

# HUNTERS HAVING GOOD SHOOTING

## Marsh Hen Hunters Have Fine Luck—Welcome New Fish Law.

(Special to The Dispatch.) Southport, Oct. 5.—Continued high tides has made the marsh hen shooting splendid for those who have been out in the waterways after this fine bird. The law prescribes the limit at 15 birds per hunter, most hunters being glad to return with this number. A party of four, Col. Robt. Stride being one of the four, brought in 48 birds on Tuesday, and they favored a number of friends with liberal samples of the result of their shooting.

There would be a great fish trade developed here, if the proposed law of letting fish be caught as they may, taking off the limit as to size of net mesh, was passed during the war period. The fishing steamers and smacks engaged in the lower Cape Fear menhaden fishing would be bringing in great numbers of edible fish, together with the menhaden. At times when the pogies falled, these fishing boats would be catching mullets, sea trout and other kinds of fish. Then the shrimp boats, instead of throwing away or eating the fish themselves, as the law now provides, the splendid fish that often get caught with the shrimp they could separate shrimp and the edible fish, and sell both. If these fish were offered to the local consumer it would mean a saving to the families that now must buy meat.

The return of the government dredge, Cape Fear, to its work in this vicinity, on river and bar, is welcomed by men who live here. Since being laid off months ago, many of the crew have found work elsewhere, so that Capt. Lund, of the dredge, has to look up new men to fill vacancies. In these days of h. c. l. no man can lay off and wait for a job to return or the government get up another appropriation to get him back on a former position. He just has to get out to work, as though he never would have the chance to return to his old job.

The mayor and aldermen are busy looking after the bids submitted for the erection of the new municipal pumping plant, that will soon be built at the present water-works plant.

Next Monday, after their acceptance by the County Commissioners, the county tax-books, which are now ready, will be turned over to Sheriff Robinson for the collection of taxes.

# STAND IN LINE ALL OF TONIGHT SPECIALS

## Great Crowds Prepare to Storm Gates at White Sox Grounds.

(By Associated Press.) Chicago, Oct. 5.—The reserved seats for the world series games at White Sox Park having been distributed among the lucky applicants, hundreds of baseball fans planned to stand in line tonight in order to have advantageous positions when the office opens at the park for the sale of unserved seats tomorrow.

The weather prediction for the opening game tomorrow calls for fair weather with a slight drop in temperature. This, followers of the game say, will not work any hardship on either team, as both squads are in the pink of condition, and will not feel any slight change in weather.

Scalpers, who had promised to have plenty of tickets for the opening game, were busy today making deliveries to a few customers and returning money to others. Their supply was said to be far less than the demand.

At the first appearance of tickets at the offices of the brokers \$50 was asked for one ticket, good for the three games, for which \$15 was charged at the park. As the supply of tickets in their hands became exhausted, the scalpers began to talk of a raise in price and it was predicted today that the price might be double the amount first asked before the game is called tomorrow afternoon.

Grandstand reservations, selling at the park for \$1.50, were not to be had from the scalpers, although one broker offered to deliver tickets of this class Saturday noon at \$15 for the three games.

Corporation Counsel Same: Eitelson caused some uneasiness among purchasers of scalpers' tickets by announcing that any one found with tickets purchased from scalpers would be denied admission to the park. He stated that the name of every bona fide purchaser was known and that all admissions would be checked.

Scalpers are refusing to take any liability for the tickets and also refuse to take back the two unused tickets at face value. The National Baseball Commission met today for the purpose of giving final instructions to the four umpires who will officiate in the games, and outlining the ground rules and other playing conditions to the arbiters, scorers and managers.

Much interest today centered on the question of the two pitchers in the first game. Manager Rowland refused to commit himself, but many have picked Eddie Cicotte as the probable starter for the locals. Cicotte worked out yesterday afternoon and said afterwards that he was ready to start the big series at any time.

Ferdinand Schupp, the left handed star of the Giants, is the most frequently mentioned to open the series of the visitors.

The Giants will practice at White Sox Park this afternoon. They will be given all the time needed in order to become accustomed to light and shadows peculiar to the park.

**DIED FROM BEING HIT BY AUTOMOBILE**

(Special to The Dispatch.) Goldsboro, N. C., Oct. 5.—Hundreds of sorrowing friends attended the funeral this afternoon of Morrison Wilcox, son of Rev. and Mrs. A. D. Wilcox, who died Thursday in a Richmond hospital, which was held from St. Paul M. E. church, of which Mr. Wilcox is pastor.

The untimely death of young Wilcox was the result of the latter being run down some weeks ago by an automobile alleged to have been driven by Malcolm Southerland, a young white man of this city.

Following the accident, young Strickland was arrested charged with the crime and later released, after furnishing a heavy bond, pending the outcome of the Wilcox lad's injuries, who was then a patient at a local hospital.

While there, young Wilcox continued to grow worse and was, upon the advice of attending physicians, rushed to a Richmond hospital, where, following an examination there, physicians stated that his case was hopeless, and he had only one chance in a thousand to recover.

Yesterday afternoon Solicitor E. A. Humphrey, of the county court, issued a warrant for Mr. Southerland in which the latter was charged with manslaughter in connection with the Wilcox boy's death. The warrant was served and Mr. Southerland furnished bail.

**ENTENTE AIRMEN CROWDING GERMANS**

(By Associated Press.) Amsterdam, Oct. 5.—A semi-official statement issued in Berlin refers to the attacks of Entente airmen on German towns and says they prove it is necessary for Germany to press back the enemy aerial bases as far as possible.

"If today enemy airmen had bases on the Meuse line or in Belgium we should discover that not only western Germany, but the heart of Germany would be exposed to enemy bombs," says the statement. It draws the conclusion that Belgium must no longer be dependent in a political or military sense on Entente powers.

**NO GENERAL COAL SHORTAGE IN EAST**

(By Associated Press.) Washington, Oct. 5.—Reports of a general coal shortage in the East, either present or prospective, were denounced by Dr. H. A. Garfield, the fuel administrator.

"The East," said Dr. Garfield, "is being supplied with sufficient coal for necessary requirements, but increased shipments are not being made for storage purposes because all surplus coal is being shipped to the Northwest."

Increased coal production will be obtained, Dr. Garfield said, in the near future through an arrangement giving coal cars, both loaded and empty, preference over other slow freight movement.
