

LATEST BY TELEGRAPH. FROM WASHINGTON.

WASHINGTON, Feb. 2. CONGRESSIONAL. SENATE—The Senate has ordered 500 copies of the Chart of the Bay of Samaria to be printed.

The Currency bill was resumed. A bill was passed providing for the issue of \$45,000,000 of additional National Bank circulation, to banking associations, to be organized in the States having less than their proportion under the present apportionment of \$300,000,000.

HOUSE—A report was presented from the Committee on Foreign Affairs in reference to the imprisonment of American citizens in Great Britain for political offences, closing with a resolution that the President communicate the information concerning the subject to the British authorities.

MISCELLANEOUS. The receipts, to-day, from internal revenue \$346,000. The Senate in special session, to-morrow, will consider the Funding bill.

From New Orleans. NEW ORLEANS, Feb. 2. Gov. Warmouth has appointed James Graham State Auditor, vice Wickliffe suspended, in consequence of articles of impeachment being brought against him.

From Georgia. ATLANTA, Feb. 2. The General Assembly to-day received a message from Gov. Bullock, including correspondence with General Terry, in which the latter acknowledges the Governor's notification of the organization of the General Assembly, and informing the State Executive that both Houses are now properly organized for the purpose of assenting to and complying with the conditions imposed by Congress for the restoration of Georgia to its original relations with the National Government.

The Governor reviews the action of the old organization in expelling colored members; quotes the several acts of Congress relative to reconstruction of late rebel States, and also Gen. Terry's report of August 14th; and the action and report to Congress of the Judiciary Committee appointed to investigate the credentials of Joshua Hill, Senator elect from Georgia. He recapitulates facts covering the political history of the State from the adoption of act of March 2nd, 1867, declaring that until the people of the rebel States were admitted to representation in Congress, the civil governments that exist shall be provisional only and subject to the paramount authority of the United States at any time to abolish, modify, control and supersede. Up to the present moment the right thus reserved by Congress has never been withdrawn nor has it expired by any legal act of Georgia.

The Governor then recommends the adoption of the 14th and 15th amendments, and concludes with a desire, for the good of the whole people, that the citizen's worth shall be determined by his own efforts, and neither advanced or retarded by birth, color, religion or politics.

REVIEW OF THE WILMINGTON MARKETS, FOR THE WEEK ENDING THURSDAY, FEB. 3RD, 1870.

COTTON—On Friday the market opened firm, with an advancing tendency, and up to Monday the better grades received active attention, while the lower were neglected; but on Tuesday an evident weakness was noticeable in the market, and there was a slight "tumble" in prices, the latest reports showing a decline of about 1/2 cent on last week's quotations. The sales reported for the week are as follows: Friday, 15 bales at 22 1/2, 7 at 24, and 80 on private terms; Saturday, 6 bales at 21, 29 at 22, 23 at 23, 15 at 23 1/2, 11 at 23 3/4, 5 at 24, and 32 at 24 1/4; Monday, 11 bales at 21, 34 at 22, 8 at 23, and 35 at 24; Tuesday, 9 bales at 21, 7 at 23 1/2, 9 at 23 3/4, 6 at 23 1/2, and 1 at 24; Wednesday, 7 bales at 21, 50 at 22, 53 at 22 1/2, and 23 at 23 1/2.

SPIRITS TURPENTINE—In the beginning of the week the market opened very firm, and has gradually advanced through the week. The inquiry has been active, but a very light stock in first hands and a demand on the part of second holders for a further enhancement on present offers confine transactions to a very limited scope. The sales, as furnished our reporter, for the week are comprised in the following: Friday, 50 casks at 42 1/2, and from 300 to 400 casks at 43; Saturday, 80 casks at 43; Monday, 64 casks at 43, and 200 at 43 1/2; Tuesday, 145 casks at 43 1/2; Wednesday, 200 casks (Country) at 44, and 135 (New York) at 45; Thursday, 180 casks at 45 cents for New York packages—market closing buoyant.

ROSIN—The market for Strained has ruled firm at \$1.50, and the inquiry has been fair, though there has been very little competition. The better grades have been neglected, there being no inquiry for them. We quote as follows: Friday, 3969 bbls at \$1.50 @ \$1.55 for Strained, \$1.70 @ \$1.80 for No. 2, and \$2.00 @ \$2.10 for No. 1; Saturday, 900 bbls at \$1.50 for Strained, and \$1.55 for No. 2; Monday, 550 bbls at \$1.50 for Strained, and \$1.65 for No. 2; Tuesday, 185 bbls at \$1.65 for No. 2, \$1.80 for Low No. 1, \$3.50 for No. 1, and \$5 for Pale; Wednesday, 294 bbls Strained and No. 2 at \$1.60; Thursday, 129 bbls at \$3 for No. 1 and \$1.55 for Strained.

CRUDE TURPENTINE—This staple has been in steady request through the week, and all offered has met with ready sale as noted below: Friday, 130 bbls; Saturday, 750 bbls; Monday, 940 bbls; Tuesday, 208 bbls; Wednesday, 410 bbls; Thursday 1090 bbls—all at \$2.80 for Soft and \$1.65 for Hard.

TAR—On Friday the market opened firm, with an advancing tendency, and on Saturday the expectation of holders was rewarded with an advance of 10 cents, but on Monday the news from New York being unfavorable, the prices began to recede, and continued their downward tendency to the close of the week. The sales are as follows: Friday, 103 bbls at \$2.50; Saturday, 100 bbls at \$2.60; Monday, 286 bbls at \$2.50; Tuesday, 309 bbls at \$2.40; Wednesday, 306 bbls at \$2.20.

PAUL, TIMBER, WHISKEY, and WILMINGTON MONEY MARKET.

OUR FIRST PHYSICIANS USE And recommend its use; the Apothecary finds it first among the medicines called for, and the Wholesale Druggist considers it a leading article of his trade.

MERIT AND VIRTUE IS FULLY AND PERMANENTLY ESTABLISHED. It has been favorably known for thirty years, during which time we have received THOUSANDS OF TESTIMONIALS, showing this medicine to be an almost NEVER FAILING REMEDY for diseases caused by or attendant upon—Sudden Colds, Coughs, Fevers and Ague, Headache, Bilious Fever, Pains in the Side, Back and Loins, as well as in the Joints and Limbs; Neuralgia and Rheumatic Pains in any part of the System, Toothache and Pains in the Head and Face.

AS A BLOOD PURIFIER AND TONIC FOR THE STOMACH, It seldom fails to cure Dyspepsia, Indigestion, Liver Complaint, Acid Stomach, Heartburn, Kidney Complaint, Sick Head Ache, Piles, Asthma, or Phthisis, Ringworms, Bolls, Felons, Whitlows, Old Sores, Swelled Joints, and General Debility of the System.

IT IS ALSO A PROMPT AND SURE REMEDY For Cramp and Pain in the Stomach, Painters-Colic, Diarrhoea, Dysentery, Summer Complaint, Cholera Morbus, Cholera Infantum, Scalds, Burns, Sprains, Bruises, Frost Bites, Chilblanes, as well as the Stings of Insects.

PERRY DAVIS' VEGETABLE PAIN-KILLER Derives much of its popularity from the simplicity attending its use, which gives it a peculiar value in a family. The various diseases which may be reached by it, and in their incipient stages eradicated, are among those which are peculiarly fatal if suffered to run; but the curative magic of this preparation at once disarms them of their terrors, and in all respects fulfils the conditions of a popular family medicine.

The ingredients which enter into the PAIN-KILLER, being purely vegetable, renders it a perfectly safe and efficacious remedy taken internally, as well as for external application, when used according to directions. The slight stain upon linen from its use in external applications, is readily removed by washing in a little alcohol.

This medicine, justly celebrated for the cure of so many of the afflictions incident to the human family, has found its way into almost every corner of the world; and wherever it is used the same opinion is expressed of the real medical properties.

In any attack where prompt action upon the system is required, the Pain-Killer is invaluable. Its almost instantaneous effects in RELIEVING PAIN Is truly wonderful; and when used according to directions, is true to its name.

PAIN-KILLER. The effect of the Pain-Killer upon the patient, when taken internally in cases of Colds, Coughs, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy in cases of Burns, Bruises, Sores, Sprains, Cuts, Stings of Insects, and other causes of suffering, has secured for it the most prominent position among the medicines of the day.

It is in truth, a FAMILY MEDICINE, and should be kept in every family for immediate use. Persons travelling should always have a bottle of this remedy with them. It is not unfrequently the case that persons are attacked with disease, and before medical assistance can be secured, the patient is beyond the hope of recovery. Captains of vessels should always supply themselves with a few bottles of this remedy before leaving port, as by doing so they will be in possession of an INVALUABLE REMEDY to resort to in case of accident or sudden attack of sickness. It has been used in SEVERE CASES OF CHOLERA, and never has failed in a single case, where it was thoroughly applied on the first appearance of the symptoms.

In an experience of many years with it as a family medicine we have never known the Pain-Killer fail to cure diarrhoea when administered according to directions, and we have used it in hundreds of cases; and it is as safe as it is effectual.

To the name of our medicine "PAIN-KILLER" which is our trade-mark, we have the exclusive right, which we have never failed to sustain in law in any of the numerous actions brought against parties putting up or selling articles under that name, or one so similar as to mislead the public; and we would caution the public against all imitations of our preparation, either in the name or style of putting up.

To those who have so long used and proved the merits of our article, we would say that we shall continue to prepare our Pain-Killer of the best and purest materials, and that it shall be every way worthy of its reputation as a family medicine. Full directions for its use accompanies each bottle. Beware of Counterfeits and worthless imitations; call for PERRY DAVIS' VEGETABLE PAIN-KILLER, and take no other.

Sold by all Druggists and Dealers in Medicines. jan 7-3m
