"THE WAY OF GOD IN THE WORLD WAR"

At St. Andrew's Presbyterian church the pastor continues at the morning hour his studies of the way of God in the world war. His subject will be "God's Purpose Concerning Israel." At night the male quartette will lead the singing, using popular Gospel Hymns. The interest in these services grows steadily.

JONES MADE CAMP WITHOUT EXPENSE TO GOVERNMENT

The utter foolishness of questioning the patriotism and loyalty of a Wilmingtonian, be he white or colored, was shown yesterday when J. A. Odrell, of the county draft board, was advised that Frank Jones, New Hanover registrant, had presented himself to the commanding officer at Camp Taylor, near Louisville, Ky., for selective service and had no papers to show that the nation was entitled to his services. Jones' story is rather

unusual. He was notified by Mr. Orrell that he was to report at Camp Taylor on such a date and Jones reported—without costing the country a nickel. How and when he reached Louisville, Mr. Orrell does not know. He had been mentally classed as a slacker and the sheriff has been looking for him for the past two or three days because Frank was told to present himself for enlistment and neglected to do so. Another registrant was sent in his place, his action taking another man into the service and placing himself in camp without any expense to the nation.

What are good clothes?

All clothes are good in the advertisement; and they all look good when you first see them. Of course they do; nobody would buy them if they were not good looking.

But "good" isn't the looks of 'em. It isn't style only, the style's part of it. It isn't fit only, the fit's part of it. Of course, if the clothes don't fit and stay fit, you don't have much style. "Good" isn't color or pattern, however good these look to you.

The important part of good clothes is the part you don't see. Better be on the safe side and come to this store for

NEAR ACCIDENT WHEN BARGE WAS LAUNCHED

Man Knocked Into Water As Ship Starts Off—Secret Service Busy

(Special to The Dispatch.)
New Bern, June 29.—Yesterday morning a gigantic barge was launched here. There came near being a serious accident as the craft slipped into the water. One of the men on the runway failed to get out in time and was knocked into the water and remained there until the ship had been launched, a period of more than a minute and a half. He escaped serious injury.

Secret service men galore are visiting this place and making inquiry into conditions at the shipyard. "Soldiering" is not allowed at the plant and when it is found that a man is trying to beat the government by loafing on the job he is at once discharged.

There are a large number of summer guests here now, both at the Atlantic hotel and also at the boarding houses and at the Hotel Charles, and indications are that many others will come down during the course of the next few months.

Considerable interest is manifest here in the primary to be held in the fifth judicial district on June 29th at which time a solicitor is to be chosen. Rawls, of Pamlico, seems to be the favorite in this section, although Horton will get some votes.

Carteret county, along with several other counties in this section, today sent a number of white registrants off to training camps. At Beaufort and Morehead City friends and relatives of the men who were going to prepare to fight for America bid them adieu and sent them on their way loaded down with gifts.

In New Bern the registrants from all over Craven county attended a

short service at Christ Episcopal church before going to the train which they boarded en route to the camp.

Comparatively few white men in any of the counties in eastern North Carolina remain in the first class, that being practically exhausted.

Decatur Flowers, held in the Craven county jail on a charge of aiding Oscar Brothers, of Carteret county, beat and rob Ben and Lathal Leary, two aged residents of the Loland's section some days ago, has lost that air of non-concern which he had when first placed in jail.

"I wish I were dead," Flowers said to one of the jail attendants a few days ago, and there is not the least doubt but that he is worrying over the possible fate that will be handed out to him when his case is tried.

The two old men who were so badly beaten are said to be recovering from their injuries and will probably live to give evidence against the two men who attacked them.

Shipments of Irish potatoes from Pamlico county continue to be large, and yesterday afternoon 14 solid carloads of these were brought up to New Bern, the mixed passenger and freight train being two hours late on that account.

The shipment today will probably be heavier than was the case on yesterday.

The fast-stepping nags that will perform over the "big line" trotting circuit this summer are already filling the stables of the North Randall track in anticipation of the opening of the Grand Circuit season there on July 8.
