

TOXICATION IS SELF POISONING

Few Realize Causes of This Form of Ailment.

Few people realize what a great number of people, among those who live in such cities as this suffer from auto-intoxication. This condition which has caused so much discussion, is nothing more than a slow self-poisoning of vital organs. It is the very foundation of many ailments.

When the organs become weakened from any cause they are unable to throw off the accumulations of waste matters. The putrefactive germs soon begin to get in their deadly work and the sufferer finally is a direct victim of poisons generated right in his or her own system.

Among the common results of this auto-intoxication are: jaundice, hard cold, constipation, indigestion and fermenting of food, biliousness, sick headaches, backaches, diarrhea, dizziness, pains in the kidney regions and nervousness.

Peplac is designated especially to combat this condition of congestion brought about by auto-intoxication. Its properties as a tonic and invigorant tend to throw off the poisons and to spur the organs back to needed efforts—in short, to clean them and make them normal again.

To an automobilist it might be said that Peplac acts as a spark plug in the human mechanism. It starts the vital engines and then keeps them going at a properly regulated speed.

Peplac is obtainable at all first class drug stores in Wilmington and nearby towns. Ask your druggist.—Adv.

LOUISE LOVELY recently was the recipient of a strange but equally interesting letter which bore tidings of a unique honor conferred on the pretty star of "Sirens of the Sea." Louise is an Australian and the letter was from a company of gunners from the Antipodes who are fighting in France. It was written on a piece of brown wrapping paper and placed in a home-made envelope, and it was signed by every man in the company. Its message was that the boys had named their trench "The Louise Lovely Trench," and had also christened their big howitzer "Louise." Miss Lovely is highly appreciative of the honor conferred upon her and is making up a box to send to her gunners which will contain a remembrance for each of the men whose signature is attached to the letter.

LOUISE LOVELY

HER FORMULA

"Take four parts of the patience of Job, three parts of the persistency of a book agent and three parts of the courage of 'Go-get-em' Pershing. Mix well and take six days a week from 9 a. m. until 5 p. m. until desired results are obtained." This is the formula for getting into the films, as compounded by Helen Ferguson, Taylor Holmes' new 16-year-old leading lady.

"KEWPIE" MIGHT MAKE TWO SOLDIERS

Horace Morgan, the fat Universal comedian known as "Kewpie," was recently called for examination for the National Army, but the doctors didn't get any farther than his weight. They didn't have scales big enough to weigh him. "Kewpie" upsets the balance of the platform variety of scales at 364 pounds and is six feet, five inches in height. "The only way you can get into the army," said the chief of the examining board, "is to enroll as the 'Morgan twins'."

Evelyn Nesbit, with her son, Russell Thaw, is busy on her second screen—offense.

Grace Cunard has lost her husband, Joe Moore. The draft whisked him away.

TWENTY-SIX RELATIVES IN WAR

Charles J. Brabin, one of the best-known film directors in America, has no less than twenty-six relatives named Brabin who are or have been in the British army as combatants in the present world war. Of his three brothers, A. E. Brabin, a member of the 5th Liverpool Riflemen, was killed in action at Giverny on the Marne; Jack is driving a British tank across the wastes of "No Man's Land," while Edward is in charge of a 15-inch gun. Many of the clan have already fallen in the service and Charlie is himself a veteran of the British army.

We have been asked if Violet Mercereau's curls are natural. Don't know, but she always wears 'em.

Robert Warwick is working for a commission in the army. He is at the training camp at Plattsburgh.

THEATRE

The following criticism of Vogel's Greater Minstrels, which will be the attraction at the Academy of Music on next Monday, November 5th, was taken from the Syracuse (N. Y.) Herald:

"John W. Vogel's 'Big City Minstrels' began a half week's engagement at the Bastable yesterday, opening at a matinee to a large audience. The company is for the most part good and the performance given by it ranks up to those given by better known and popular minstrel organizations. Mr. Vogel, who has had much experience in staging minstrel shows for the past 23 years, has drawn upon that experience in the arrangement of his present organization, which contains some novel and many excellent features. In the first part the company presents a most creditable appearance which prepossesses the audience in its favor. It contains a number of good singers and the chorus singing was attractive. The entertainment closes with a comic dancing divertissement entitled 'The Jones-Coleman Dance.' Much of the topiographical achievement in this act is original, much of it is comical, and all of it is entertaining. 'The performance gave genuine satisfaction to the audience.'"

DRAWNS CAPACITY CROWDS.

Capacity audiences witnessed the opening performances by Bert Jackson and his Girls of Today Company at the Royal yesterday, and that the show struck a responsive chord with the audiences was evidenced by much applause which greeted their every effort. It is a show that is neat and clean, tasty and up-to-date, with none of the objectionable features so often seen with such shows.

A distinct addition to this show, which has been missed recently, is the best and prettiest set of special scenery ever seen on the Royal stage. It was an elaborate special set of depth and beauty and added in no small way to the manner in which the show went over so big.

Bert Jackson, as the leading man and as a soloist, delighted the audiences. The second Johnny Bunny, although his real name is "Pinky" Rice, was there with the comedy, and there is another comedy artist—a Jew character, with this show that is great.

The chorus is just about the neatest and best dressed seen here and is extremely well trained. The songs are new and the gags are good. The best feature of the show, one that called for encore after encore at each appearance, was the Eclipse Harmony Trio. Their work is among the best of the season.

A GREAT OFFERING.

Capacity crowds will undoubtedly witness the great offering at the Grand tomorrow, "When False Tongues Speak." William Fox's latest feature starring Virginia Pearson.

"When False Tongues Speak" is a thrilling mystery play, the first of that type made by Miss Pearson. It is a picture filled with interest and real drama and new and startling photographic effects, and will score a great success with the crowds at the Grand theatre.

Aside from the excellence of the story of "When False Tongues Speak"—and good stories are coming to be more and more demanded by the patrons of the silent drama—it possesses the additional merit of having Virginia Pearson in the stellar role.

Quick acting drama and never lagging interest is assured in the direction of Carl Harbaugh. The best photography and new and weird effects are guaranteed in the work of George Benoit, cameraman. This array of screen masters in star, director and cameraman in itself means that "When False Tongues Speak" is a mystery play that is new. We can assure you that this production contains thrills and novelty that will keep you on the edge from the opening title to the last fade-out. Its melodramatic tone is of the highest kind.

Dandruff Scapls Lead to Baldness

If you have dandruff get rid of it quick—it's positively dangerous and will surely ruin your hair if you don't. Dandruff heads mean faded, brittle, gray, scraggly hair that finally dies and falls out—new hair will not grow—then you are bald and nothing can help you. The only sure way to abolish dandruff for good is to destroy the germ that causes it. To do this quickly, surely and safely there is nothing so effective as Parisian sage, which you can get from R. R. Bellamy and good druggists everywhere. It is guaranteed to cure dandruff, stop itching scalp and falling hair, and promote a new growth, or the cost, small as it is, will be refunded.

Parisian sage is a scientific preparation that supplies all hair needs—an antiseptic liquid, neither sticky or greasy, easy to apply, and delicately perfumed.

If you want beautiful, soft, thick, lustrous hair, and lots of it, you must use Parisian sage. Don't delay—begin tonight—a little attention now insures abundant hair for years to come.

Note: Parisian sage positively will not color or streak the hair.—Adv.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which can be cured by the use of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 70c.

PREPAREDNESS NOW

TO WITHSTAND WINTER'S BLASTS SHOULD BE THE WATCHWORD

Revitalize Your Blood, Put Your System in Condition for the Cold Wet Days

Men and women who desire to be vigorous and healthy so as not to weaken from the sudden changes should use a reliable Tonic now. The approach of Winter brings colds and coughs, the close stuffy rooms probably with someone already "caught" because of contact; very often is the cause. If your blood is rich and pure and uncontaminated you will master the cold in a couple of days. Don't think your blood is all right. Know that it is, if you are tired and languid, inability to sleep or any other minor ailments, put yourself in good physical condition by taking a Tonic that has stood the test of time such as Ironized Paw-Paw which contains iron for the blood, nourishes the nerves and Paw-Paw for the stomach. Three powerful forces in one.

Ironized Paw-Paw is the standard treatment for all stomach and blood troubles. It purifies and brings new vigor and new life to the blood, cleanses the system of unhealthy accumulation and renews all life-giving properties. Be sure and begin taking Ironized Paw-Paw so that your whole system can be strong enough to meet the piercing blasts of winter's blizzards and escape the dreaded attacks of pneumonia and bronchitis.

Prevention is always better than the cure. Get a bottle of Ironized Paw-Paw today and feel that you have taken the first step for an Insurance Policy on your life.

Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food does you no good. You cannot get the strength out of it, and as a consequence, you become anemic, weak, pale and sickly looking. If you will use Ironized Paw-Paw, 1 tablespoonful 3 times a day before meals, you will very quickly find your turning strength, digestion normal and the nervous system restored.

Everywhere you go someone can be found who has been benefited by its use or knows of a friend who has found the desired relief; all are unanimous and each expresses surprise that care of the most stubborn cases of indigestion, nervousness and sleeplessness could be brought about so quickly.

A system that is overlooked or run down requires a hard, robust preparation. Alcohol lifts, but it lets you fall. Ironized Paw-Paw lifts and holds you. Best druggist probably keeps it; but if he doesn't, it is sold in Britain's "Paw-Paw."

Ironized Paw-Paw, price \$1.00. Formula in every bottle. Sold everywhere promptly attended to. Interstate Drug Co., Inc., New York—Advertisement
