

THE WILSON TIMES.

WILSON, N. C., FRIDAY JUNE 24, 1910

Vol. 9—No. 112

RAIN BROKE UP GAME HERE

Rain broke up the Wilson-Raleigh game here yesterday in the second inning. Lathrop was pitching for Raleigh and Hearne for Wilson, and an excellent game was expected. Raleigh had scored one run on an error and a hit before the shower. Westlake was hurt during the game by a batsman accidentally striking him on the jaw with a bat.

Fayetteville 3, Rocky Mount 0. Fayetteville, June 23.—Waymack came within an ace of shutting out Rocky Mount without a hit, the visitors' lone single being a weak tap over an infielder's head, when a bunt was expected. Al Maul, scout for the Philadelphia Athletics, witnessed today's game.

Score by innings: R. H. E. Rocky Mount . . . 000 000—0 1 1 Fayetteville . . . 111 000—3 9 1 Batteries—Walsh, Thorpe and Cooney; Waymack and Galvin.

Summary: Sacrifice hits, O'Halaran 2. Bases on balls, of Walsh 3, off Waymack 3. Struck out, by Walsh 1, by Thorpe 1, by Waymack 6. Two-base hit, Schumaker. Stolen bases, Mullen, Dobson 2, Bunting, Stein, McEnroe. Time, 1.45. Umpire, Anderson, 500.

Wilmington Defeats Goldsboro. Goldsboro, June 23.—By taking yesterday's game, Wilmington made it two out of three. Brooks pitched a no-hit game, and not a single giant touched second base. Clancy starred at short, while Dubbs featured with the bat, being the only one that secured two safeties.

Score by innings: R. H. E. Wilmington . . . 100 000—2 6 1 Goldsboro . . . 000 000—0 0 2 Batteries—Brooks and Gilmore; Hanks and Gunderson.

Summary: Sacrifice hits, Wilmington 3, Goldsboro 0. Hit by pitched ball, Hanks 1. Bases on balls, off Hanks 3, off Brooks 1. Struck out, by Hanks 5, by Brooks 5. Two-base hits, Doak 3. Left on bases, Goldsboro 1, Wilmington 9. Time, 1.25. Umpire, Barre. Attendance, 400.

BASEBALL RESULTS. Eastern Carolina League. Goldsboro 0, Wilmington 1. Fayetteville 3, Rocky Mount 0. Wilson-Raleigh game postponed; wet grounds.

Carolina League. Greensboro 6, Anderson 1. Winston-Salem 1, Spartanburg 6. Charlotte 2, Greenville 1. (First game, called at end of seventh inning, by agreement.) Charlotte 0, Greenville 0. (Called at end of seventh inning, by agreement.)

National League. New York 6, Brooklyn 3. Boston 1, Philadelphia 3. Cincinnati 4, Chicago 5. Pittsburgh 6, St. Louis 1.

American League. Washington 0, Boston 2. (First game.) Boston 2, Washington 1. (Second game.) Philadelphia 8, New York 0. (First game.) Philadelphia 9, New York 2. (Second game.) St. Louis 11, Detroit 9. Chicago 2, Cleveland 3. (Fourteen innings.)

Virginia League. Danville 3, Lynchburg 1. Roanoke 4, Richmond 3. (Eleven innings.) Norfolk 0, Portsmouth 1.

Where They Play Today. Goldsboro at Raleigh. Fayetteville at Wilmington. Wilson at Rocky Mount.

Standing of Eastern Carolina Clubs.	W.	L.	P.C.
Fayetteville	16	5	.762
Wilson	13	10	.565
Waymack	11	11	.500
Rocky Mount	12	12	.500
Brooks	9	14	.391
Dobson	7	16	.304

NEW JURY FOR BEEF TRUST CASE

Chicago, June 23.—Judge Landis today threw the government's case against the National Packing Company, the beef trust, and its subsidiary concerns out of court and ordered a special grand jury to be summoned at once to begin a more thorough investigation. It was understood that Judge Landis believed the case against the packers was framed favorably to the packing interests. This sudden move of the court came as a shock to the district attorney. It is stated that the new grand jury will investigate not only the beef trust but also the men who organized the business, and that it will be thorough.

Proceedings of Medical Convention.

Wrightsville Beach, June 23.—Yesterday was a busy day for the physicians in attendance upon the 57th annual session of the North Carolina Medical Society. The business sessions of the general body, two sessions of the house of delegates, the joint meeting of the state board of health with the Medical Society, and a trip down the historic Cape Fear river in the afternoon were the features of the day.

Dr. John Q. Myers, of Charlotte, second vice-president, called the general body to order in the morning. President N. Wood being engaged in the house of delegates.

The duties and powers by county superintendents of health was the most important subject under consideration.

Dr. G. G. Thomas, of Wilmington, chairman of the state board of health, presided at the joint session, which was devoted exclusively to the hearing of reports.

In his report Dr. Rankin went on record as being opposed to the present method of handling smallpox, and gave several reasons why he was opposed to the quarantine system. Smallpox in the state during the past year cost \$50,000, he said.

Dr. J. A. Ferrell, assistant secretary of the hookworm commission for North Carolina, in his report stated that examination had been made of 600 North Carolina college students in 43 counties and that one-third were affected with the disease. In the counties that have reported, some 3,000 whites and 250 negroes have been treated for the disease. He said that probably one-fourth of the rural population of North Carolina is affected with the disease. It is planned to divide the state into 18 districts and wage a vigorous campaign. The require number of field agents will cost the state \$20,000 annually and will soon use up the North Carolina portion of the Rockefeller fund, therefore, Dr. Ferrell recommended that the legislature be recommended to provide maintenance of agents. He estimated that the disease is not costing North Carolina \$187,500 annually.

The section of anatomy and surgery was held in a separate hall with Dr. John Hay Williams, of Asheville, presiding. Dr. Williams read a strong paper.

Mr. Young Warns Public. Raleigh, June 23.—A warning was issued yesterday by Insurance Commissioner J. R. Young to the people of the state, setting out that he is informed that the Travelers' Association of Nebraska is flooding the state with circular letters, and he desires to warn the citizens of the state again this association, for the reason, he says, that it is not licensed to do business in this state, and under the laws of the state its contracts would be null and void and not enforceable in North Carolina courts.

Norfolk, Va., June 23.—Marine firemen and sailors of Great Britain and Ireland are planning a big strike next month, and efforts are being made to organize unions in America to help the English sailors. British organizers are here and at a union and not sign papers on any ship that does not carry a union crew.

CHARLTON TODAY CONFESSED CRIME

New York, June 23.—Poster Charlton, suspected of murdering his wife, Mary Scott Charlton, at Lake Como, Italy, was arrested at Hoboken this morning and has confessed the crime. He was arrested as he stepped from the liner Princess Alice from London. He first denied he was the man wanted, but later admitted he was Charlton, but still maintained he knew nothing of the crime. After being taken to the police station Captain Henry H. Scott, U. S. A., a brother of the murdered woman, drew a pistol and tried to kill Charlton. He was disarmed and locked up.

North Carolina Bankers in Session.

Wrightsville Beach, June 23.—Every electric train to reach the beach yesterday brought a number of bankers to attend the fourth annual meeting of the North Carolina Bankers' association, and bankers are in attendance from every part of the state and also many from the state of South Carolina.

The first session was held last night in the assembly hall at the Seashore hotel and was called to order by President John O. Ellington, of Fayetteville, after which prayer was offered by the Rev. W. E. Cox, rector of St. John's Episcopal church. Address of welcome was made by J. Allen Taylor, president of the chamber of commerce, Wilmington, and leader in the movement to have the port of Wilmington made a gateway.

Response was by Col. W. H. S. Burdette, of Weldon.

President Ellington read his annual report, and it was a most excellent one. Secretary Hunt, of Henderson, also read his annual report.

After the business session a reception was given in honor of the visiting bankers, those in the receiving line being the Wilmington bankers and their wives.

This morning a business session was given over largely to pleasure.

Commission Asks for a Report on Wrecks.

Raleigh, June 23.—The following recommendations made by Commissioner H. C. Brown, by whom the freight wreck two miles east of Raleigh on the Southern, caused by a defective rail, was inspected, the corporation commission has ordered the Southern Railway Company to file a report of the condition of the track between Raleigh and Goldsboro, together with a statement of the amount of work done in repairs the past year setting out in detail the number of crossties placed, new rails exchanged for old and the weight of this rail. Furthermore, that the commission make a careful inspection of the condition of the road from Raleigh to Goldsboro as early as possible with a view to track, and if it is not in proper condition, having the railroad company to put it in proper condition at once. The Southern is also to make report in detail on the wreck, which was of freight train No. 176, in which 16 cars of a 40-car train, were smashed, and 200 yards of track torn up.

Will Soon Give Census Figures.

Washington, June 23.—The mammoth task of recording the thirteenth census of the United States has progressed to such a point that within a few days the census bureau will begin to make public the populations of the larger cities of the country. The populations of the cities containing 75,000 or more will be given out first. They will be followed later in the summer by the population of the states by counties, which also include cities of 8,000 or more persons. The returns of about 47,000 enumerators have been received by the bureau, and it is expected the remainder of the 70,000 reports will be in July 1.

Weather Over Cotton Belt Yesterday.

Showers have fallen in all districts except the Oklahoma. The rainfall in Texas was local and confined to the southeast sections of the state. High temperatures have continued in the western portions of the belt.

SENSATION AT THE HAGUE

The Hague, June 23.—The arbitration tribunal that is hearing the arguments of the counsel for England and America in the Canadian fisheries dispute was startled today by the speech made by ex-United States Senator Turner as he continued his arguments begun two days ago. In what was tantamount to an open defiance to the claims of Great Britain, he said:

"The United States insists that the right to fish subject to the will and pleasure of Great Britain is not right at all! Great Britain will never be allowed to set at defiance the wishes of the United States of America."

Portsmouth Club Changes Hands.

Roanoke, Va., June 23.—Immediately upon being informed of the financial straits of the Portsmouth baseball club, President Jake Wells, who was in New York, wired Secretary Gregory, who was here.

"Get consent by wire immediately of Richmond, Roanoke, Danville, Lynchburg and Norfolk clubs to carry Portsmouth club until meeting can be held Thursday to decide what disposition is to be made of same. Give this immediate attention and wire me here."

The consent was quickly obtained and the league immediately took charge of the Trucker's affairs and wired President Briggs to act as representative of the league, pending the arrival of Secretary Gregory, who went there immediately. Before leaving the other clubs were wired as follows:

William Hannan, Jr., of Norfolk, and Jack Grim are after the Portsmouth franchise, and both will doubtless attend the meeting in Richmond tonight. The surrender of the Trucker franchise will have no effect on the league, which will run the club the balance of the season itself unless satisfactory arrangements are made to turn it over. Should either Grim or Hannan take charge they will simply assume the salary obligations already due the Portsmouth players, pay them up to date and run the club themselves. Grim seems to be the choice of the clubs already heard from, and it appears that he will be the next owner of the Portsmouth club.

TODAY'S MARKETS

Stocks.

New York, June 23.—Although some irregularity was shown in price changes at the opening and in the first few minutes the tone of the stock market continued decidedly strong today. Union Pacific advanced 1-4 and fractional gains were made by Atchafalaya, New York Central and a number of other railroad issues. Southern Pacific and St. Paul showed a little and steel and Amalgamated Copper showed a slight recession. Louisville and Nashville rose on point. American Cotton Oil rose over a point.

Cotton

New York, June 23.—Cotton opened easy 7 to 14 points lower this morning. The unloading movement which began yesterday was continued under the influence of poor cables, somewhat better weather map and a lack of outside support. Old crop liquidation was especially pronounced on the call. The opening was June, offered, 15.15, July 14.98, Aug. 14.67 bid, Sept. 13.12 bid, Oct. 12.47.

At 12 o'clock the market stood July 15.03, Aug. 14.67, Oct. 12.46, Dec. 12.25.

The market closes as follows: July 15.03, August 14.70, October 12.46, December 12.26.

Grain and Provisions.

Chicago, June 23.—There was a sharp bulge in wheat with a large general trade. Corn was unsettled; oats up sharply. Provisions were lower. The opening in July was wheat 96 3-8, corn 58 7-8, oats 39 1-2; pork Sept., 22.25.

SCOTT BILL UP IN THE HOUSE

Washington, June 23.—The Scott bill is making it unlawful for any person to enter in a contract for the purchase or sale of future delivery without intending to carry out the contract. It was brought up in the house today. The Scott bill is drastic and is believed will effectually stop gambling in the cotton futures on the exchange. The telegraph and telephone companies are held responsible if messages are knowingly sent in violation of the law, all publications containing matter tending to promote such contracts are declared non-mailable. The penalties for all the violations are heavy.

Southern R. R. to Use Gas Cars.

Atlanta, Ga., June 23.—Following the announcement made by the Southern Railway Company on May 31 that the use of gas-electric cars in some of the more congested districts along its lines was contemplated it is definitely announced by that company that its steam passenger train service in the Greenville, S. C., territory is to be supplanted in July by the inauguration of regular gas-electric motor car service.

Pending the completion of three motor cars now being built for the Southern Railway Company, the management, determined not to delay the inauguration of the new service, has arranged with the General Electric Company for the return of the gas-electric car which was used experimentally with very satisfactory results last summer on the line between Manassas and Strasburg, Va.

Gas-electric car motor service will be furnished in the Greenville territory by this car until the delivery of the two improved gas-electric cars being built especially for the Southern Railway Company by the General Electric Company, and the gasoline car being constructed by the McKee Motor Car Company, of Omaha, Neb. These cars will be completed in a few months and will be put into regular service as soon as delivered to the Southern Railway Company.

Important Bills Pass the Senate.

Washington, D. C., June 23.—The senate yesterday passed four important general measures beginning the session with the consideration of the public building bill, carrying a total appropriation of about \$24,000,000 for the erection of and addition to public buildings throughout the country. This measure was disposed of and the postal savings bank bill was taken up.

Three hours were given to the consideration of the postal bank measure. This bill had previously passed the senate and the house, and it came up on a motion made by Senator Carter to concur in the house amendments. Speeches in opposition to the motion were made by Senators Brantley, Hughes and Simmons, while Senator Carter advocated its adoption. The motion prevailed, 44 to 25.

The senate also amended and passed the house bills authorizing \$20,000,000 worth of certificates of indebtedness to aid the completion of existing irrigation reclamation projects and requiring the publication of contributions made through campaign committees in the interest of members of the house of representatives. The Appalachian forest reserve bill will be considered by the senate today.

Winston-Salem, June 23.—State Chairman Eller has named Senator Lee S. Overman as temporary presiding officer of the Democratic state convention to be held at Charlotte, July 14. Senator Overman will make the keynote speech outlining the 1910 campaign.

WEATHER FORECAST.

Washington, D. C., June 23.—For N. C.: Partly cloudy and continued warm tonight and Friday; light variable winds, mostly south and southwest.

BOXER UPRISING THREATENS CHINA

Washington, June 23.—The foreign legations to China are in immediate danger and the rumored boxer uprising is a menace to every white person in the empire according to Mrs. Barnette, the wife of Col. George Barnett, U. S. M. C., stationed at Peking. Mrs. Barnett reached Washington on her way home in Virginia after two years spent in China. She declared emphatically that the boxer trouble has only commenced and that if they attack the legations no foreigner would survive.

Preparing for the Big Fight.

Reno, Nev., June 23.—With Reno definitely fixed as the battle ground, with positive assurance of the governor that no attempt to interfere will be made by the state authorities, and with preparations already under way for building the arena, the Jeffries-Johnson fight now seems certain of fulfillment on July 4.

No further complications are anticipated, and Promoter Tex Rickard last night had the first quiet pillow that he has had since Governor Gillett issued his ultimatum that the contest could not be held in California.

The big event was the arrival of Jim Jeffries and his retinue of handlers today. The party arrived on an early morning train, and Jeffries at once got into communication with representatives who have been here for the past few days arranging for training quarters. The big fellow dislikes the idea of going to Maona Springs on account of the close proximity of the place to the city, and it is possible another site for his training quarters will be selected during the day.

Norfolk Storm Swept.

Norfolk, Va., June 22.—The worst storm of the year broke over Norfolk yesterday afternoon. Rain fell in torrents from inky black clouds, the wind at times reaching the velocity of a hurricane. Lightning rent the clouds at frequent intervals, and peals of thunder were long and deafening. Numerous trees were uprooted, several small houses were unroofed and many signs on the business streets were torn off. A freight car was blown from the track in the Norfolk and Western yards. A bolt struck and tore a porch from a house on May avenue. A parapet was blown into a building on East Main street, shattering roof and ceiling, and flooding two offices, the employes in which were panic stricken.

The storm continued for an hour, and when it ceased several of the city streets and much of the surrounding country were under water.

Battle Abbey Plans Rapidly Maturing.

Richmond, Va., June 22.—The erection of the Confederate Memorial Institute, which is popularly known as the Battle Abbey, will be begun sometime within the next few months.

The selection of a design will be by competition and the contest will be open to all architects who may desire to enter. At present the matter is in the hands of the executive committee of the Confederate Memorial Association.

The firm of Noland and Baskerville will act as advisory architects, and as soon as the program is prepared advertisements will be inserted in the papers and designs, with plans and specifications, will be solicited.

Cotton Letter.

New York, June 23.—The national ginners' report yesterday is said to place the crop condition at 84.6 per cent against 80.4 on June 1. This caused a moderate reaction from yesterday highest prices but the under tone of the market was strong on reports of excessive hot and dry weather in Texas where rain is now needed. Prices are likely to remain firm until the dry spell in Texas and Oklahoma is broken. Spot sales were two thousand bales at ten points decline from Tuesday.

LATHAM, ALEXANDER & CO.
