# THEATRE

Arthur Hammerstein has surpassed all former efforts in the presentation of his latest success, "Kathka," which will be presented at the Academy of Music on Friday, October 26, after a year's run at the Lyric and 44th Street theatres, New York. The scenes are laid in Russia, Turkey and Vienna. The locale could not be improved upon, as material allowing the imagination of the scenic artist full scope. As Russian wedding guests, Turkish houri and Viennese beauties the chorus, also, is offered unsurpassed opportunities.

### "HANDS UND FRITZ."

"The kind of laughs your doctor orders," is one of the advance captions of "Hans Und Fritz," the newest R. Dirk's cartoon comedies of Holland to be seen at the Academy of Music on next Tuesday, matinee and night.

Everybody remembers the same brilliant cartoonist's "The Katzenjammer Kids." Well, "Hans Und Fritz," is said to be a hundred times funnier. It's Captain Kidd and his treasure that the two jokey Dutch kiddies start after, and it's this will goose chase among other situations that make for the speed and color of the new show. Girls, ginger and melody are other items of the production that are said to make the production one of the most enthusiastically talked about of all the road's attractions this season.

### A BRAND NEW BILL.

Bobby Jarvis and his musical comedy organization will present a brand new bill for today and tomorrow, "My Hula Hula Girl," a gay and giddy mixture of song, laughter and dance that is sure to please the crowd who are flocking to see the show presented by this old Wilmington favorite. This show is absolute the strongest bill of the three to be presented by this company and should draw capacity crowds for today and tomorrow.

It is a new and popular version of a well known New York musical comedy success, and features some of the most dazzling costumes ever seen in a musical comedy show of any kind. It is a production that is staged with rare skill, never allowing a dull moment.

Bobby Jarvis will fulfill the requirements, as usual, in blackface, and has an even funnier role than in the first show of the week. Earl Root and his fascinating little wife will have a brand new specialty number and all the other members of the company will be seen in new stunts throughout.

### "THE CRIMSON DOVE."

All the hundreds of thousands of admirers of Carlyle Blackwell will be delighted by the role that he plays in "The Crimson Dove," the startling new World-Picture Brady-Made which will be the big attraction on tomorrow at the Grand theatre. Mr. Blackwell in this production plays the part of a young minister of the gospel who takes charge of a little church in a rough community in the mountains. He wins out in his fight to induce the rough-necks to come to church, but he also loses their good will in a remarkable and wholly innocent manner. He also almost loses his life as the result of this loss of good will.

Playing opposite Mr. Blackwell in this brilliant attraction is beautiful and charming June Elvidge who takes the part of an actress who is the innocent cause of a young man's suicide and who later, under her real name, meets the minister. They learn to love each other and then, when the woman's identity is revealed to the minister, things begin to happen at a lively rate.

You will enjoy "The Crimson Dove." See it. It is a Brady-made production, from the same place where the great Brady-International features recently presented were booked.

### BELGIAN CIVILIANS HAD TO DIG TRENCHES

(Correspondence of Associated Press) Havre, Sept. 19.—Male civilians in the Belgian towns of Langemark, Staden, Elverdinghe, Woumen, and Roulers, which recently were evacuated by the Germans, have been forced to work near the German first line trenches in Belgium with the result that many have been killed by exploding shells, according to information received by the Belgian government.

The civilian population of these towns was ordered to go to the railroad stations. The women, children, and old men were packed into the forward cars of the trains, while all men and boys, between 16 and 60 years, were placed in the rear cars. When the trains started, the rear cars were uncoupled and the occupants forced to undertake the hazardous work near the first line.

In most cases the women and children did not know that they were separated from their husbands and fathers until they arrived at their destinations.

The forcible conscription of Belgian civilians has become most widespread in the regions of Courtrai and Menin, where about 2,000 men already have been compelled to perform military work.

man, of the New York Globe, who got much of his journalistic experience on Fleet Street in London. He just ambles about town writing about things as he sees them. In short, snappy sentences inscribed in perfect English, he tells stories of pathos and of power. He knows more celebrities intimately than possibly any other writer in town and he knows how to make them talk about the things people want to know.

A tidal wave of printer's ink, churned up by sob sisters gibberish, has been sweeping New York about the "September Mori Ball" given by the Bohemians of Washington Square. The dances continue without police interference and those who attend them declare they are worse than the Roman orgies. The guests leave their modesty and clothes at home.

Flavors Made from the Fruit Itself

This offer ends Saturday night. It means a clear saving of 50 cents. And it means introduction to quick, fruity desserts which you will be glad to know.

Jiffy-Jell is vastly different from old-style gelatine desserts.

It is made from rare-grade gelatine—Waukesha gelatine—which costs twice as much as the common.

Its flavors are made from the fresh, ripe fruit. They are highly concentrated. Half a ripe pineapple is used to flavor a single Jiffy-Jell dessert.

The flavors come sealed in glass vials, so they keep their freshness until used. You add the flavor when the jell has partly cooled, so the flavor isn't scalded.

### PREPARING TO TREAT

#### INSANE SOLDIERS

(By United Press.)  
Washington, Oct. 10.—Of all the American soldiers who will be invalided back from European service, 20 per cent. will require treatment in insane asylums. Shell-shock and similar maladies will affect at least this many, in the opinion of Dr. William A. White, superintendent of St. Elizabeth's Hospital, Washington.

temporarily or permanently insane.

Because his institution may not be able to care for all the patients, Dr. White has been given authority to send the men to hospitals throughout the country, the government paying for the service.

"I will not estimate the number of men I expect to treat," said Dr. White. "The very best we may hope for is several thousand. The science of restoring their minds will progress rapidly."

Mental examiners will visit cantonment camps to see that drafted men who seem likely to succumb easily to intense nervous excitement are exempted from foreign service.
