Here is war's goodwill in sandwiches for the front line trenches; forty million dollars extended as a credit to Canada for that which is owed to the wartime industry of the cow. E. G. Bennett, State Dairy Commissioner of Missouri once wrote in an ode to the cow: "For two thousand years she has been the copartner of men, sharing alike in his prosperity and adversity, responding nobly to all that was done for her, until through her development she has become an idol of the people."
