The whole amount of the Fund at this time is \$457,040. The following to suggest the adoption of such measures are its receipts for the two past years, as, to me, the public interests may seem together with the sources from whence

Receipts on dividends on N. C. R. R. stock \$220,000 Ral, & Gast. " Surplus Revenue 100,000 Interest on Bonds.

Total Receipts for two last years, \$419,570 The rapidly increasing business of our railroads gives the highest assurance that this Fund will prove fully equal to the great purpose for which it was established. After the present year its annual receipts will, probably, not fall short of half a million of dollars, and may possibly exceed that amount.

An obvious reason why our railroads may be relied upon for reasonable dividends, when prudently managed, as at the present time, is to be found in the fact that they are constructed mainly by slave labor; which, for all purposes not requiring mechanical skill, is undoubtedly the cheapest that can be employed. No more conclusive evidence of this

Our great line of road, from Beaufort Treasury. The following abstract, taken | Harbor to Cowana, (Duck Town.) on the not so favorable as those upon which will more satisfactorily appear from the Tennessee line, a distance of 560 miles, will, when completed, cost \$12,610,000. Of this line of road 348 miles have been railroad companies, two-thirds of the actually completed; 50 miles more let to capital stock has been taken by the State. By N. C.R. R. Co., 6 p. ct. on contract, and the remainder, 162 miles, has and a liberal loan made, afterwards, for By 2 and 3 p. ct. on combeen surveyed and careful estimates made the completion of their works; while in of the cost, so that the entire cost of the the case of this Company, the aid of the road when finished, may be stated with State consists of a loan of \$8000 per mile By Wil. & Weld. leave no doubt that the whole of the above sum will be called for by them. within a very few years, with the exceptied to the Western North Carolina Railroad Company, which will not be required, because of the fact, that their road will be completed to the French Broad River, its present terminus, for a sum less, by that amount, than was originally contemplated. The State is also liable, by endorsement, for the Wilmington and Wel-000. A loss on account of which, however, need not be apprehended, as the Company has ample means to discharge their debt at maturity. The precise time at which the monies becoming due the foregoing Railroad Companies, will be applied for, is by no means certain; it is not at all probable, however, that more than \$1,500. 000 will be required during the present and ensuring financial years. This sum would swell the amount of indebtedness which, 629,505; the annual interest on expenditures of the average annual
