Hewlett, assistant superintendent and secretary of the Sunday school, and Mr. Frank Meier, who are members of the W. L. I., and Mr. Richard Hewlett, who is a member of Troop C, Cavalry.

Three Boys Released. Robert, Kenneth and Herbert Wright, colored, arrested early this morning on a charge of attempted criminal assault upon an eight-year-old white girl, were released later in the morning, the police learning that they could not have possibly been guilty of the attempted crime charged against them. No other arrests have been made.

NORWAY SHIPPING OBJECT OF CONSPIRACY

Christiania, Norway, Aug. 14.—Investigation of the conspiracy having for an object the sinking with German bombs of a number of Norwegian ships, has been completed, according to the Tidenstegn, and action taken against seven Finlanders and two Germans. They are accused of having transported many explosives from Germany to Norway and stored them at three places in Christiania. The accused were paid by the German espionage headquarters at Stockholm.

Christiania dispatches recently said that the leader of those arrested called himself Baron von Rutenfels. It is doubted whether he is really a baron. Explosives were seized, including a number of infernal machines. There were inclosed in cases resembling lumps of coal and were to have been put in the coal bunkers aboard Norwegian ships. The newspaper said the discovery of the plot probably explains the loss of many Norwegian ships which were supposed to have been mined or torpedoed.

CHICAGO OFFICES OPENED BY HOOVER

Chicago, Aug. 14.—Quarters in an office building here have been leased by Herbert C. Hoover, food controller, and a staff of 20 men is expected to take charge early next week. It was announced today. The first work of the representatives here of the food controller, it was said, would be to make a general survey of the food situation; to learn the quantity of food in store houses and the best way to distribute it.

SOUTHERN METHODISTS IN ANNUAL CONFERENCE

Asheville, N. C., Aug. 14.—The fourth annual missionary conference of the Southern Methodist Assembly opened at Lake Junaluska yesterday morning and will hold daily sessions for the next 6 days. Among the speakers yesterday morning was Dr. J. C. C. Newton, of Kobe, Japan, who reviewed his missionary labors in that field. At the night's session, Dr. John F. Goucher, of Baltimore, Mr. discussed "the world-war and evidences of the coming kingdom." Dr. Goucher expressed the opinion that America's participation in the great world-war would result in a great religious awakening. "The war that is now entering on its fourth year" said Dr. Goucher, "has turned the thoughts of men toward Christianity as they have never turned before and we can expect a like result in this country."

WRIGHTSVILLE BREEZES

Items of Interest From the Popular Resort.

Mrs. J. G. King and daughter, Miss Irene, are spending a period on the beach.

Miss Marie Bonitz has returned after a stay of several weeks in Hendersonville and other points of interest in the mountainous section of Western Carolina.

Oceanic arrivals yesterday included: W. R. King, Atlanta; C. R. Zanders, New York; Mrs. I. T. Stone, Miss Christine Davis, Columbia; R. Simpson, J. W. Hughes, Chicago; J. W. Pundaa, A. R. McQueen, Duny.

Tonight's moving picture features at Lumina include a thrilling two reel Century comedy feature, "Destiny's Boomerang," with a thrilling finale that defies a word description. "When Adam Had 'Em," a roaring Beauty comedy, starring inimitable Orrol Humphrey in the leading role, is another rare treat on tonight's bill on the screen over the ocean waves.

Four hundred or more children participated in the souvenir dance at Lumina last night and the twinkling of the little slipped feet on the ball room floor was a beautiful sight. Hundreds of parents attended and looked on, enjoying the affair equally as much as did the little folks. The affair was under the direction of Miss Eleanor Cantwell. Torpedo boats and flags were given as souvenirs by the Lumina management.

Recent Seashore Hotel arrivals include: Todd Meisenheimer, Charlotte; T. L. McDowald and wife, Selma, Ala.; Dr. O. J. Houser, Charlotte; June Smith, R. T. Grady, Jr., Mrs. B. T. Grady, Miss Annie Grady, Goldsboro; H. Holt, Jr., New York.

CARNIVAL NIGHT AT LUMINA.

The big pavilion will be the scene of a merry fete Friday evening. Then will be staged a terpsichorean event at Lumina that will prove a great treat and source of joy to all. It will be officially and picturesquely designated as "Carnival Night" and it means that upon such occasion there will be high revelry. Gloom will be thrown to the four winds and merriment will hold full sway. There will be many big features, that will provide jollification for every one.

PATROL BOAT WAS BURNED TO THE WATER

(By Associated Press.) Washington, Aug. 14.—The Navy Department was informed today by the commandant of the naval station at Key West, that the patrol boat Nemes, a small gasoline yacht, was burned to the waters edge last night as the result of a gasoline explosion. No one was injured.

GEORGIA NEW COTTON BRINGS HIGH PRICE

(By Associated Press.) New York, Aug. 14.—The first three bales of Georgia's new cotton crop to arrive in this city was auctioned from the steps of the cotton exchange yesterday for \$700, nearly 50 cents a pound. The money was given to the Red Cross war fund.

MAJOR GENERALS NOMINATED BY WILSON

(By Associated Press.) Washington, Aug. 14.—Nominations of more than 200 new major generals and brigadier generals, who will hold commands in the new war army, were sent to the Senate today by President Wilson. They include all the National Guard general officers. National Guard officers nominated to be brigadier generals include: Brigadier General Robert E. Steiner, Alabama; Brigadier General Walter A. Harris, Georgia; Brigadier General Cecil C. Vaughan, Jr., Virginia; Brigadier General Lawrence O. Tyson, Tennessee and Col. Arthur H. Blanding, Florida.

NATIONAL GUARD TO FORM DIVISION FOR FRENCH FRONT

(Continued From Page One.)

Colorado, Oregon and the District of Columbia. Discussion of time and place of mobilization of the division or of its departure for France are not permissible under the voluntary censorship. The structure of the division as given in the official statement shows it will conform to the reduced trench warfare divisional organization recommended by Major-General Pershing which would give it a total strength with auxiliary troops of approximately 20,000 men. The two infantry brigade formation, each brigade to be composed of two regiments, indicates a very large increase in the size of infantry regiments. The fact that numerical designations have been assigned to the brigades throughout, also indicates the adoption of the European battalion administrative unit system, although the regimental organization of three battalions to a regiment is retained.

While no explanation of the reason for forming this composite division as the first tactical organization of the National Guard to be perfected since the State troops were drafted into the Federal army, it is known that the plan has been endorsed by the Governors of virtually all the States. The effect presumably will be to solidify the National Guard and to give the whole country an interest in the division which might not be so strong if the troops from any one State had been used to form this tactical unit. The commanding officer of the division will be Brigadier-General W. A. Mann, of the regular army, now chief of the division of military affairs, of the War Department.

Nuxated Iron to Make New Age of Beautiful Women and Vigorous Iron Men

Says Physicians—Quickly Puts Roses Into the Cheeks of Women and Most Astonishing Youthful Vitality Into the Veins of Men—It Often Increases the Strength and Endurance of Delicate, Nervous "Run-Down" Folks 10 Per Cent. in Two Weeks' Time

Opinions of Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York City; Dr. Howard James, late of the Manhattan State Hospital of New York, and formerly Assistant Physician Brooklyn State Hospital, and Wm. R. Kerr, Former Health Commissioner, City of Chicago.

New York, N. Y.—Since the remarkable discovery of organic iron, Nuxated Iron or "Fer Nuxate," as the French call it, has taken the country by storm. It is conservatively estimated that over three million people annually are taking it in this country alone. Most astonishing results are reported from its use by both physicians and laymen. So much so that the doctors predict that we shall have a new age of far more beautiful, rosy-cheeked women and vigorous iron men.

Dr. Ferdinand King, a New York Physician and Medical Author, when interviewed on this subject, said: "There can be no vigorous iron men without iron. Pallor means anaemia. Anaemia means iron deficiency. The skin of an anemic man and woman is pale; the flesh flabby. The muscles lack tone; the brain fags and the memory fails and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks.

"In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, degerminated corn-meal, no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cookery, by throwing down the waste pipe the water in which our vegetables are cooked, are responsible for another grave iron loss.

"Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt."

"Former Health Commissioner, Wm. R. Kerr, of the City of Chicago, says: "I have taken Nuxated Iron myself and experienced its health giving strength-building effect and in the interest of the public welfare, I feel it my duty to make known the results of its use. I am well past three score years and want to say that I believe my own great physical activity is largely due today to my personal use of Nuxated Iron. From my own experience with Nuxated Iron, I feel it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country."

Dr. E. Sauer, a Boston physician who has studied both in this country and in great European medical institutions, said: "As I have said a hundred times over, organic iron is the greatest of all strength builders."

"Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of twenty and as full of vigor, vim and vitality as a young man; in fact, a young man he really was, notwithstanding his age. Nuxated Iron had filled him with renewed life. At 30 he was in bad health; at 40 he was careworn and nearly all in

Now at 50 after taking Nuxated Iron, a miracle of vitality and his face beaming with the buoyancy of youth. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and, as a consequence you become weak, pale and sickly looking. Just like a plant trying to grow in a soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next, take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained! I have seen dozens of nervous, run-down people who were sipping all the while double their strength and endurance and entirely rid themselves of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this, after they had in some cases been doctoring for months without obtaining any benefit.

Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given out any medical information or advice for publication as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

Dr. James Louis Byres, for 15 years Adjunct Professor in the New York Homeopathic Medical College, says:

NOTE—Nuxated Iron which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine nor secret remedy, but which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians both in Europe and America. Unlike the older iron and organic iron products it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous run-down conditions. The manufacturers have such great confidence in nuxated iron that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks vim and increase their strength 100 per cent. over in four weeks' time, provided they take in ten days' time. It is dispensed in this city by Jarman & Futrile and all good druggists.
