MEETING FOR TEMPERANC

WILSON MINISTERS TAKE HIGH **GROUND--WANT PROHIBITION GIVEN FAIR SHOW**

MANY STRONG ADDRESSES

Adopt Resolutions Urging the Passage of the Miller-Curtis Measure Which Knocks Out the Near-Beer Saloons, Opposes Social Club Drinking and Urges Upon Congress the Right of the State to Regulate its Own Liquor Traffic .- Rev. W. C. Blanchard and Hon. F. A. Woodard Appointed Delegates to Raleigh.

The ministers of the various church es led an enthusiastic temperance meeting in the Methodist church last evening, where a number of stirring addresses were delivered on the subject of soberness and righteousness and the evil effect and influence of the drink habit were pointed out. I was clearly shown by the speakers present that notwithstanding the fact that the social clubs and near beer places had neutralized to a large extent the good effects of prohibition, yet prohibition had greatly reduced the amount of liquor consumed and that if given a fair chance would eventually cause those who are addicted to the drink habit to sober up and also remove its baneful influence from the youth of the land. The following resolutions were carried by a rising vote and Rev. W. C. Blanchard and Hon. F. A. Woodard were made the bearers of this peti tion to the Legislature with the in struction to urge the passage of the Kent bill which prohibits the sale of liquor containing 1-2 of one per cent of alcohol or cocaine, morphine, or other narcotics calculated to bring about stimulating or an unnatural condition of the body or mind.

Shives, Blancha. ' vis and Smith, some of these, t _ er with Messrs. F. A. Woodard and B. F. Lane, delivering earnest and eloquent addesses on the subject under discussion. The meeting was opened with a fervent prayer from Rev. Mr. Shive, while the lesson was read by Mr. Spiegel from the 14th chapter of Romans: "Let us therefore be subject

to the higher authority." Mr. Blanchard then stated the purpose and object of the meeting, his remarks being very appropriate. He said among other things that the meeting was not so much for the purpose of insisting that the Legislature shall do certain things, for the members of the Legislature were Christian gentlemen imbued with the desire to inculcate the civic virtues, but to encourage them in the good work already under contemplation and to let them know that we stood behind them which it is our duty to do in this matter as in all others affecting the welfare of the people and the cause of religion.

Therefore the resolutions to the Legislature would embrace the nearbeer saloon, the drinking club and an interstate commerce act regulating the jug trade in prohibition territory. - The resolutions were then read by Mr. Shive, who made some comments on the necessity for putting the nearbeer saloon out of the way that thwarted the purpose of the prohibition law.

AT THE SOUTH A CHILD LABOR LAW ACT

Washington, Jan. 23 .- In language so plain that sometimes it was bitter, Senator Carter, of Montan, opposed the adoption or the resolution as reported by the Senate Judiciary Committee providing for election of Senator by popular vote. He charged Northern Senators who support the resolution with ignorance and Southern Senators with attempting to saddle upon the country constitutional disfranchisement of negro voters. Mr. Carter claimed that the question of electing Senators by direct vote and of taking out of the constitution the right of Congress to make any law or regulation for the protection of senatorial elections against fraud, violence or corruption were so indissoluby united in the resolution that
