

"BIG FOUR" MAY JOIN FEDERATION

Railroad Brotherhoods Likely to Affiliate With the General Organization.

(By United Press.) Buffalo, N. Y., Nov. 10.—The "big four" railroad brotherhoods, the Brotherhood of Railroad Engineers, Firemen and Enginemen, Railway Conductors and Railway Trainmen, may affiliate with the American Federation of Labor during the organization's convention which opens here on Monday, according to an official of the Federation today.

If this affiliation is made it will swell the Federation's membership by about 500,000 men. Referenda have been taken in the brotherhoods, it is declared, and the brotherhoods are now in favor of joining forces with the Federation.

President Samuel Gompers and Secretary Frank Morrison were busy today with the convention business. The executive council of the Federation was in session, deliberating on the annual report, which will be submitted at the opening session.

What is contained in the report would not be revealed by President Gompers, who said the public would learn its contents when it is read Monday.

Governor Whitman is expected to arrive on Sunday and will address the delegates at the opening meeting. At a session of the building trades section today, application of the International Brotherhood of Ship Builders unions to be affiliated with the building trades was rejected.

The Mining section and Pattern Makers section also held meetings and prepared reports to be presented to the convention.

The Union went on record as standing behind President Wilson in the prosecution of the war for democracy and everything possible will be done to cooperate with the government. The United States Department of Labor was represented at the meeting by Guy B. Gold, who told the delegates that the government intends doing to meet the need for labor of all kinds during the war. He said that employment agencies all over the country would be opened through which men will be advised where they are most needed.

When Americans are dying in the trenches and on the high seas, it's no time to stand on the corner, counting your pennies, give them to the War Camp Community Service fund and they'll buy for more for the next patriotic call.

MORRIS CHAPEL COMMUNITY FAIR

Noteworthy Event in Harnett County—Wilmingtonian Wins Prize.

(Special to The Dispatch.) Morris Chapel, Harnett County, N. C., Nov. 10.—A part of Harrett county and a part also of Lee county contiguous to Morris Chapel joined in a community fair and it was held at the school house and on the grounds attached to that chapel.

The day was a beautiful one and crowds of people from both counties attended and even Wilmington was represented.

The exhibits were splendid, considering the short notice given that there would be a fair, and everybody was surprised at the quantity of articles shown and at the way they were made and every one voted the first community fair a great success and many were the compliments paid those who originated the idea as well as those who carried it out.

The address of welcome was made by Mr. J. T. Ellis, who is president of the association backing the fair and which has been granted a charter, and who is one of the most progressive men in Barbecue township and a leader in good farming.

Mr. George A. Cole was master of ceremonies and did his part all right. Mr. D. B. Teague, of Sanford, delivered an educational address on the subject of "The New Day" and he was listened to with great interest by all who heard him, for his address was replete with ideas calculated to make one understand what a duty each owed to the world and also with information showing the wonders of modern machinery and touching on the present war he showed what it would mean to this generation and generations to come.

He did not neglect to call attention to the finer side of life as brought out by music and the other arts and even the birds came in to show what they made in one's life. Individual effort was the key note.

Following this address, dinner was served and this scribe can vouch for the appetizing fried chicken, the palatable apple pie and the fine cake which went down his "red lane" and the good biscuits which made him feel good.

Then followed a talk by County Demonstrator R. R. McIver, of Lee county, who dwelt upon agricultural matters, giving some good advice to the farmers.

Mr. J. R. Rives, president of the Lee County Fair Association, made the closing speech in which he spoke of the good progress made in Harnett county and the neighboring section and of the fine exhibits made at this fair, complimenting all who had taken part in it for their community interest and inviting them to take their exhibits to his county fair the following week.

Among those who received a prize was Mr. Arthur C. Thomas, a subscriber to The Dispatch, who was awarded one for the best mule colt his brother, Mr. R. L. Thomas, receiving one for a horse colt, and Mr. Garrett Skinner, of Wilmington, who is pleased to say, received a prize for the best soy beans raised in Harnett county.

The officers of the fair were: J. T. Ellis, president, and Messrs. A. H. Grise, T. R. Rosser, Francis M. P. McLeod, Guy Cox, R. L. Thomas, A. A. De Temple and L. H. Cox, and to them we give credit for the success of the fair, not forgetting, however, Misses Rosa and Daisy Bland, who have charge of the school at Morris Chapel, and who deserve special mention for the part they took in making the fair a success. Nor should those who made exhibits and the women who did their part as well be forgotten, but we cannot mention all who deserve credit—there are too many.

There was a parade, headed by Mr. R. L. Thomas and the singers in the parade guided by Mr. Guy Cox. Modest, quiet Guy added to the occasion.

BIG TEN GANG HAD BUSY DAY

Walloped Each Other, and Licked the Stuffing Out of an Easterner.

(By United Press.) Chicago, Nov. 10.—The big ten gang, while settling a private scrap in its own back yard this afternoon found time to wallop the stuffing out of a kid from the East, who came over to play with the big Michigan boys.

Ohio State aspires to be the "champion" of the gang again, licked Wisconsin, 16 to 3, up in the Madison neighborhood, while Chicago and Illinois—also aspirants—stood around and sicked 'em on.

Meantime that tough Michigan kid picked on little Cornell and gave him a 42 to 0 beating. Wisconsin, who surprised themselves by beating Minnesota last Saturday, started off like a winner in this afternoon's set-to, making the first round, 3 to 0. But Ohio's class showed itself and the Buckeye kid never had a chance after that. It was mostly an aerial game, through forward passing and punting.

Michigan went have an opportunity to dispute the leadership of the Big Ten this year. Michigan will meet only Northwestern. The title probably will be decided next Saturday, however, when Ohio State takes on Illinois at Columbus and Minnesota and Chicago at Minneapolis.

The only other Big Ten fight was that between Iowa and South Dakota, which the former won 35 to 0.

Nebraska and Missouri met for the first time since 1912. A 52 to 0 score failed to evoke any enthusiasm from Missouri over the resumption of relations.

Ferris Field, Ann Arbor, Mich., Nov. 10.—Before approximately 50,000 spectators Fielding Yost's Wolverine eleven beat Cornell here today, 42 to 0. Despite the big score, the Eastern men put up a brave scrap until the last quarter when several men including Harriman were removed.

Harriman, Cross, Hoffman, Nethercott, and Ackerman held up Cornell's end of the playing.

Pittsburgh Won Championship. Forbes' Field, Pittsburgh, Pa., Nov. 10.—Pittsburgh triumphed over Washington and Jefferson, and carried off the State football championship here this afternoon in the hardest fought game ever staged by the two teams. The final score was 13 to 0.

Pitt lost a chance to make it 6 more by two yards in the fourth period. McLaren had carried the ball 43 yards into Washington and Jefferson's territory. In straight dashes with the ball under his arm the husky full-back went through the Washington and Jefferson tackles to the two-yard line. But here he failed in the final effort. The ball went to Washington and Jefferson on the fourth down and was kicked far out into the field.

Penn's Backfield Won. Boston, Nov. 10.—Experience and a heavy back field won the game for Pennsylvania in the gridiron battle with Dartmouth here today by a score of 7 to 0.

What the green men lacked in experience they more than made up for in dogged fighting qualities.

Pennsylvania's last rush carried them to Dartmouth's 35-yard line and ended with a touch-down by Bell. In the last few minutes Dartmouth, in a plucky attempt to rally, rushed down the field to Pennsylvania's 10-yard line despite heavy resistance.

Penn's most consistent gains were through center and by brilliant forward passes. The play, as a rule, was in the middle of the field. Nealy, Dartmouth's left guard, played an excellent game throughout.

Tufts Won Hard Fought Game. Boston, Nov. 10.—Tufts College won from Colby here today in a hard fought battle featured by violent rushes on both sides. The score was Tufts 6, Colby 0. Drummy made the winning touch-down. Joachim and Drummy, of Tufts, were the outstanding players of the contest. Their forward passes and runs were consistent and saved a number of critical situations.

Georgetown Defeated. Annapolis, Md., Nov. 10.—The powerful Georgetown University eleven went down to defeat today before the Annapolis midshipmen. Driving combination plays carried the navy boys four times across the enemy goal line, winning for them 23 to 7.

Michigan Aggies Trounced. Evanston, Ill., Nov. 10.—Northwestern trounced the Michigan Aggies here this afternoon, 39 to 6. The farmers made their only touch-down before time was called in the last quarter.

Easy for Georgia Techs. New Orleans, Nov. 10.—Georgia Tech blew up and down the gridiron here this afternoon, defeating Tulane 48 to 0. The Jackets' famous backs gained consistently, and all through the battle the Tech defense was unable to stop the Tech shift. Tech made seven touch-downs and kicked all goals but one.

Hot weather prevailed for the game and this held the score down.

Davidson Pulled a Surprise. Atlanta, Ga., Nov. 10.—Davidson defeated Auburn, 21 to 7 on Grant field this afternoon in one of the hardest fought battles of the season.

Flowers' work for Davidson was a feature of the game.

Vice and dissipation have taken terrible toll of all the armies in Europe. You protect America's great new army from those evils when you give to the War Camp Community fund. That's why President Wilson endorsed the campaign.

No government appropriation was made for War Camp Community Service, although it is an important factor in adding to army and navy efficiency—President Wilson, the secretaries of war and navy, prominent army and navy officials commend it. A national fund is now being raised for this work which is being conducted under the War Department and Navy Department Commissions on Training Camp Activities. The headquarters are in Washington.

EVERY CITIZEN IS CALLED UPON TO HELP THE NATION

(Continued from Page One.)

pel the assistance of every American. "I call upon all citizens, therefore, to assist local and district boards by proffering such service and material conveniences as they can offer and by appearing before the boards, either upon summons or upon their own initiative, to give such information as will be useful in classifying registrants. I urge men of the legal profession to offer themselves as associate members of the legal advisory boards to be provided in each community to advise registrants of their rights and obligations and of assisting them in the preparation of their answers to the questions. I ask the doctors of the country to identify themselves with the medical advisory boards to be constituted in the various districts for the purpose of making a systematic physical examination of the registrants. It is important also that police officials of every grade and class should be informed of their duty under the selective service law and regulations, to search for persons who do not respond promptly and to serve the summons of local and district boards. Newspapers can be of very great assistance in giving wide publicity to the requirements of the law and regulations and to the numbers and names of those who are called to present themselves to their local boards from day to day. Finally I ask that during the time hereafter to be specified as marking the 60 day period of the classification, all citizens give attention to the task in hand in order that the process may proceed to a conclusion with swiftness and yet with even and considerate justice to all."
