

WORKING MAN ASKING CONCERNING SCHOOLS

Additional Buildings Will Be Necessary if Children Are to Be Educated

The Rotary Club is making every effort within its power to get those people to the polls prior to tomorrow afternoon who want to express themselves on the school bond question to be voted on early in May. The club is neither favoring nor opposing the bonds, but is seeking to get an expression of the people on the matter. This was thoroughly discussed at last night's meeting of the club when a committee was named to handle the matter.

The club is not seeking to influence anyone to register who does not intend to vote and members hope that this policy will not be followed. Even if one opposes the issuance of the bonds club members want them to go to the polls and say so by casting a vote and not permit their registration to count. The Rotary Club is after an expression of sentiment.

It is being pointed out that the schools are already overcrowded and that additional facilities would be necessary even were the old Union school in serviceable condition. If the increased population of Wilmington is to receive its education, Superintendent John J. Blair, of the city school system, stated yesterday that his office was daily receiving inquiries from workingmen who expect to come here, but who want to know if it is going to be possible to put their children in school. Unless such provision is made it is going to be impossible, school authorities say, to take care of the increased number of students.

Baron Rhonda Resigns.

London, April 26.—Baron Rhonda, who resigned the office of British food controller, which he has held for the past 10 months. He has been absent from his post for some weeks owing to illness. John R. Clynes, parliamentary secretary for the food ministry, has been in charge temporarily.

BOND SALES HEAVY DESPITE THE RAIN

Inability of Workers to Equip Float With Pontoons Kept it Indoors

Today's celebration of "Liberty Day" is being featured by heavy bond sales, although committee members and Liberty Loan workers are confident that far more would have been accomplished but for the inclemency of the weather. Sales, however, have been strong considering the weather and members of the central committee and all other workers are highly gratified with the work accomplished. The merchants of the city observed a half holiday, closing their doors at noon.

Inability of the committee to equip the Liberty float with pontoons kept that patriotic vehicle indoors during the day, but it will be on the streets tomorrow, the weather permitting, and those who were not given the opportunity of buying bonds today will have this presented to them tomorrow. The float will move about the city, halting at various places for the purpose of making sales.

A booth will be operated at the Academy of Music tonight and all will be given the opportunity of buying bonds. In fact, from now until the campaign is closed the latter part of next week it is going to be either necessary for everyone to buy a bond or explain why this purchase is not made.

ADVANCE AGENT HERE.

Making Every Effort to Dispose of Season Tickets.

Mr. V. W. Cabbage, advance man for the Redpath Chautauque, which opens here shortly, reached the city today and is lending efforts toward marketing season tickets. Mr. Cabbage will be here several days. These tickets can be had at the Y. M. C. A. and patrons are requested to drop by the association building and get them, helping in this manner to lower the expense of sending them out.

HOLLAND EMBARGOES RAW WAR MATERIALS

Washington, April 26.—Holland has embargoed the exportation from the Dutch East Indies of tin, tin ore, cinchona bark, quinine, quinine balms, and kapok, all of which are needed in large quantities by the United States for war purposes.

WILL PASS THE TWO BILLION MARK TODAY

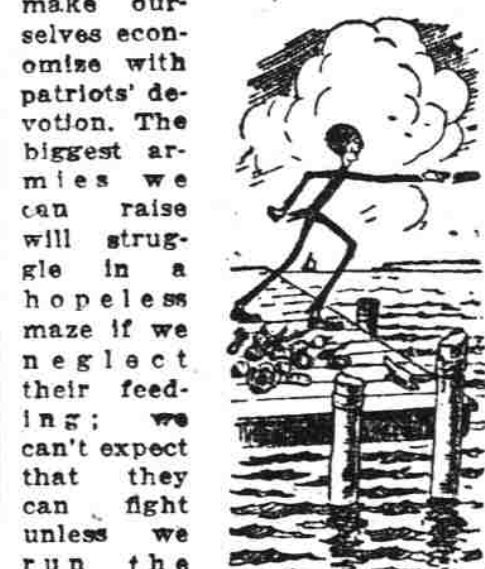

Washington, April 26.—Liberty Day opened with a total of \$1,956,776,650 subscriptions already raised for the nation's third big war credit, or within \$43,300,000 of the \$2,000,000,000 mark which will be passed before tonight.

CLARK REFUSES TO GO TO SENATE

Washington, April 26.—Speaker Clark today declined Governor Gardner's proffer of the Missouri Senatorship to fill the vacancy caused by Senator Stone's death.

CAST BREAD ON WATER? YOU HADN'T OUGHTER.

In other days, between us two, it may have been the thing to do to cast bread on the waters. But now the rule is obsolete for we've a need for all our wheat to feed our sons and daughters. We can't afford to waste a bit by going out and casting it on river, lake or ocean. We're told that we must Hooverize and make ourselves economical with patriots' devotion. The biggest armies we can raise will struggle in a hopeless maze if we neglect their feeding; we can't expect that they can fight unless we run the food game right and give them all they're needing. And in this thing we're not alone, for we must feed, besides our own, the folks of other nations. We've got to fix it so our crop will bring this cruel war to stop—so make our preparations. We've got to have enough to spare so we can send an ample share to Europe's starving millions. We've got to crush the ruthless Hun by feeding those behind the guns, both soldiers and civilians. This task we'll never put across unless we cut the daily loss that comes from over using. We must cut down the use of wheat and go a trifle slow on meat, from our own choice and choosing. To do all this and do it right let's get a lot of things in sight to help us make the saving. Let's work and grow the garden stuff to give us solid food enough to satisfy our craving. Get out and use your hoe and plow; dig up your lawn and do it now; use all your brawn and muscle. Get out and make an early start for that's the way to do your part. So just get out and hustle. Write the National War Garden Commission, Washington, D. C., for its complete manual on home gardening. It's free for 2-cent stamp for postage.

Now that he is back in the American league as coach of the Cleveland Indians, Kilkenny (one-time German) Schaefer's stuff should go over big. Several years have passed since he used it on the Johnson circuit.

An Illustration of the Best Life Insurance Policy Issued

Amount \$10,000 Double Indemnity

If death occur by accident the policy pays \$20,000 instead of \$10,000.

Disability Protection. If permanently disabled before age 65 from any cause—accident, blindness, paralysis, tuberculosis, insanity, or anything else—all further premiums are waived and you receive an income of \$1,000 a year for life. At death the full \$10,000 is paid, regardless of the longer it is waived and the income already paid to you.

Annual Cash Dividends This policy pays dividends annually after the second year. Had his policy been taken out in 1907 the dividends for 1917 alone would have been \$100.00. The longer it is carried the cheaper it becomes and the more it is worth.

Loans After the second year you can always borrow from one-third to two-thirds of the amount you have paid in without jeopardizing the policy, and you can insure the loan—making the policy free of debt in case of death.
