DEATH OF MRS. TAYLOR.

Remains Will Be Taken to Fayetteville for Funeral Friday.

Mrs. C. L. Taylor died Thursday morning at 5:20 o'clock at the James Walker Memorial Hospital, following an illness of two weeks. The remains were taken to the home of her niece, Mrs. H. L. Fletcher, at 409 South Second street. Friday morning they will be taken on the early train to Fayetteville, where the funeral services will be conducted and interment made.

Mrs. Taylor was the wife of Mr. Charles L. Taylor, secretary of the Astyptodyne Chemical Co. She was about 45 years of age, and was a woman greatly loved by a large number of friends. Surviving her besides her husband are two children, Mr. Charles Taylor, who recently left for San Antonio, Texas, to enter the training camp there, and Miss Florence Taylor. Also surviving are her father, Mr. John Allen, of Fayetteville, and the following sisters: Mrs. Eva Dodson, Mrs. Gaither Scott and Mrs. Alton Moffitt, all of Fayetteville, and Mrs. George Osborne, of New Haven.

Mrs. Taylor was a devoted member of the First Presbyterian church and it is probable that a short service will of the funeral party for Fayetteville.

#### Have fed 200 tons of Buckeye Hulls

Foster & Fits, Tuscaloosa, Ala., have fed 200 tons of Buckeye Hulls and are still feeding them. Users like these and there are thousands of them-have proven conclusively that Buckeye Hulls are not only the least expensive but the most satisfactory roughage on the market. You are not buying an untried product when you order your first ton of

You can rest assured from the experience of many other successful farmers, stockmen and dairymen that Buckeye Hulls will meet your needs better than any roughage you ever have used before. You can look forward to your roughage not only costing you much less than formerly but giving you better results. No lint. No trash. No

To secure the best results and to develop the ensilage oder, wet the hulls thoroughly twelve hours before feeding. It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only half as much by bulk as of old style hulls.

Book of Mixed Feeds Free Gives the right formula for every combination of feeds used in the South. Tells how much to feed for maintenance, for milk, for fattening, for work. Describes Buckeye Hulls and gives directions for using them properly. Send for your copy to nearest mill.
