Talking About Teeth.

"The Man With The Hoe" is beig talked of as a great poem, but that people should think of oftener is the man with the tooth. The man himself, it he has the toothache, thinks of the subject and with sharp pain likewise. Next he thinks of Dr. R. W. Joyner, a dentist, of whom his whole section knows, for he has been in Wilson for years and his dental work is of the best. He is expert, careful and considerate, and his art in putting in artificial teeth is equal to the very best. If there is any work needed about your mouth call and see him, for you will receive the very best advice and treatment.

You know where his office is, on Tarboro street, where he is ready to greet you.

Services In The Jail.

Religious services were held in the all on Sunday, under the auspices of he Epworth League. The meeting was conducted by Rev. J. B. Hurley. There were a number of ladies present, and several songs were sung. The League will hold another meetat the same place next Sunday atternoon, and hopes to be of aid to the unfortunates.

Among those who listened to the service was Jefferson, now under sentence of death.

THE FURY OF THE STORM.

The wind knocked people down and limbs as large as one's body were twisted from the trees. Houses on the wharves and beach were washed away. One night's work has done what it will take years to replace."

Miss Barnes was in the midst of the storm, being at the home of her aunt, Mrs. Kate Stewart, where the wind and the waves did terrible damage, the water being deep all over the lower part of the house and everything devastated. In her letter she says no loss of life has been heard of, but it is supposed that some has occurred.

Death of H. C. Moss.

Mr. H. C. Moss died Saturday afternoon about half past two o'clock Board. at the family residence on Nash St.

For the past three weeks he had been confined to the house, the dread disease, consumption, being the cause. He was a young man of twenty-five, and has an excellent business record, being at the head of the firm of H. C. Moss & Co.

The funeral services of Mr. Moss of his subject. took place Sunday atternoon at the residence at four o'clock. A large number of friends were present to pay the last sad tribute to the worth and excellence of the young man whose life has been as a straight line.

The solemn funeral services were conducted by Rev. W. H. Reddish of the Baptist church and after these the body was carried to Maplewood cemetery where it was interred. There were many handsome floral remembrances of sympathy and these were used to bedeck the grave. The pall bearers were Messrs. Cicero Culpepper, W. W. Simms, C. E. Blount, W. A. Finch, J. A. Corbett, J. T. Peele and C. W. Gold.

ING-WELCOMED TO THE CITY.

Many Ladies Are Out To Hear The Discussions -Meets Again Tonight In The

Court House.

Health Conference began in the Court House yesterday morning and there was a goodly sized audience of the very best people in Wilson preseet to hear from the prominent physicians and members of the State Board of Health their ideas and suggestions on the great question of sanitary laws.

A most pleasing feature was the presence of so large a number of ladies in the audience. These were added to by the presence of the faculty and students of Kinsey Seminary. It was a thoughtful act on the part of Prof. Kinsey to arrange for his pupils to hear the discussion, for these questions of health apply to young and old alike, and instruction just as valuable as that given in the class room was found this morning in the court house.

Dr. Albert Anderson opened the meeting and Rev. J. B. Hurley led in prayer. At its conclusion Dr. Anderson introduced Mr. C. W. Gold, who on behalf of the city officials and the citizens extended a warm welcome to the physicians who were to speak for health and the improvement of Wilson

The pleasant introductory remarks of Mr. Gold were replied to by Dr. George G. Thomas of Wilmington, President of the State Board of Health, who returned thanks for the welcome, saying that he and his associates came to aid in matters of health and that hence it was a great pleasure to be greeted by so many ladies, as they represented the homes where sanitary laws must be put in practice.

After stating that the plan and object of the meeting was by addresses and answering questions to give the people a better understanding of the laws of health, Dr. Thomas introduced Dr. J. L. Nicholson, of Richland, who read a paper on "Old Age and How to Obtain It."

This paper was full of interest and discussed the question of avoiding disease, and thus with a healthy body to live to a ripe old age. The various points were strongly put and the suggestions made were wise ones. It was discussed by Dr. Anderson, Dr. Lewis and other members of the

Dr. Geo. G. Thomas, the President of the Board next discussed the Health Laws of the State now operative and why they should be earnestly supported by the people. The speaker told of the loss of his manuscript, the servant having burned it up, and then proceeded to show that he needed none by the able handling

S. S. S. is the Only Remedy Equal to this Obstinate Disease.

There are dozens of remedies recommended for Scrofula, some of them no doubt being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many so-called purifiers and tonics because something more than a mere tonic is required. S.S.S.

is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be larged and caused me much suffering."

which had to be lanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began their treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return." Swift's Specific-

S. S. S. FOR THE BLOOD

—is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured, instead of enduring years of suffering which gradually but surely undermines the constitution. S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofule. Eczema. Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetter, Pimples, Sores, Ulcers, etc. Insist upon S. S.; nothing can take its place.
