## REBELS VIC-TORIOUS

THE PROUD MANCHUS HAVE HUMBLED TO THEIR OPPONENTS-IT MEANS A CONSTITUTIONAL

## GOVERNMENT FOR CHINA

Pekin, Oct. 30.—The decree of the throne acceding to the demand of the National Assembly for a complete constitutional government was issued today.

Hong Kong, Oct. 30.—Six thousand imperial troops at Lanchow, reported mutinied and joined rebel army of 27,000 stationed here. Reports from Canton State City under martial law for fear of uprisings and defection to the rebels.

Pekin, Oct. 30.—Victory has crowned the revolutionary movement in China and by imperial decree the demands of the young Chinese movement as voiced by the National Assembly are met by the Manchu dynasty. Whether cooler counsels will prevail and the anti-Manchu movement will halt the government's concessions, or whether the radical element will rule and the rebel army will sweep northward investing the capital only the future can solve. Capitulation to revolutionists means the re-organization of the government into a constitutional monarchy with the immediate formation of a National Parliament.

## Farmers Won From Tennessee.

Raleigh, Oct. 30.—The Agricultural and Mechanical Farmers placed another scalp to their belt Saturday afternoon by defeating the Tennessee volunteers 16 to 0. The game was one of the best played on the A. & M. field this year and the visitors played good ball, but were outclassed by the Farmers.

The field was wet owing to a heavy rain, which visited Raleigh Friday night and Saturday morning. Both teams were penalized several times but the volunteers were unable to get on to the Farmers' plays and forward passes. Seifert was the star of the game, handling several forward passes and carrying one over for a score. Cool, Anthony and Stafford played extra good ball, Cool and Stafford being credited with a score each. Seifert failed to kick goal twice.

The ball was on very dangerous ground several times and it looked as if the visitors would score, but the Farmers were on their toes and the visitors were unable to go over. Hassell, a new man, was put in the game and he made good gains for the Farmers. Harris was able to play and he was quite a star.

## Hill Endorses Taft.

St. Paul, Minn., Oct. 30.—James J. Hill last night commended President Taft for whatever influence the President might have exercised in the government's suit to dissolve the United States Steel Corporation. Mr. Hill said that he endorsed President Taft in the matter, even though other so-called capitalists of industry had been reported as offering criticism. The railway builder, however, did not intimate that he approved of the law under which the proceedings have been instituted.

Among the defendants in the dissolution suit are three sons of Mr. Hill.

"The President has taken an oath to enforce the law," Mr. Hill said, "and he is only doing his duty. Whether the law is wise or unwise is a grave question. But the President is right in enforcing it if it is the law."

"Now that we are in this thing we ought to go through with it to the end. Let us find out where we stand."

"I am not worried about the cancellation of the Steel Corporation or contract. Iron ore does not go out of style and it will not run away. If it lies in the ground for twenty-five years and the country grows and the demand for iron and steel increases it will not be worth any less than it is now."

## CONFERENCE OF GOVERNORS ON COTTON

GOVERNOR DENOUNCES GOVERNMENT FOR NOT PROSECUTING BROKERS ENGAGED IN PRESENT BEAR MOVEMENT.

New Orleans, Oct. 30.—A conference of the governors of cotton growing states called by Governor Colquitt to consider a plan for raising funds to buy the entire cotton crop for higher prices opened here today. In his opening address Gov. Colquitt denounced the government for not prosecuting the brokers engaged in the present bear movement. There was great enthusiasm among the cotton growers over the proposed plan to put cotton on a staple price basis.

## Places Victim on Railroad to Cover Up Brutal Murder.

High Point, N. C., Oct. 30.—Saturday between 5 and 6 o'clock, as he was bringing his two young daughters to town to go to their daily work Ed. Hodgkin was arrested by Chief B. C. Ridge and Deputy Sheriff J. L. Parrish of this city on a charge of the murder of John Lovett, whose body was found in a terribly mangled condition by a section master on the morning of the 18th near Mendenhall's crossing, on the main line of the Southern Railway, several miles northeast of High Point.

Your correspondent knew for over a week that Hodgkin was under strong suspicion and that circumstantial evidence, it was said, seemed to point strongly to his guilt. For some reason or other the authorities were a little slow to take the initiative in the matter. This may have been for want of evidence which they thought was lacking when the mangled body was found. Evidently Lovett was run over during the night. But it was also apparent that the man must have been dead for several hours before being placed on the railroad tracks, as there was scarcely any loss of blood. This, and several other very suspicious circumstances, led Chief Ridge and his assistants to the conclusion that there was foul play. And, when all the evidence—circumstantial and otherwise—is in, it will no doubt prove that they were correct in their surmises.

The motive for the murder of Lovett, if murder it was, was the robbery of \$138, which was known to have been on the person of the dead man, and which was missing when his body was found.

Hodgkin was brought direct to the police station early this morning by the officers, while his daughters drove on to their work. He is a widower, with five or six children, his wife having died three or four years ago. He was a tenant on a farm belonging to Mr. J. P. Redding, situated not far from the Logan cotton mill, where John Lovett was doing some ditching other work for Hodgkin on the preceding day.

In conversation with the arrested man this morning, your correspondent was told that after being paid for his work, Lovett left his (Hodgkin's) place about 3 o'clock in the afternoon for his home, carrying several meal sacks and his shovel. Thursday these sacks and the shovel were found at a place somewhat remote from the place where the body of Lovett was found. There was also some evidence of a scuffle near the same place from the appearance of the soil and grass.

The warrant for Hodgkin's arrest was issued by Magistrate J. Matt Sechrest of this city several days ago. Owing to the large number of witnesses that will have to be summoned, both by the State and the defendant, the preliminary trial has been postponed till today at 10 o'clock. In the meantime Hodgkin is confined here in the police station, where knots of people are gathered all the time discussing this sensational affair. There are all sorts of rumors afloat. Some have it that marked currency, which the murdered man was known to have had, was found in the possession of the arrested man. Other reports have it that when all the facts in the case are known, it will not only incriminate one but several parties whose hands are stained with the murdered man's blood. Not since the Jamestown tragedy has this community been so strongly wrought up as it is over this affair.

Great sorrow and sympathy is felt here for Hodgkin's half dozen or more children, some of whom are quite small yet. But, whatever the outcome, the good people of High Point and Jamestown are not going to let these innocent ones suffer.

## Can Taft Vote?

Chicago, Oct. 30.—President Taft, who frequently refers to himself as the "titular head of the Republican party," was in a quandary last night. The President does not know whether he's a qualified voter any more. He doesn't know whether the election authorities in Cincinnati, his home city, intend to let him cast a ballot in the city elections next Tuesday.

More than two weeks ago Mr. Taft made out his registration papers, mailed them from the Pacific coast and thought no more about the matter. A few days later the President was notified by the Cincinnati election board that he had failed to have the proper affidavit made out to accompany the papers. At Newcastle, Wyo., where he was the guest of Congressman Mondell, the President worked until late at night making out new papers and the necessary affidavit. The mails from Newcastle that night carried the papers to Cincinnati.

Today Secretary Hilles was notified evidently on good authority, that the President had failed to register properly in time and Mr. Taft took up his day in High Point Cincinnati on election day, he could not vote.

Later in the day word came from Cincinnati that the whole matter had been put up to Secretary of State Graves of Ohio, and that it was not definitely settled. Today Mr. Taft is wondering what will be the outcome. He is going to Cincinnati anyhow, but he would like to vote if possible.

## MR. WOODARD CONTENTS

New York, Oct. 30.—Attorneys for the government, for the American Tobacco Company, the farmers, independent tobacco manufacturers and all who oppose the proposed plan of dissolution of the American Tobacco Company are here to appear at the hearings this week.

A statement of the government's attitude toward the proposed reorganization filed with the United States as soon as the hearings begin. It is understood that the government may insist on a different division of the ownership of certain brands than is now proposed. The government's attorneys think a different division would be more conducive to competition.

Mr. S. A. Woodard of this city left Saturday night for New York city. He will be joined in Washington by E. J. Justice, of Greensboro. They will proceed to New York, where they go in the interest of the Farmers' Union of North Carolina to represent them in the matter of the reorganization of the American Tobacco Company.

Mr. Woodard will ask that a receiver be appointed for the American Tobacco Company and will contend that no individual stockholder shall hold stock in any of the fourteen proposed companies, except one company. He will ask for a list and statement of preferred stockholders and the number of shares they hold. He has proof that the American Tobacco Company are offering rebates and free goods in some States and are selling at regular prices in others, which they are positively forbidden to do by decree of the Supreme Court of the United States.

He is also prepared to prove that Piedmont cigarettes have been sold outside of Wilson by a jobber to a retailer within the past two weeks at a less price per thousand than they are sold to retailers in Wilson by jobbers.

## Woodrow Wilson Professes Democratic Victory Next Year

Dallas, Tex., Oct. 30.—Gov. Woodrow Wilson of New Jersey on Saturday declared Democratic success in the elections of next year a certainty, described the party as controlled by the real progressives of the country and urged that if the Democrats acted wisely a large part of the progressive Republican vote might be gained.

Governor Wilson's political talk was at a luncheon under the auspices of the Texas State Fair Association.

Early in the day an hour after his arrival, he spoke to several thousand persons at the First Baptist church upon "Life and the Bible." Last night he delivered an address at Fort Worth and returned to Dallas at midnight. He will leave early tomorrow for New Jersey to take the stump in the legislative campaign in progress in that State.

Incidental to his political utterances Governor Wilson discussed currency reform briefly and took issue with the national monetary commission.

## GOVERNMENT FILES ITS PETITION

CLAIMS IT SHOULD HAVE THE RIGHT TO INTERFERE IF PLAN DOES NOT GIVE DESIRED RESULTS.

New York, Oct. 30.—The United States government in its brief filed by Wickersham in the U. S. Court here today combats the proposed reorganization of the tobacco trust. The brief states that the government should be granted permission to intervene at any time within a few years and restrain further workings of the plan providing they do not bring about the conditions desired.

Lewis Case Ledyard, counsel for the tobacco trust opened the argument when court opened.

## NEGRO LYNCHED IN TEXAS.

## DIED WITH BOOTS ON

LEE ELLISON THE AGED NEGRO HACKMAN WHO BOASTS OF THE DISTINCTION

## OF DRIVING ROOSEVELT

(By W. J. Martin.)

Lee Ellison, the aged negro hackman who boasted of the distinction of having driven the carriage in which was President Roosevelt on the occasion of his visit to Raleigh to speak at the State fair, was buried Sunday afternoon. He died "with his boots on," so to express it, in that he fell dead from the driver's seat of his carriage sometime Friday night and his team stood by him until the death was discovered by a passer-by early next morning.

The Wake county jury that heard the case of J. A. Sanders vs Herbert Duss, in which Sanders sued for \$5,000 damages for being struck over the head with a nail puller by Dunn, returned a verdict for Dunn through refusing to allow any damages. The two men quarreled eight years ago and Sanders called Dunn "a liar," the blow with the nail puller resulting. Mr. Sanders represents the National Biscuit Co., and Mr. Dunn is a member of the wholesale firm of Dunn Bros., here.

During the training school for Sunday school teachers and workers held for the four Baptist schools in Raleigh the past week there were sixty-two certificates, twenty-seven seals, twenty-four diplomas and six book seals awarded to those who took the entire course of lectures which were held during the afternoons and evenings daily. There were large numbers of the teachers in the school of other denominations that took part in the course of studies.

The Association that holds the annual State fair for the negroes in North Carolina has elected as officers for the ensuing year: E. E. Bryan, of Tarboro, as president; H. R. Goodson, Clayton, vice-president; J. E. Hamlin, Raleigh, secretary re-elected; M. Watts, Raleigh, treasurer, re-elected.

The Raleigh Marchant's Association has adopted resolutions protesting against the new policy of the State fair management in charging an admission fee of ten cents for the grand stand. Heretofore the grand stand has been free to all. However, in all other fairs throughout the State, with possibly one or two exceptions, fees for the grand stand are charged some of them as high as 25 cents.

## Tropical Storm Hits Lower North Carolina.

Wilmington, N. C., Oct. 30.—The lower North Carolina coast today experienced the effect of the tropical storm reported off the Florida coast during the week.

Late today the pilot boat D. H. Penton of Southport, spoke off the Cape Fear bar the schooner Harry Prescott, Charleston to New York, which reported having passed fifteen miles southeast of Frying Pan lightship and the unknown schooner abandoned and walking in a heavy sea.

The revenue cutter Seminole, at this port, was advised of the report and steamed at once to sea in search of the derelict, expecting to reach her either during the night or early tomorrow.

Both the Prescott and the schooner Collins W. Walton, Charleston to New York with cargoes are reported today off the bar on account of the heavy weather.

## Two White Men Charged With Murder of "Doc" Clayton.

Hendersonville, Oct. 30.—Two arrests of suspects in the "Doc" Clayton murder case were made yesterday. Robert Justus and Frank Sentell, both white, were captured in the neighborhood of the crime by Deputy Sheriff Stroup and Police Officer Maxwell and this morning placed in the Henderson county jail. "Doc" Clayton was found murdered on Peter mountain. His body had been placed in a shallow stream, where it was found by a searching party. The coroner's inquest brought out certain evidence which placed Justus and Sentell under suspicion and the arrests were promptly made. They will be given a preliminary hearing today.

## No One Hurt.

Mr. Fred Swindell left for Waltonsburg this morning to try a case of an affray between Messrs. J. H. Dupree and E. G. Overman which occurred Saturday night. We are glad to learn that neither of the parties were hurt.

The last consistory was held in December, 1907, four cardinals being appointed at that time. Since then many vacancies have occurred in the sacred college by death and now there are 22 seats of the total of 70 unfilled. Since 1907 the intention to hold a consistory has been announced from time to time, but on each occasion the convocation has been postponed for various causes.

The question of the appointment of another American cardinal has been under discussion a number of times. Put on one occasion it was stated that the Pope adhered to his opinion that the United States should not have more than one cardinal during the life of Cardinal Gibbons.

The proposed consistory in November will be the fifth held by Pope Pius X. On the death of Leo XIII there were 64 cardinals. During the last eight years Pius X has created 17 new cardinals, of whom two have died. Thirty of the cardinals who took part in the election of Cardinal Sarlo to be Pope Pius X also have died.

Peking, China, Oct. 30.—The report of an imperialist victory in the vicinity of Hankow which has been received from the minister of war, Gen. Yin Thang, has revived the drooping spirits of the administration. Additional comfort has been found in the conclusion of a loan agreement which has just been arranged with a Belgian connection. The loan is for \$18,000,000, the price being 96, with 6 per cent commission.

Panic prevails at Peking. Both Manchu garrison intends to begin massacre here and are placing their valuables in foreign banks and with legatives.

## Selection of Jury.

Los Angeles, Cal., Oct. 30.—Strong possibility of an appeal for a change of judge marked the close of Saturday of the third week of the McNamara murder trial which ended in a general snarl. One such demand already has been refused by Judge Walter Bordwell, the refusal being backed by an affidavit from Judge George H. Hutton, presiding Judge of the twelve departments of the Superior court of Los Angeles county, certifying the impartiality of Judge Bordwell.

A further appeal, if made, would be based to a great extent, it is known, upon two rulings made Saturday by Judge Bordwell, in which he denied challenges by the defense against A. C. Winter and Walter N. Frampton as jurors. Both were challenged for bias.

"We don't want Frampton or Winter on that jury because they are not fair minded men," cried Attorney Joseph Scott for the defense. "We want them off, no matter whether the challenge is on the ground that appears beneficial under other circumstances or not."
