

BOARD OF REGISTRATION OF RICHLAND RESIGNED

There Are 400,000,000 People Short of Food, Millions Dying, Says Hoover

(Special to The Dispatch.)
Columbia, S. C., June 29.—A meeting of the state board of pardons was to have been held on July 3, but by unanimous agreement of the members it has been postponed until July 10. The finding of the body of Captain Perry D. Shaw Thursday night led to hopes that the body of Miss Pearl Pennington, the base hospital nurse, who was drowned with him, might also be found in the course of a few hours, but up to noon Friday no report of its discovery had been made. Richland county is without a board of registration, the three members having resigned. The reason assigned was that there was not enough salary attached to the office considering the fact that this is the year for the registration of qualified electors and of those desiring to become such.

The following men enlisted in the United States navy yesterday: D. C. Merritt, Charleston; G. F. Perry, Columbia; C. B. Key, Columbia; A. A. Blanton, Spartanburg; J. L. Hollingsworth, Spartanburg; V. M. Connolly, Spartanburg; G. D. Harrison, Spartanburg; A. M. Glover, Spartanburg; T. E. Hollingsworth, Spartanburg; E. von Hatch, Columbia; H. P. Martin, Greenville, and W. M. Patton, Spartanburg.

The following statement recently made by Herbert Hoover, federal food administrator, has been issued: "If you could stand in the middle of Europe today and survey the land to its borders, you would discover the whole population of 400,000,000 human beings short of food. Millions of people in Poland, Finland, Serbia, Armenia and Russia are dying of starvation and other millions are suffering from too little food. Our allies and the neutrals are living on the barest margins that will support life and strength."

"This, the most appalling and dreadful thing that has come to humanity since the dawn of civilization, is to me the outstanding creation of German militarism. The Germans themselves are not the worst sufferers. They are extorting at the cannon's mouth the harvests and cattle of the people they have overrun, leaving them in desolation. If the war were to cease tomorrow, the toll of actual dread from starvation and its attendant diseases within the German lines would doubt or treble the 5,000,000 or 6,000,000 of men who have been actually killed by Germany and her allies in arms. The 10,000,000 people in occupied Belgium and northern France would have died of starvation had it not been for us and the allies."

"We must build our food resources to stand ready for any demands upon us by the allies. It is of no purpose to us to send millions of our best to France if we fail to maintain strength of their men, women and children on our lines of communication. The United States is the last reservoir of men, the last reservoir of ships, the last reservoir of munitions and the last reservoir of food upon which the allied world must depend if Germany is to be defeated and if we are to be free men."

WARSAW

Warsaw, June 28.—The Little Confederates Chapter, C. of C., met with Miss Julia Hicks, hostess at her home on last Friday afternoon, the occasion being marked by a memorial service in honor of Jefferson Davis. "The True Story of the Capture of Jefferson Davis" was read by Miss Nora Holl, and Misses Bessie Harden and Carolyn Newbury gave character sketches of the great statesman, and Miss Nannie Monroe rendered a piano selection, "The Southern March," while "The Bonny Blue Flag" was used as a closing number.

As a result of the annual election of officers which took place at this meeting the following young ladies received offices: President, Miss Fannie Monroe; first vice president, Miss Julia Ricks; second vice president, Miss Bessie Barden; secretary, Miss Cora Holland; treasurer, Miss Sallie Faison West; chairman of program committee, Miss Annie Lee Adkins.

Assisted by Miss Holland the young hostess served refreshments of sandwiches and a delicious iced drink. The local branch of the Red Cross chapter is plugging steadily along with its work. Thursday of last week was packing day and committees from several of the branches of the county met with the local branch for the purpose of packing the completed work of the branches and auxiliaries of the county, for the past month. Among the many completed articles, were noted a nice lot of garments for French and Belgian children, made by the junior auxiliaries of Calypso and Wallace.

Mrs. D. H. Hazlett is at Burgaw, having been summoned by telegram, on account of the serious illness of her infant grandson, Hazlett Long, who is suffering from colitis, and has been taken by his mother, Mrs. G. M. Long, to Wilmington for treatment at James Walker Memorial hospital.

Mrs. Josephine Hill, who spent the past winter with Mr. and Mrs. W. L. Hill, has returned to her home at Ocala, Fla. She was accompanied by her son, Cadet James Hill, of West Point, N. Y.

Mrs. Leonidas Faison is at Columbia, S. C., visiting her daughter, Mrs. F. P. Fonvelle.

Mr. and Mrs. J. H. Fonvelle had as their guests last week Mrs. H. U. Lake and Miss Elizabeth Lake, of Florence, S. C.; Mrs. E. B. Hines, of Rocky Mount, and R. W. Fonvelle, of Birmingham, Ala. Cadet John Fonvelle,

MILITARY TRAINING AT TRINITY NEXT YEAR

President Few Returns From North, Where Plans For Session Were Made

(Special to The Dispatch.)
Trinity College, June 29.—President Few has returned from the north where he went on business for the college, and while in Washington he consulted with the proper authorities about the best methods and ways to continue military instruction which was established at the outbreak of the war. He succeeded in making arrangements that were entirely satisfactory to the institution and to the students who will be here next year.

An army officer has been detailed as professor of military science and tactics at Trinity college. The college is assured of a supply of Russian rifles, and other military equipment, so far as possible, will be provided by the federal government. This gives Trinity college all the privileges of the reserve officers training corps system which has existed in a good many American colleges.

Major F. P. Page, a returned Canadian officer, and Lieutenant J. H. Coman, O. R. C., last year gave admirable instruction in military science and tactics; but they lacked equipment and official recognition because the college did not have an American army officer detailed for duty here.

For the next college year Trinity is glad to have its relations with the war department thus early definitely fixed without having to wait for the development of Secretary Baker's new plan, already widely announced, and according to war department assurances soon to go into effect by which military instruction will be provided for every institution of college grade enrolling for the instruction of 100 or more able-bodied students over 18. By this plan there will be created a military unit in each institution, upon which the government will have the right to call for men for additional training for officers, training camps, or for any other military service. Enrollment will be purely voluntary, but all students over the age of 18 will be encouraged to enlist. This enrollment will constitute a student member of the United States army.

Students under 18—and therefore not legally eligible for enlistment—will also be encouraged to enroll in the training units.

As announced by Secretary Baker, this new policy aims to accomplish a two-fold object: to develop as a great military asset the large body of young men in colleges, and to prevent unnecessary and wasteful depletion of colleges through indiscriminate volunteering, by offering to the students a definite and immediate military status. Secretary Baker especially urges those who did not graduate last year to continue their education and take advantage of this new opportunity to serve the nation.

In addition to the regular army officer who will be sent to Trinity as a representative of the war department, which will give the military work of this institution a definite and official recognition by the war department, the probabilities are that the college will make arrangements to have some other man of military experience back here to assist in the work. Lieutenant Coman may be back unless called into the service, and Major G. F. A. Page, the Canadian officer, left the campus this spring with the intention of returning if he was not also called back into the Canadian service for overseas work. He is now in Canada, where he had to report at the end of the college term, and undergo another physical examination.

Major Page's work here last spring was especially noteworthy and pleasing to the college authorities. His two years on the front and his personality made him especially fitted to train the boys in the latest methods of warfare.

The horrors of war have been intensified tenfold by the Prussian system of frightfulness. The workings of that system have stirred to the depths the soul of the civilized world.

The United States government has just published a carefully prepared official book on "German War Practices."

A copy of this book will be sent free to any reader of The Dispatch. Based on the most authentic sources—the archives of our state department, official German proclamations, the actual field diaries of German soldiers—this book paints a vivid and irrefutable picture of the Prussian war machine at work.

To secure a free copy send your name and address with a 2-cent stamp for return postage to The Wilmington Dispatch Information Bureau, Frederic J. Huskin, Director, Washington, D. C.
