

**HAPPENINGS
OVER THE WORLD.**

Mad Love That Killed.

Kinston, N. C., March 25.—A fearful double tragedy has thrown its black shadow over this community. The red had of murder and suicide has blotted out two lives and the very dawn of young manhood and young womanhood. Two pulseless figures found lying in a lonely place not far from the outskirts of the city were the central figures in the final scene of what appears to be a story of love and despair.

The details of the tragedy are somewhat meagre. All that appears to be known as yet is that on Friday morning Lonnie Lane, a young man about twenty-two years old, and Miss Glennie Sauls, aged fourteen or thereabouts, went for a walk together. After that nothing more was seen of them alive. In the afternoon their prolonged absence aroused the anxiety of their families and a search was instituted, the result of which was the finding of the bodies. Both were members of well-to-do families.

All the circumstances indicate that the young man first shot the girl and then killed himself, as there is no reason to suppose that they were the victims of foul play at the hands of a third party.

Young Lane had been paying attention to Miss Sauls for some time, but her family objected and finally forbade him the house. It is supposed that he had been brooding over the affair and either induced the girl to accompany him with the deliberate purpose of ending both lives or committed the deed in a moment of frenzy. No other reason, it seems, can be assigned for the deplorable tragedy.

The grief of the stricken families is pitiable.

Thus twice within a week this community has been shocked by a bloody tragedy, as it was only last Saturday that Sig Einstein committed suicide here.

Lynching Threatened.

Bowling Green, O., March 25.—E. H. Westenhaven, of North Baltimore, one of the best known attorneys in this county, was murdered at Hoytsville shortly after noon today. He was trying a case against Paul and John Zeltner, for attorney fees, and when court adjourned at noon the brothers demanded certain papers, which he refused to surrender, and was then shot and killed. After the murder Zeltner fled home, pursued by a crowd of several hundred men. The Zeltners stood boldly in their yard all afternoon, and defied arrest. There was a frequent exchange of shots between the fugitives and the crowd at long range and man named Wittenmyer, who crossed an open space, was killed.

Sheriff Kingsbury and a posse of deputies were soon on the scene, but the fusillade of shots kept up by the Zeltners prevented any effort being made to capture them. Later in the day the Zeltners retired within the house and barricaded it. A hundred shots were fired into the house, but without effect. The sheriff then decided to call for the Bloomdale Rifles. Meantime a guard was stationed round the house. This evening a neighbor of the Zeltners went into the house under a flag of truce and tried to induce them to surrender, but they declined to do so before morning, fearing the mob. Every effort is to be made to prevent a lynching.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup that have been cured by its use, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous consequences. It is especially prized by mothers for their children, as it never fails to effect a speedy cure, and because they have found that there is not the least danger in giving it, even to babies, it contains nothing injurious. Sold by all druggists.

Killed his Wife While Asleep

Tacoma, Wash., March 26.—Dr. Charles Corey shot and killed his wife this morning while the two were lying asleep. Corey was ill and his story of the affair is that he was laboring under a nightmare, believing his wife was being pursued by a stranger who was intent on killing her. In his dream Corey says he followed the two from Tacoma to Washington and just as he fancied the man was about to stab her fired twice with his revolver. He awoke with a start to find himself sitting in bed with a smoking revolver in his hand. Corey had drawn his revolver from its place under his pillow and killed his wife. The relation between Corey and his wife have been very affectionate and the authorities believe his story. He is nearly crazed with grief and friends are watching him to prevent his suicide. Mrs. Corey was a leader in social circles. She was afraid of a revolver and frequently suggested fear that she would some day be killed. Corey was not arrested.

Are Still Picking up Bones.

New York, March 26.—The work in the ruins of the Windsor hotel was continued with a full force of men today and the piles of debris were heaped up faster than the carts could take them away. It is thought now that the foundations and cellars will be cleaned out by the end of this week.

The workmen came upon a human foot in a shoe near the Forty-seventh street and Fifth avenue corner of the ruins this morning. The shoe was badly charred and shriveled and it could not be told whether the foot was that of a woman or child.

A second fragment of a human foot was found late this afternoon near the Fifth avenue entrance to the hotel. There was very little of it, only the great toe and some tendons being left. Near the place workmen found a pair of slippers. The ghastly relic was placed in a box and sent to the morgue.

According to the records at the morgue, the unidentified bodies now number sixteen. The identified dead are eleven.

Negroes Cause Trouble.

Birmingham, Ala., March 27.—Serious trouble was threatened today at the Ore mines at Dolomite, where two hundred and fifty miners armed themselves because three of their number were arrested Saturday night. Will Calvin, a negro, was shot and mortally wounded by the infuriated blacks, because he allowed himself to be arrested without resistance.

Sheriff O'Brien and a dozen deputies went to the scene and dispersed the negroes, the sheriff giving the rioters a severe talk. All work was suspended for the day and the whites were armed, but no further trouble is expected.

Birmingham, Ala., March 28.—Negro miners made an attack on the camp of the whites at Dolomite shortly after midnight. The white men returned their fire and several of the negroes were wounded. Reinforcements have been sent to the deputy sheriffs who are trying to preserve order and Sheriff O'Brien has just left with another strong posse. Negro soldiers recently mustered out are inciting the blacks. A race war is threatened.

Latest details show that none of the negroes were seriously injured. Sixteen of the ring-leaders are in the hands of officers, and a strong force of deputies are patrolling the mines.

Embezzling Postmaster.

Savannah, Ga., March 25.—W. F. Carter, postmaster at Meldrim Ga., and chairman of the Populist State campaign committee in the last campaign, is in jail here to-night on the charge of embezzling the funds of the government to the extent of about \$470. He was committed this evening by United States Commissioner Lewis in default of bond.

The shortage in Carter's accounts was discovered by Postoffice Inspector Wardle, who charged him with misappropriation of the funds. He confessed, and stated that the money had been used in the last campaign for the advantage of the Populist candidates, and that it had been taken with the connivance of the members of the Populist campaign committee.

Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

Spanish Directions.

Madrid, March 25.—Spanish officers acquainted with the Philippine Islands continue to predict the failure of Major General Otis' campaign, notwithstanding the American success. They say that while the Americans will undoubtedly win all the battles, they will lose the campaign itself, owing to the aptitude of the Tagalos to conduct a war of surprises and ambushes. Malolos, the capital of the rebel government, they add, will fall into the hands of the Americans, but the Spaniards insist, the war will rage as long as the rebels desire it.

Free Silver Leaders.

Hot Springs, Ark., March 25.—William J. Bryan, of Nebraska, and ex-Governor William J. Stone, of Missouri, arrived in Hot Springs this evening. An important conference of Free Silver leaders is expected to take place to-morrow or Monday. Senator Mantle of Montana, Senator Pettigrew of South Dakota, silver Republicans; ex-Senator Fred DuBois of Idaho, and ex-Senator John H. R. Egan of Texas, are also in the city. John C. Sheehan, of Tammony, who has been here for some time, has postponed his return to New York for a week and will, it is believed, participate in the conference.

Latest From Manila.

Washington, March 25.—The War Department late tonight made public the following dispatch from General Otis:

"Manila, March 25.—Adjutant General—Perfecting northern movement not yet completed. Otis' and Hale's brigade with mounted troops, Fourth cavalry, the turning column, met heavy resistance over difficult country and are camped to-night six miles east of Polo and six miles north of line from which advance was taken up. Wheaton's brigade, Caloocan, drove enemy one and a half miles north across river. Hall, on extreme right, encountered considerable force and routed it. Fighting heavy near Caloocan. Movement continues in morning. Our casualties about one hundred and sixty; twenty-five killed. Enemy lost in killed alone two hundred. "Otis."

Crippled by Rheumatism.

Those who have Rheumatism find themselves growing steadily worse all the while. One reason of this is that the remedies prescribed by the doctors contain mercury and potash, which ultimately intensify the disease by causing the joints to swell and stiffen, producing a severe aching of the bones. S. S. S. has been curing Rheumatism for twenty years—even the worst cases which seemed almost incurable.

Capt. O. E. Hughes, the popular railroad conductor, of Columbia, S. C., had an experience with Rheumatism which convinced him that there is only one cure for that painful disease. He says: "I was a great sufferer from muscular Rheumatism for two years. I could get no permanent relief from any medicine prescribed by my physician. I took about a dozen bottles of your S. S. S., and now I am as well as I ever was in my life. I am sure that your medicine cured me, and I would recommend it to any one suffering from any blood disease."

Everybody knows that Rheumatism is a diseased state of the blood, and only a blood remedy is the only proper treatment, but a remedy containing potash and mercury only aggravates the trouble.

S.S.S. For the Blood

being Purely Vegetable, goes direct to the very cause of the disease and a permanent cure always results. It is the only blood remedy guaranteed to contain no potash, mercury or other dangerous minerals.
