Oatmeal Makes the Skin Smooth Clear and Rosy White

If you would have a beautiful complexion, one which will make you exceedingly attractive, just try this simple recipe. Go to any grocery store and get 10 cents worth of ordinary oatmeal, and at any up-to-date drug store a bottle of derwillo. Use the oatmeal as directed in every package of derwillo, then to and behold the marvelous change. One application of this oatmeal-derwillo combination will astonish you. It instantly makes the skin beautiful, smooth and rosy white. It is highly recommended for dark, sallow, rough, chapped skin, coarse pores, tan, freckles, windburn and facial blemishes of all kinds. Thousands everywhere are using it and once you try it you will never be without it. It is positively harmless. Many use it in place of face powder, as it stays on better and gives the skin a more natural appearance. It absolutely defies detection, and its effects are simply wonderful.

NOTE—When asked about oatmeal-derwillo combination, one of our leading druggists said: "It is truly a wonderful beautifier, away ahead of anything we have ever sold before." We are authorized by the manufacturers to refund the money to anyone who is dissatisfied, and we would not permit the use of our name unless the product possessed unusual merit. It is sold in this city under an iron-clad money back guarantee by all druggists and department stores, including H. H. Bellamy and Abers Bros.—Adv.

Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmor's Swamp-Root, the great kidney, liver and bladder medicine. It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder to do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmor Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention The Wilmington Dispatch.—Adv.

BROUGHT JOY TO ENTIRE FAMILY

Leading Health Broke Down Sixteen Years Ago—Spent Worlds of Money Seeking Health, Drove the Herbal Remedy Swamp-Root.

Sixteen years ago my wife's health broke down and since that time she has taken much medicine, been treated by doctors, and did everything we ever heard of trying to restore health. Her stomach seemed incapable of digesting the food she ate; it would lie heavy and cause griping. Her liver was very inactive and dizzy spells would frequently strike her, and she would almost faint. Constipation was a source of daily annoyance and headaches were frequent. There was a general female weakness, and her nerves were constantly on edge. She had a pain in her side that would work around to her back, which annoyed her very much. Her appetite dwindled to almost nothing, which naturally made her very weak.

"So many people were giving praise to Drecko that I got two bottles to start with, and determined to give it a fair trial, and what these two bottles have done for my wife has brought joy to the entire family. It has improved her health when all else had failed. She is like a different person, for all her aches and pains are gone," declared Mr. A. A. Rorer of Walnut Grove, N. C.

Drecko is now sold by all good druggists and is especially recommended in Wilmington by Hardin's Drug Store, 175 South Front street.—adv.

'HARD SKIN' AND FOOT CALLOUSES

Magic! Peel Them Right Off Without Pain or Soreness.

Don't suffer! A tiny bottle of Frezzone costs but a few cents at any drug store. Apply a few drops on the toughened calluses or "hard skin" on bottom of feet, then lift those painful spots right off with fingers.

When you peel off corns or calluses with Frezzone the skin beneath is left pink and healthy and never hot, tender or even irritated.

POLITICAL BATTLE STIRS CHICAGO AS FINISH IS NEARED

Western Metropolis Aroused Over Fight Preceding the Primaries.

MAYORALTY FEATURE And Contest For This Job Is About as One Sided as Is Possible.

CHICAGO Ill., Feb. 14.—Chicago is much aroused by the political battle which is being waged preliminary to the municipal primaries.

With but ten days remaining of the campaign the many candidates and their managers are preparing for a whirlwind finish.

As the battle has progressed it has increased in bitterness from day to day, until now it eclipses in this respect any campaign that Chicago has known since the days of the elder Carter. Harrison, whose "personally conducted" campaigns landed him in the mayor's chair times almost without number.

In the coming primaries candidates will be named for nearly all of the principal municipal offices, including the mayoralty, together with half the membership of the board of aldermen. The successful candidates will be voted for in the election that will follow in April.

So far as the general public is concerned, the interest centers largely in the many-sided contest for the mayoralty. It has been many years since Chicago has had a straightout party fight for the mayoralty, but this year the contest is more than usually involved and complicated.

Mayor William Hale Thompson is a candidate for renomination on the Republican ticket. His candidacy, which was decided upon after he had tried unsuccessfully for the Democratic nomination for United States senator, has aroused bitter opposition within as well as without the ranks of the Republican party. During the late war the Mayor became a target for much criticism because of various acts and utterances of his which were alleged at the time to be strongly tinged with un-Americanism. It was quite generally believed at the time that Mr. Thompson had placed his political future in serious jeopardy by the attitude he elected to take.

Though strongly opposed by factions of his own party, the Mayor has built up a strong political machine of his own which makes him a formidable entry in the race. He is a good campaigner and in his previous contests has shown that he has a large personal following, especially among the large foreign born element of the city.

The opposition to the mayor will be made up of the factions of the Republicans who have agreed on Harry Olson, chief justice of the municipal court, as their choice. A third entry for the nomination is Captain C. E. Merriam, the University of Chicago professor and former alderman, who was the Republican standard-bearer in the mayoralty campaign in 1911.

The choice of the Democratic organization for the nomination for mayor has fallen on Robert M. Sweitzer, who was the party candidate four years ago against Mayor Thompson. In that election Mr. Sweitzer was defeated by the surprisingly large majority of 147,477 votes. At that time the issue of Roman Catholicism appeared to enter largely into the outcome, which astonished the city by its decisiveness. Mr. Sweitzer is now in public office, having recently been re-elected clerk of Cook county. He is closely affiliated with Roger Sullivan, the prime mover in Illinois democracy. There are other candidates in the field for the Democratic nomination, but the strength of the party organization is believed to insure the choice of Mr. Sweitzer.

The part that the women voters will take in the primaries and election adds an element of uncertainty to the contest. Another new political element of interest is the Independent Labor Party of Cook county, which has nominated the president of the Chicago Federation of Labor, John Fitzpatrick for mayor.

U. S. COULD GROW RICH ON FORESTS

WASHINGTON, Feb. 14.—If additional national forests were charged at the prevailing cheap movie rate, 10 cents an hour, the government would have cleaned up \$7,500,000 last year.

More than 3,000,000 persons spent an average of 25 hours each in the national forests, camping, hunting, fishing, exploring and enjoying the scenery.

But the American people got all this fun for nothing.

SOUTH WALES HAS BIG TIMBER TRACTS

SYDNEY, N. S. W., Feb. 14.—The report of the forestry commission for the year shows that the area in the south of New South Wales carrying timber of appreciable value is about 12,000,000 acres.

The area of state forests proclaimed and brought under the forestry act during the year was increased by 1,338,240 acres, making the total 4,822,627 acres. In addition to this 2,015 acres were resumed for forestry purposes. In all 259,111 acres were dealt with under topographical or assessment survey, and 475,720 acres were organized for more intensive management and brought under working plans. There were 195 1-2 acres planted with 313,564 trees of economic value and 6,726 acres treated for natural regeneration and improvement.

Limitations of shipping largely affected the timber export last year, but the local timber trade was fairly brisk, and the value of timber generally increased. Timber imports declined in value about \$550,000 as compared with the previous year, a condition which created a strong demand for native woods, which were adapted to many purposes hitherto exclusively served by the use of imported soft wood.

COMMONERS TO GO TO LAW SCHOOL

LONDON, Feb. 14.—New members of the house of commons are going to learn parliamentary practices.

Col. Sanders, treasurer of the kin's household, is teacher.

The new members will be encouraged to "unlearn" habits of speech cultivated during the campaign, such as addressing audiences as "friends." In the house it is customary for speakers to address their remarks to the chair only.

PLAN SCHOOL FOR BRIDES OF WAR

LONDON, Feb. 14.—Schools for war brides and soldiers' fiancées are being planned by the demobilization department.

Domestic science, food chemistry, marketing and care of children will be taught.

The government will pay all expenses of the pupil.

The schools will be open only to wives of soldiers and women engaged to marry soldiers. More than 400,000 young women are eligible, it is estimated.

Department officials explain the schools are expected to pay for themselves as social experiments by training women to be helpful wives. The schools are needed, it is believed, because thousands of young girls left their homes to work in munition factories at a time when they ordinarily would have begun to learn household duties.

Of 1,500,000 men who entered industry during the war, thousands now are jobless through the closing of munition factories. Hundreds are unable to find other employment because peace industries have not yet got into

Breathe Hyomel and let it rid you of catarrh; it gives such quick relief that all who use it for the first time are astonished.

Hyomel is a pure, pleasant antiseptic, which is breathed into the lungs over the inflamed membrane; it soothes the sore spots, and heals all inflammation.

Don't suffer another day with catarrh; the disease is dangerous and often ends in consumption. Start the Hyomel treatment today. No stomach dosing, no sprays; just breathe it—that's all. Ask R. K. Bellamy—adv.

Piles Can't Be Cured From The Outside.

External treatments seldom cure Piles. Nor do surgical operations. The cause is inside—bad circulation. The blood is stagnant, the veins flabby.

The bowel walls are weak, the parts almost dead.

To quickly and safely rid yourself of piles you must free the circulation—send a fresh current through the stagnant pools. Internal treatment is the only safe method. Ointments and cutting won't do it.

J. S. Leonard, M. D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He named his prescription HEM-ROID, and tried it in 1000 cases before he was satisfied. Now HEM-ROID is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be found at Bellamy's and druggists everywhere, who will gladly refund the purchase price to any dissatisfied customer.—adv.
