

(By Associated Press.) El Paso, Texas, July 10.—Fifty shots were fired by Mexicans across the Rio Grande at Hart's Mill, one mile north of Union station, last night. The fire was returned by the United States army patrol, but so far as is known there were no casualties. Army officers believe the shooting was for the purpose of covering smuggling operations at a point further up the river.

### EMMA GOLDMAN GETS TWO YEARS

(By Associated Press.) New York, July 10.—Emma Goldman and Alexander Berkman, anarchists, were found guilty of conspiracy to obstruct operation of the selective draft law, by a jury in the Federal court here last night. Judge Mayer imposed the maximum penalty of two years in the Federal penitentiary and a fine of \$10,000 upon each of the prisoners.

### POST SERIES GAME OF SOUTH ATLANTIC

(By Associated Press.) Columbia, S. C., July 10.—The second game of the post season series between Charleston and Columbia to decide the pennant winner of the South Atlantic League will be played here this afternoon. Whitney, of Columbia, will probably oppose Tillman, of Charleston. The weather is fair and warm. Indications point to a large attendance, many people coming from neighboring counties to witness the contest. Columbia won the opening game of the series in Charleston yesterday by a score of 3 to 1.

### FINED FOR SPITTING IN UMPIRE'S FACE

(By Associated Press.) Chicago, July 10.—Joe Tinker, manager of the Columbus club of the American Association, today was fined \$100 by President Hiekey for spitting in Umpire Knapp's face during an argument in a game at Columbus last Thursday.

### VIENNA THE KEY TO THE SITUATION

(By Associated Press.) Zurich, July 10.—Six influential representatives of the Centrist party in Germany went to Vienna last week, where they conferred with leading members of the Austrian aristocracy. Immediately after their return, according to a summary of the German political situation, issued from here, friends of Matthias Erbsberger, the clerical leader in the Reichstag, began strong opposition to Chancellor von Bethmann-Hollweg. Simultaneously, the south German National Liberal newspapers, particularly the Meunichener Neueste Nachrichten, abandoned their pro-German policy and energetically demanded democratic reforms. It is added that the key to the situation seemed to be Vienna.

Conferences on extension education and educational associations and numerous departmental meetings were on the morning schedule of the National Education Association convention at Portland, Ore., today. For the afternoon meetings, the programs were to be featured by women speakers.
