WILSON, N. C.

HELP FOR THE POOR

The associated charities acknowledge with thanks bundles of clothing from the following: Mrs. Bethea, Mrs. C. A. Thompson, Mrs. Hales, Mrs. McNair, Mrs. S. J. Borden, Miss Annie Farmer, Mrs. J. Stallings, Mrs. H. Walls, Mrs. Mary Ward, Mrs. W. W. Tomlinson, Mrs. K. C. Moore.

While the present emergency has been more than met by these good folks yet we feel that since this is house cleaning time many other women of the town may be in position to give bundles. Heretofore we have had no place to store things and hence made frequent calls to meet emergencies. Now we have gotten a room at the county home where these things can be stored and used when needed. If we can get an abundance of things we feel that about two calls a year will be sufficient, one in the spring and one in the fall. We understand that most housekeepers will likely give us winter things in the spring and summer things in the fall but we are prepared to handle that since we have a storage room.

We have need for anything that can be used in any way even though it may be useless to you. Clothing of all kinds, for babies, boys and girls, men and women; hats and caps, underwear, outer clothing, shoes and stockings, clean white goods that can be used for rags and bandages in the sick room, bed clothing, etc. In fact there are few things that go into a home that we cannot use.

All you have to do is to call Mrs. Barrett at 311-J or 130, or Mr. Leonard at 258 or 905, giving your name and house number. If you do not want to be disturbed place the bundle on the front porch and it will be gotten the day you say. We hope this can be completed within a week, but we are willing to pick up bundles at any time.

If there are stores in town that would like to give bundles of winter clothing or faded and window soiled garments we would appreciate the gift.

Signed:
MRS. J. E. BARRETT.
SAMUEL E. LEONARD.

HAVE RECOVERED.

We are pleased to learn that the children of Mr. F. J. Roberts, who have been ill with the measles, are out again.

THE SCHOOL OF METHODS IS PROGRESSING.

The School of Methods began yesterday at the First Christian Church. There are quite a number of delegates from out of town. The organization of the school has been perfected and each of the teachers began their instruction.

Yesterday the burden of the work was for the young people and the members of the faculty who has this in charge is Miss Cynthia Pearl Maus. Speakers for the week are Mr. Chas. Darcie, Dr. E. B. Quick, Miss Irvin and Miss Cynthia Pearl Maus. All of these are trained Sunday School workers and have programs of interest to offer the Wilson people.

RAID DISTILLERY PLANT.

Sheriff Howard and Deputy John D. Mercer raided an illicit distillery plant Saturday in Old Field township. The still was of iron with a copper cap. There was evidence that the still had been operated but recently had been removed from its place of operation.

SHIP WRECK OFF THE COAST OF TEXAS

Beaumont, Texas, April 13.—The *Beaumont* Line steamship *Col. Bowe*

with 22 men aboard foundered in the Gulf of Mexico Monday night according to wireless advices received today. Three men were brought up by British steamship *Cissy*. Nineteen men are still missing.

THE DRAMATIC CLUB HOLDS MEETING

The Dramatic club in session last night completed business of formal organization accepting its recently formed constitution. Parts were assigned for the festival to be given early in May. This will be an outdoor affair, and promises to be a lovely event.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly and should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

TOURING EUROPE IS A CHANGED PROPOSITION

Paris, April 9.—American tourists who visit Europe in the coming season will find it generally much changed over last year, greatly recovered from the effects of the war and prepared to give almost normal accommodation in hotels, transportation and luxury in food.

The prices will be, with the advantage of exchange with American money, about the same as in America. The chief increase over the pre-war costs of touring Europe will be that of ocean transit, with some increase in rail transportation. Persons able to travel de luxe will find their expenses about on a par with the cost of living at the better class hotels in America.

The chief points of interest to tourists are expected to be the battlefields, and for this persons will find the roads, in France especially, in better conditions even than before the war. The railway trains are running on time and are rapidly approaching normal.

The fee for passport visas for Americans in most countries is \$10 and the number of visas for touring remains about the same as during the war, but the French government has just lessened somewhat the severity of its restrictions. The French will no longer require a card of identity for a tourist remaining in the country less than two months. The requirement for a prefecture of police visa for leaving France has been removed.

The passport requirements of the various nations on the continent are said by recent travelers to be much less trying than last year—hardly more so than customs formalities of most countries, including the United States. It is desirable, however, for travelers to provide sufficient passport photographs, for the countries requiring them for the visa applications.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E. W. GROVE'S signature on box. 30c.

GERMANS GO TO SOUTH AMERICA INSTEAD OF MEXICO

Mexico City, April 9.—German immigration to Mexico has so decreased that not more than 600 have entered this country since the end of the war. German officials have urged their countrymen not to migrate here at present but rather to avail themselves of the facilities offered for settlement in the South American republics of Argentina, Uruguay and Paraguay. Information to this effect was given at the German embassy following inquiries as to newspaper reports here that an official request had been made in behalf of Germans for a concession of about 70,000 acres of land in Coahuila.

Denial was made that the Coahuila concession in question pertains to German citizens, counsellor Fuhr asserting that the request was made by naturalized Germans in the United States, principally from Texas, who wished to form a colony near Las Vacas, Coahuila, and desert their American homes.

A SCHEME FOR SURPRISE TESTS FOR ATHLETES

Chicago, Ill., April 9.—Director of Athletics Dana M. Evans of Northwestern University is working out a new plan of physical examination of candidates for varsity football and other exceptionally fast and hard sports which, medical authorities believe, will mean a substantial step forward in the general program of physical supervision of American college sports. The plan will be put into effect next session if approved by the faculty athletics committee.

The plan embraces a scheme for surprise tests for athletes and for the average boy and girl more frequent physical tests. It will include the following: Examination of the heart, kidneys, lungs and the taking of the blood

pressure at various periods, none to be at established intervals.

NASH AND EDGEcombe WANT VALUATION REDUCTION

Rocky Mount, April 9.—Reductions in real property values ranging from a flat 50 per cent decrease on farm property down to a 20 per cent cut on values in this city will be recommended to the state tax commission by the Nash and Edgecombe county boards of commissioners, according to a decision reached at a joint meeting of the two boards held here last night.

The specific resolution adopted by the meeting provides that the two boards separately shall recommend to the state commission a reduction of 50 per cent in the valuation of farm property, 20 per cent for property in Rocky Mount and 25 per cent for property in all other incorporated towns of the two counties. These recommendations were adopted by the boards after they had given careful consideration to the complaints and petitions presented them at their separate meetings at Nashville and Tarboro Monday.

UNDER DEATH SENTENCE VAUGHN KILLS HIMSELF

Tampa, Fla., April 9.—Thurston U. Vaughn, arrested here a few days ago for the authorities at Columbia, S. C., committed suicide in the murderer's cell at the Hillsborough county jail here last night. He slashed his throat with a razor, almost severing his head from his body.

This successful attempt at suicide by Vaughn was the fourth attempt since his arrest Monday at Tampa City where he was assistant principal in a public school and going under the name of T. A. Earl. The man had not admitted that he was Vaughn, but his wife is alleged to have stated to officers here, after the arrest, that her husband was Thurston Vaughn.

Vaughn was former superintendent of the Odd Fellows' State Orphanage at Greenville, S. C. In 1912 he was convicted of the charge of assaulting four young girl inmates of the orphanage. He was sentenced to die December 20, 1912, but before that date apparently became insane and was committed to the State Insane asylum for observation. He remained there until his escape September 15, 1919. The woman who was with him here is said to have been a nurse in the asylum. They came here several months ago and were married in this city.

Quick and delightful relief for biliousness, colds, constipation, headaches, and stomach, liver and blood troubles.

The genuine are sold only in 35c packages. Avoid imitations.

NORFOLK TARS PLAN A WINNING TEAM

Norfolk, Va., April 9.—Jack Warhop, the diminutive Indian who pitched winning baseball seven years for the New York Yankees and who will manage the Norfolk Tars for the coming season, arrived on the scene early in the week and brought with him about twenty young athletes who will undertake the task of making the 1921 cruise of the *Mary Jane* one long to be remembered.

The turbulent and disastrous cruise of 1920, when no less than three master pilots fell down on the job of steering clear of the rocks and shoals, has not been forgotten by Owner C. M. Barry, and this year he is leaving no stone unturned in his efforts to secure a winning combination to represent Norfolk in the annual pennant chase. In selecting Warhop to manage affairs for him he has, in the minds of local fans finally shown that baseball sagacity with which he has always been accredited.

Jack has started off well by engaging the niftiest looking bunch of rookies it has been our pleasure to look over in many seasons—no less than thirty of them showing up for tryouts—the majority of whom are embryonic, of course, in stardom, but in the main showing the earmarks of becoming real. Pitchers—Warhop (manager),

Lou Stanley, Terhune, Mitchell, Chant Parks, Dobbins, Kilne and Mason.

Catchers—Holloman, Leddy, Conant, Bannan, Clarke, Owens, Engelbert and Charley.

Infielders—Henges, Mondie, Wagner, Viskocil, Murphy, Yoder, Agnew and Flemming.

Outfielders—Joe Kelly, Eddie Burk, Joe Kane, Dick Sentelle, Chas. Murphy and John Herzog.

In the early workouts the work of Catcher Bannan, Outfielders Herzog and Kelly, and Infielders Viskocil, Henges and Mondie has greatly impressed all who have seen them in action.

It was originally planned to open the season in the Tars' new home but unsettled building and other conditions has made this fact impossible, but local fandom is promised new quarters of appropriate proportions before the season is over and in the meantime many repairs have been made on the old plant that will make it more acceptable to patrons and players.

During the winter months baseball has been on the boom in Norfolk. Three amateur leagues of eight clubs each have sprung up, and there are one or more professionals on each club—men who have played and are capable of playing real baseball—and it is believed by many that this opposition will prove to be the tonic needed here for several years. Horace Volmer, a local sport writer, and Robert Doyle, business manager of the Tars, are greatly responsible for the success of this movement.

Colds Cause Urip and Influenza. LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

WILSON TIED SCORE TORONTO

The Local Team Is Showing Up in Splendid Form.

Yesterday afternoon at 4 p. m. at the Wilson league park the first game of the 1921 season was played by the Wilson team against the strong aggregation from Toronto of the International league. The weather was the most disagreeable feature of the afternoon and not until the very last moment was it at all certain that a performance of any kind could be assured. Even then the grounds were wet, and Old Man Jupiter continued to threaten throughout the first seven and a half innings, and then He took his turn at bat and scored a home run. He hit so hard that the other game had to be called reverting to the seventh inning when the score stood 2-2, and Wilson had tied one of the best minor league clubs in the country for its first exhibition of the season.

A great many things could be said of yesterday's game and many need to be said that will have to be left out due to lack of space. But the fan who braved the weather in order to see the Bugs in their first battle was more than repaid for his trouble. It was really a very creditable performance and gives much promise for the future of the Wilson team. Clark has a hustling bunch of youngsters, such a hustling bunch that the Toronto news scribe attributes to us the very best organization the Toronto team has come in touch with this season. The thing that really is impressive from the local viewpoint is the fact that every man on the team is hustling every minute of the time, and it is the hustling ball team that wins ball games.

The field was hardly in condition to be played upon and yet the character of baseball displayed was worthy of the very best ground imaginable. The fielding was snappy, the pitching very effective and the few hits gathered by either club were of the hair raising variety. For Toronto the playing of Matthews, Davis and Onslow featured, and in particular did the catch of Davis off the bat of Rasty Walters bring the stands to their feet. Lindy's catch of a hard hit drive, Kost's one hand stab of a long hit fly, the fielding of Walker and Walters, and the hitting of Kost, Walker and Duffy featured. Kost looks good, even better than last year, while the playing of Walker at short would easily brand him a star. The pitching was of a very high order on both sides. Quinn allowed but one scratch hit during his four innings on the mound and allowed no runs; hits off Joliff 3 during 2 innings, and 2 runs; 2 hits and 1 run off Shepherd during his 1 2-3 innings, but the rain sliced off the run that was chalked against him. This man Shepherd looks good and should develop into one of Clark's main stays in the box.

Box Score:		Ab. R. H. PO. A. E.				
Mathews cf	4	1	2	1	0	0
Davis ss	3	0	1	3	3	0
Onslow lb	3	0	0	9	0	0

VAUGHN'S BODY HELD IN TAMPA FOR PRESENT

Tampa, Fla., April 9.—"We do not know what disposition will be made of U. T. Vaughn who committed suicide in the county jail last night" said Will C. Spencer the county sheriff.

"South Carolina officials coming here for the man are believed to be en route here from Tallahassee where they went for authority to remove Vaughn from Florida.

Vaughn was convicted in 1912 on charge of attacking four girl orphan inmates of the Odd Fellows Home and sentenced to die December 12. His execution was stayed on appeals and he was committed to the state insane asylum where he remained until his escape recently.

NOTE FOR SCHOOL BONDS.

Elizabeth City, April 9.—Elizabeth City voted a school bond issue of \$400,000 yesterday by an overwhelming majority, with a total registration of 1,033. The vote was 732 for bonds and 58 against bonds.

EXPERTS ARRIVE TO CONDUCT SCHOOL OF METHODS

Local Sunday School officers, teachers, preachers and others from Christian churches from as far away as a hundred miles will "Go to School" for five days beginning Monday afternoon at the First Christian church. The occasion is a School of Methods to be conducted by a team of experts, consisting of Miss Cynthia Pearl Maus, National Young People's Superintendent, Miss Ida May Irvin, Elementary Specialist, Mr. Charles Darsie, National Adult Superintendent and Director of Teacher Training and Mr. E. B. Quick, Regional Sec'y. of Religious Education, Dean of the School. The School will convene at 3:45 P. M. and continue without interruption, with the exception of an hour and fifteen minutes (6:00 7:15) for the evening meal until 9:30 each day.

"The School of Methods is a college of religious education on wheels" Miss Maus states. (Incidentally she spends from nine to ten months of each year in Schools of this type). "They bring within reach of Sunday School teachers and officers a complete and full-rounded viewpoint concerning the whole task of the church as a Christian educational institution. It puts every teacher and officer in touch with better methods and materials with which to increase the efficiency of the Sunday School, and thus makes for "Better Bible Schools."

The First Christian Church, under whose auspices the local School is being held cordially invites the Sunday School teachers and officers of all Protestant Communions to enroll and enjoy with them the feast of good things that is to be offered next week.

Sunday's program at the First Christian Church will be as follows: In the Bible School "Visitation Day" will be observed. Visiting delegates from neighboring schools will fill out questionnaires which will be used in the conference on Bible School work to be held at 3 p. m. Mr. Charles Darsie will preach at the morning service hour and Mr. E. B. Quick will deliver a special address for young people at the evening service hour. Subject, "The Tree That Would

Not Die." During the day members of the faculty will visit local churches to make announcement of the School of Methods. In the morning Mr. Quick will speak at Wilbanks Mission Bible School.

RETURN OF THE SOLDIER DEAD.

Work in the actual exhumation of bodies of the soldier dead interred in the Suresnes Cemetery, Belleau Wood Cemetery, and the Argonne Cemetery will begin after May 1 next. Only those bodies from these cemeteries will be removed to this country where requests for their return have been filed with the Cemetery Division, Office of the Quartermaster General of the Army, Washington, D. C. These cemeteries, together with the Flanders Field Cemetery at Bony, Department of the Aisne, have been designated as permanent American cemeteries for the interment of the dead not to be returned to this country. This will in no way affect the previous requests of relatives for the return of remains to this country either for private burial or burial in national cemeteries.

Major General H. L. Rogers, The Quartermaster General, announced today:

"Preparations are now being made to begin work in early summer. The necessary supplies and labor are being concentrated near these cemeteries, and the Department expects the work to be greatly expedited when exhumations begin. The relatives of the American soldier dead have been very patient in waiting for the return of the remains of their loved ones. The War Department has sought at all times to acquaint them with the magnitude of the task as well as the many difficult and unforeseen obstacles that were and are being confronted in this task."

BUSINESS BETTER AT MOREHEAD CITY.

New Bern, April 9.—According to word from Morehead City the local chamber of commerce has been reorganized and has adopted many interesting projects for this year's program.

Morehead City is recovering rapidly from the business slump that followed the world war, and with the renewed activity of the chamber and business interests conditions are rapidly growing better in spite of the lack of fish this season. The soft crab season has opened but the supply is not great, and the crabs are small. The demand is fine, however, and a good return is sure to the fishermen.

APPRECIATION FROM FIREMEN.

The members of the Wilson Fire Department wish to thank their friends for their able assistance rendered at the Wilson Tobacco Company's fire Saturday night. The services rendered in moving the hose and helping in general were most beneficial and the Fire Department certainly appreciated the help of all.

The Department especially desires to thank the Rocky Mount Department for sending J. W. Thurman, Bud Rawls, Frank Collins, John Sorsby, A. M. Utley, Arthur Nelson, J. L. Hales for relief work, and their assistance was most useful and beneficial. The Rocky Mount Department was very insistent on bringing their truck over, and kept their entire department in readiness all night to come to our assistance if necessary. This spirit and the help rendered by the Rocky Mount Department is certainly commendable and most highly appreciated, and in turn our department pledges our help and assistance any time it may be needed.

A. L. LANCASTER, Chief.
A. A. RUFFIN Secy.

MISS TUTTLE HERE.

Miss M. Emeth Tuttle, the new State Investigator for the Children's Home Society of Greensboro has just completed her work of investigation in Wilson County. Miss Tuttle is visiting all the homes where children have been received, looking after their welfare and making any suggestions she can. If she finds a child in the wrong environment she removes the child. She found the children well cared for in this county.

Wilson county has sent about ten children to the home and has received about that number. Children are rescued from the most awful circumstances in many instances, taken to the home for a few months and then placed in homes where they will receive the parental love that is due them. There have been 1,500 children placed by this society in the 17 years of its existence.

The home is not a state institution and receives no aid from the state. It depends entirely for its support on private subscriptions and appropriations. All counties in the state are asked to appropriate small amounts. On last Monday Miss Tuttle went before the board of County Commissioners and presented the cause and the county gave \$100.00.
