Gingham Clad Soldiers Are Going to Play Big Part in Winning Present War.

The following communication was issued yesterday afternoon by the New Hanover Food Conservation Commission and should be given careful consideration by all:

Dr. Ray Lyman Wilbur, the food expert, says: "The Gingham-clad Soldiers in American homes will do as much to win the war as the Khakiclad Soldiers in the trenches by proper food conservation."

A clipping from the New York World reads: "The war will be lost the head. At their last meeting the or won with food." This is the most threads on the firmly with the threadbare byword in Washington, gether to "finish" the war against German autocracy.'

"Let us have food first. We will furnish the men for the present." This is the cry of our allies.

To meet this call, says 'rne World, the food administration has been formed under the leadership of Herbert Hoover. Forceful in himself. nations which have become cependent upon us-food enough to keep humangreat task. Dr. Wilbur has taken up All reliable druggists in 50c and \$1 the organization of the woman power of the country for food conservation and in order to do this he proposes to enlist all the women of the nation in a volunteer organization and to obtain from each one a pledge to
